Independent Auditor's Report

Trustees and Participants
Van Diest Supply Co. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Van Diest Supply Co. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of Van Diest Supply Co. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of Van Diest Supply Co. (the Company). The Plan covers employees who have completed 3 months of service with employees eligible to enter the Plan on January 1, April 1, July 1 or October 1 after eligibility requirements have been met. Participants may change their deferral rate on a monthly basis. Van Diest Supply Co. determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees. The Plan is subject to the current provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the applicable current Internal Revenue Code (IRC) provisions.

Eligible employees are requested to complete an enrollment form which determines their savings rate and investment elections. Failure to complete this enrollment form results in the eligible employee being automatically enrolled with a 6% employee contribution effective the first plan entry date after meeting eligibility requirements. Employees who are not enrolled or who have elected to defer 0% will be reenrolled each April 1 unless a specific election is made.

Contributions and investment options: Employees who are eligible to participate in the Plan can make elective pre-tax and Roth deferral contributions from 1% to 100% of compensation up to the maximum allowed under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company will match up to 50% of the first 6% of employee contributions on the last day of each plan year quarter for any active participant employed on that date and for any participant who was an active member at any time during the plan year quarter who retired, became totally disabled or died. Participants direct the investment of both their contributions and Company contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of: (a) the Company's matching contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on continuous years of service. These contributions become 20% vested after two years of credited service, as defined, and continue to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

Forfeited accounts: At December 31, 2025 and 2024, forfeitures for nonvested account balances totaled $3,030 and $1,276, respectively. These forfeitures may be used first to pay administrative expenses and then may be used to reduce future Company contributions. During the year ended December 31, 2025, there was approximately $76,437 in aggregate forfeitures of nonvested account balances that were used to pay administrative expenses and reduce employer contributions.

Note 1. Plan Description (Continued)

Payment of benefits: Participants or their beneficiaries are eligible for benefits upon retirement, termination, death or hardship. A participant may, if the value of the participant's vested balance is $5,000 or less, roll over the amount into another qualified plan or receive a lump-sum payment. If the vested balance is $5,000 or more, the participant may elect to roll over the amount into another qualified plan, receive a lump-sum payment or an annuity.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 23, 2026, which is the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are therefore excluded from these financial statements. Administrative expenses include fees related to administration of certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Note 4. Information Certified and Provided by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodians

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution:

	December 31	
	2025	2024
Investments at fair value:		
Pooled separate accounts	$ 23,902,147	$ 22,926,512
Common collective trusts	32,146,080	25,413,895
Mutual funds	3,147,956	5,182,533
Guaranteed five-year interest accounts	191,135	453,978

Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company also certified to the completeness and accuracy of $64,307 of interest and dividend income on investments and $6,728,751 of net appreciation in fair value of investments for the year ended December 31, 2025.

Note 5. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification (ASC), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described below:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
Description	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	$ 3,147,956	$ 3,147,956	$ -	$ -
Guaranteed interest accounts	191,135	-	-	191,135
Total assets in fair value hierarchy	3,339,091	$ 3,147,956	$ -	$ 191,135
Investments measured at net asset value*:				
Pooled separate accounts	23,902,147			
Common collective trusts	32,146,080			
Total investments, at fair value	$ 59,387,318			

	2024			
Description	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	$ 5,182,533	$ 5,182,533	$ -	$ -
Guaranteed interest accounts	453,978	-	-	453,978
Total assets in fair value hierarchy	5,636,511	$ 5,182,533	$	$ 453,978
Investments measured at net asset value*:				
Pooled separate accounts	22,926,512			
Common collective trusts	25,413,895			
Total investments, at fair value	$ 53,976,918			

*In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value Measurements (Continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs:

	2025				
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed interest accounts	$ 191,135	Discounted cash flow	Credit interest rates	0.75% - 0.76%	0.76%

	2024				
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed interest accounts	$ 453,978	Discounted cash flow	Credit interest rates	0.75% - 1.60%	1.13%

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2025, compared to December 31, 2024.

The following table presents changes in assets classified in Level 3 of the fair value hierarchy during the year ended December 31, 2025, attributed to the following:

	Guaranteed Interest Accounts
Purchases	$ -
Issues	271,639
Transfers into Level 3	-
Transfers out of Level 3	-

Guaranteed interest accounts: These accounts represent investment contracts with Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity (some investments allow withdrawals without penalty for death, disability, termination or retirement). The fair value is determined by comparing current market interest rates to the interest rate on the account and adjusting for the number of years until the maturity date. The fair value of guaranteed five-year interest accounts is classified within Level 3 of the valuation hierarchy.

Note 5. Fair Value Measurements (Continued)

Pooled separate accounts: Pooled separate accounts (other than the Principal U.S. Property Separate Account) invest primarily in domestic and international stocks, commercial paper and single mutual funds. The U.S. Property Separate Account invests primarily in commercial real estate and includes mortgage loans which are backed by the associated properties. The net asset value is used as a practical expedient to determine fair value for these accounts. Each pooled separate account provides for redemptions by the Plan at the reported net asset values per share, with little to no advance notice requirement.

Common collective trusts: Common collective trusts invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each collective investment trust account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement. Investment measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using net asset value per share as a practical expedient of December 31, 2025 and 2024:

Investment	Fair Value 2025	Fair Value 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (a)	$ 23,902,147	$ 22,926,512	$ -	Immediate	None
Common investment trusts (a)	32,146,080	25,413,895	-	Immediate	None

(a) Investments in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their accounts.

Note 7. Tax Status

The Plan has adopted a nonstandardized form of a preapproved plan sponsored by Principal Financial Group. The plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document. However, the Plan Administrator believes the Plan is designed, and is being operated, in conformity with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions

Certain investments are shares of pooled separate accounts and guaranteed interest accounts managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to the Trustee totaled $89,621 for the year ended December 31, 2025. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
