REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Participants and the Administrative Committee of
Fresenius Medical Care North America 401(k) Savings Plan:

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Fresenius Medical Care North America 401(k) Savings Plan (the “Plan”) as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes and schedules (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on these financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purposes of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 has been subjected to audit procedures performed in conjunction with the audit of Fresenius Medical Care North America 401(k) Savings Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Fresenius Medical Care North America 401(k) Savings Plan's auditor since 1999.

FRESENIUS MEDICAL CARE NORTH AMERICA 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

Organization - Fresenius Medical Care North America 401(k) Savings Plan (the "Plan") is sponsored by National Medical Care, Inc. d/b/a Fresenius Medical Care North America ("NMC" and, together with certain entities owned, controlled or under common control with NMC, the "Company") for the benefit of the employees of the Company. NMC is an indirect, wholly owned subsidiary of Fresenius Medical Care AG, a German stock corporation ("Fresenius Medical Care AG"), formerly called Fresenius Medical Care AG & Co. KGaA. The Company is a provider of dialysis products and services.

The administration of the Plan is the responsibility of the Administrative Committee, which is appointed by NMC's Board of Directors. Fidelity Management Trust Company ("Fidelity") serves as the trustee and recordkeeper of the Plan.

The following description of the Plan provides only general information. Special provisions may apply for certain participants who joined the Plan pursuant to Company acquisitions. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of the Company who have fulfilled the eligibility requirements outlined in the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). A summary description of the Plan is available from the Plan administrator.

Eligibility - An employee becomes eligible for participation in the Plan on the first day of the month following the completion of ninety days of service, subject to further limitations, as described in the Plan document. Temporary employees become eligible to make elective contributions beginning the first of the month after completing one year of service. One year of eligible service is earned by completing at least 900 hours of service.

Participant Accounts - Each participant's account is credited or charged with contributions, investment income or loss, and administrative expenses. Investment income or loss, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is equal to the value of the Participant's vested interest in their account.

Participant and Company Contributions - Each participant may contribute from 1% to 75% of his or her eligible earnings on a pre-tax basis or Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participating employees age 50 and above may elect to make "catch-up" contributions subject to IRC limitations. The maximum additional "Catch Up" contribution was $7,500 for 2025. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements.

The Company makes matching contributions to the Plan at an amount equal to 50% of the first 6% of eligible employee earnings, subject to certain limitations. Company matching contributions commence for participants who have completed ninety days of service as of the first day of the calendar month and must be an eligible employee on the last day of the Plan year. Company matching contributions are funded on an annual basis.

Company Profit Sharing - The Company may make discretionary profit-sharing contributions to the Plan for the benefit of all eligible participants. Employees who have completed ninety days of service for the plan year for which the contribution relates and are employed by the Company on the last day of the plan year for which the contribution relates are eligible to participate in this component of the Plan. Any discretionary profit-sharing contributions are immediately 100% vested and are allocated to eligible participants based on compensation, with participants having ten years or more of service as of January 1, 2002, entitled to a higher profit-sharing allocation. There was no profit-sharing contribution made to the Plan in 2025.

Forfeitures and Uncashed Account Checks - At December 31, 2025 and 2024, forfeited account balances, which includes uncashed account checks, totaled $5,311,708 and $5,697,165, respectively. Forfeitures are used to reduce Company contributions and/or offset administrative expenses in the Plan. In January 2026, the Company used $2,200,754 of the forfeiture account balance to reduce Company matching contributions for 2025 that were funded in 2026. In January 2025, the Company used $2,660,421 of the forfeiture account balance to reduce Company matching contributions in 2024 that were funded in 2025.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (continued)

Unallocated Assets - The Plan holds assets in a revenue credit account which receives deposits as a result of a revenue sharing agreement with Fidelity Management Trust Company. During 2025, deposits to the account totaled $727,898, which is included in net appreciation in value of investments on the statement of changes in net assets available for benefits. Funds in the account are used to pay ERISA-qualified expenses and/or allocated to participant accounts. For the year ended December 31, 2025, $1,897,685 was used to pay plan expenses. Unallocated assets were $3,117,263 and $4,167,887 at December 31, 2025 and 2024, respectively.

Defined Contribution - The Company may elect to make payments to the Plan referred to as a “defined contribution” for the benefit of all eligible participants. Employees satisfying all of the following requirements are eligible to participate in this component of the Plan: (i) the employee was employed by the Company as of March 9, 2002; (ii) the employee was a participant in the Fresenius Medical Care North America Retirement Plan (“Pension Plan”) on March 9, 2002, and (iii) the employee had completed ten years of benefit service as of March 9, 2002. Employees eligible to participate will only receive a defined contribution allocation for a given plan year after the completion of 15 years of benefit service as long as the employee is employed by the Company on the last day of the plan year for which the contribution relates. Eligible participants are immediately 100% vested in such contributions. The amount of the defined contribution for each eligible participant is actuarially determined and is principally based on the participant’s length of service, level of compensation, projected benefit from the Pension Plan, and the projected benefit from the profit-sharing component of this Plan. Certain actuarial assumptions related to annual compensation percentage increases, annual investment returns and anticipated profit-sharing funding levels are made in determining the defined contribution funding amounts. The amount of the defined contribution for the year ended December 31, 2025 was $320,968, and is presented on the accompanying statement of changes in net assets available for benefits.

Vesting - Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon, Company profit sharing contributions, and defined contributions. Participants become 100% vested in the Company’s contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Participants terminated prior to January 1, 2007 vest in the employer matching contributions according to the vesting schedule in effect at the time of termination. Otherwise, a participant’s interest in the Company’s matching contributions and earnings thereon vests according to the following schedule:

Period of Service	Percentage Vested
Less than 1 year	0 %
1 but less than 2 years	20 %
2 but less than 3 years	40 %
3 but less than 4 years	60 %
4 but less than 5 years	80 %
5 years or more	100 %

Distributions - At termination of employment or the date of disability, the participant is entitled to withdraw his or her vested account balance from the Plan. Any remaining unpaid loan balances at termination of employment are treated as distributions. Terminated employees with account balances of less than $5,000 must withdraw their account balances from the Plan. Terminated employees with participant account balances greater than $5,000 may elect to defer receiving distributions from the Plan until age 73. In certain instances, prior to termination, participants who suffer hardship may (subject to approval by the Administrative Committee and in compliance with ERISA) request a withdrawal from their account balance. In addition, plan participants are eligible to take in service distributions upon attainment of age 59 ½. In the event of a participant’s death, the participant’s vested account balance shall be distributed as soon as practicable thereafter to his or her beneficiary.

Plan Termination - Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared using the accrual method of accounting under accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments - Investments are reported at fair value (except for fully benefit-responsive contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 5 for discussion of fair value measurements.

As required under U.S. GAAP, the Plan's investment in a stable value separate account with underlying investments in fully benefit-responsive investment contracts is presented in the statements of net assets available for benefits at contract value. The statement of changes in net assets available for benefits with respect to such contracts is also presented on a contract value basis. Contract value represents contributions made, plus earnings, less participant withdrawals and is the relative measurement attributable to a fully benefit-responsive investment contract because contract value is the amount participants would ordinarily receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their vested accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than two loans may be outstanding at any time. No allowance for credit losses has been recorded as of December 31, 2025 and December 31, 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain administrative costs of the Plan are paid by the Company. In addition, certain investment-related administrative expenses are reflected as a reduction in net appreciation (depreciation) in value of investments and are not readily determinable.

Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

4. STABLE VALUE SEPARATE ACCOUNTS

The Plan provided a stable value separate account option to participants, referred to as the "MassMutual Stable Value Separate Account", consisting of an investment in an underlying guaranteed investment contract. This investment option is designed to provide a guaranteed rate of return with crediting interest rates that reset on a quarterly basis. The crediting interest rates were 0.51% and 3.70% at December 31, 2025 and 2024, respectively. The Plan has entered into a group annuity contract with Massachusetts Mutual Life Insurance Company ("MassMutual"), whereby deposits made by the Plan to the contract are maintained in an account separate from MassMutual's general investment account thereby insulating the account from liability arising out of other business activities conducted by MassMutual. The separate account invests in a diversified portfolio of fixed income securities, including corporate, mortgage backed, and government and agency bonds and may include derivative instruments. At December 31, 2025, the contract value of the Plan's investment in the contract was $0. At December 31, 2024, the contract value of the Plan's investment in the contract was $980,609,332.

Starting in 2025, the Plan provides a stable value separate account option to participants, referred to as the "Fresenius Stable Value Fund" and a stable value separate account option offered as an underlying investment within the target date retirement funds, referred to as the "Fresenius T. Rowe Price Income Fund Administrative Pool", consisting of investments in underlying guaranteed investment contracts. These investment options are designed to provide a guaranteed rate of return with crediting interest rates that reset on a quarterly basis. The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0 percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting. The Plan has entered into a group annuity contract with T. Rowe Price ("T. Rowe"), whereby deposits made by the Plan to the contract are maintained in an account separate from T. Rowe's general investment account thereby insulating the account from liability arising out of other business activities conducted by T. Rowe. The separate accounts invest in a diversified portfolio of fixed income securities, including corporate, mortgage backed, and government and agency bonds and may include derivative instruments. At December 31, 2025, the contract value of the Plan's investment in the contracts was $945,584,172.

The underlying guaranteed investment contracts held in the stable value separate accounts are synthetic guaranteed investment contracts, whereby the Plan invests in a separate account holding a diversified portfolio of fixed income securities that is supported by benefit-responsive wrap contracts and is reported at contract value. Further, the stable value separate accounts are both considered fully benefit-responsive whereby participants are permitted to make withdrawals at contract value for benefit payments, loans or transfers to other investment options.

If one of the following conditions was present it would limit the Plan's ability to conduct transactions at contract value.

1) Complete or partial termination of the Plan as notified by the Contractholder/Plan sponsor,
2) Complete or partial termination of the Separate Account Guaranteed Investment Contract (SAGIC), as notified by the Contractholder/Plan sponsor,
3) Determination by IRS that the Plan no longer meets Code Section 401(a),
4) Breach of the SAGIC Contract by the Contractholder with inability to cure within 15 business days of breach.
5) Market Value Event withdrawals, including but not limited to:

- Plan's establishment, activation or material change to a Plan investment fund; change in regulation that will have a material adverse financial effect on MassMutual in the context of the SAGIC Agreement,
- Removal or transfer of a group of employees from the Plan due to layoff, merger, early retirement package, sale or discontinuance of all or any part of the Plan sponsor's or Affiliated Employer's business, etc.
- Employer directed transfer of assets from the SAGIC to any other fund.

None of the above conditions were present as of December 31, 2025.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

5. FAIR VALUE MEASUREMENTS

Under U.S. GAAP, fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established under U.S. GAAP that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 Observable inputs based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs for assets or liabilities, other than quoted prices included in Level 1, which are either directly or indirectly observable as of the measurement date. Inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and inputs derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Unobservable inputs where there is little or no market activity for the assets or liabilities. These inputs reflect Plan management's assumptions of the data market participants would use in pricing an asset or liability, based on the best information available in the circumstances.

Following is a description of the valuation methodologies used for Plan assets measured at fair value at December 31, 2025 and 2024.

Fresenius Medical Care AG shares - The Plan's investment in American Depositary Receipts (ADRs) representing shares of Fresenius Medical Care AG (the parent company of the Plan sponsor), which trade on the New York Stock Exchange, is valued at the ADR's closing price on the last business day of the Plan year.

Mutual Funds - Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of the shares held by the Plan at year end.

Self-Directed Brokerage Accounts - Included in the self-directed brokerage accounts account are primarily common stocks, mutual funds, and corporate bonds. Common stocks are valued at end of year using quoted prices on the market on which the individual securities are traded. Certain corporate bonds are valued at the closing price on the market on which the bonds are traded. Corporate bonds traded in the over-the-counter market are valued at the average of the last reported bid and asked prices.

Interest-bearing Cash – This investment is valued at historical cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may at any time borrow up to 50% (but not more than $50,000) of their vested account balances with a minimum loan amount of $500. Such loans are secured by the participants' account balances. The loans bear a reasonable rate of interest ranging from 4.25% to 10.75% per annum as of December 31, 2025 and 2024, and generally must be repaid in equal payments in five years or less. A longer repayment period may be allowed for loans granted to purchase a primary residence. In addition, participants borrow from their vested account balance. Plan participants are a party in interest and these transactions are exempt from the prohibited transaction rules.

7. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in collective investment funds offered and managed by BlackRock Institutional Trust Company N.A. (“BlackRock”). Blackrock is a custodian of certain of the Plan’s investments and, therefore, these transactions qualify as party in interest transactions. Blackrock charged the Plan investment management fees of $233,531 for the year ended December 31, 2025. As of December 31, 2025, $54,663 was payable to Blackrock.

Fidelity charged the plan recordkeeping fees of $1,286,398 for the year ended December 31, 2025, of which $302,595 and $604,723 was payable as of December 31, 2025 and 2024, respectively, and is included in accrued administrative expenses on the accompanying statements of net assets available for benefits.

Morgan Stanley charged the plan administrative fees of $170,000 for the year ended December 31, 2025, of which $42,500 was payable as of December 31, 2025 and is included in accrued administrative expenses on the accompanying statements of net assets available for benefits.

The Plan invests in shares of Fresenius Medical Care AG, the parent company of the Plan Sponsor. Transactions in such investments are considered party-in-interest transactions as defined by ERISA but are exempt from the prohibited transaction rules.

8. TAX STATUS OF THE PLAN

The Internal Revenue Service, by letter dated April 30, 2015, determined that the Plan constitutes a qualified trust under Section 401(a) of the Internal Revenue Code (the “Code”) and is, therefore, considered to be exempt from Federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the tax authorities; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

9. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of collective investment funds, stable value separate account, mutual funds and shares of Fresenius Medical Care AG (see Note 3), the parent company of the Plan Sponsor. Additionally, Plan participants can invest in a wide array of securities through a plan level brokerage account. Such investments are exposed to various risks, such as interest rate, market, and credit risks. Due to such risks, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

The Company and the Plan have performed an evaluation of events subsequent to June 29, 2026, and determined that no significant subsequent events have occurred requiring adjustments to the financial statements or disclosures.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Fresenius Medical Care North America 401(k) Savings Plan:

Opinion

We have audited the financial statements of the Fresenius Medical Care North America 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control–related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Part IV - Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Part IV - Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
