Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance of
K-VA-T Employees Profit Sharing and Stock Ownership Plan
Abingdon, Virginia

Opinion

We have audited the accompanying financial statements of K-VA-T Employees Profit Sharing and Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of K-VA-T Employees Profit Sharing and Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of K-VA-T Employees Profit Sharing and Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about K-VA-T Employees Profit Sharing and Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and

disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K-VA-T Employees Profit Sharing and Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K-VA-T Employees Profit Sharing and Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance of
K-VA-T Employees Profit Sharing and Stock Ownership Plan
Abingdon, Virginia

Opinion

We have audited the accompanying financial statements of K-VA-T Employees Profit Sharing and Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of K-VA-T Employees Profit Sharing and Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of K-VA-T Employees Profit Sharing and Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about K-VA-T Employees Profit Sharing and Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and

disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K-VA-T Employees Profit Sharing and Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K-VA-T Employees Profit Sharing and Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

K-VA-T Employees Profit Sharing and Stock Ownership Plan

Notes to Financial Statements

December 31, 2025

Note 1 – Plan Description

The following description of the K-VA-T Employees Profit Sharing and Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is sponsored by K-VA-T Food Stores, Inc. and its wholly-owned subsidiaries, Misty Mountain Spring Water Company, LLC; JCS Sales, LLC; Computer Cable Systems, LLC; and FC ACE, LLC (collectively referred to as the "Company") participate in the Plan.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have one year of service and are age twenty-one or older. Excluded classes of employees include leased employees, nonresident aliens, and certain employees covered by a collective bargaining agreement.

K-VA-T Food Stores, Inc. (the "Company") established the Plan effective as of January 1, 1983. The Plan is an employee stock ownership plan and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the *Internal Revenue Code (IRC)* of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Committee, comprised of persons appointed by the Company's Board of Directors. The Board also elects the trustee of the Plan.

Contributions

Each year, the Company may make a contribution to the Plan from its income before taxes in cash or Employer Securities in an amount as determined by the Board of Directors. This contribution may be in any amount, as authorized, but not to exceed one hundred percent (100%) of the total annual compensation paid to the participating employees in the Plan year, subject to the limitations set forth in the *IRC*. During 2025 and 2024, the Company elected to make a contribution to eligible participants of $3,500,000 and $3,400,000, respectively, each year.

Participant Accounts

Each participant's account is credited with the Company's contributions, earnings of the Plan, and forfeitures of non-vested balances of terminated participants.

The allocation of contributed shares of Company stock and forfeitures is based on the ratio of the compensation of each participant to total eligible compensation. The allocation of earnings of the Plan is based on the ratio of investment account balance of each participant to total investment account balances of participants as of the end of the preceding year. Allocation of dividends paid on K-VA-T stock is based on the ratio of the number of shares of stock in the account to the total shares of stock in active accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Amounts credited to participant accounts are vested based upon years of service with the Company and its subsidiaries, plus earnings thereon. If a participant is terminated because of retirement (at or after age 65, with five years of service),

disability, or death while an employee of the Company or while performing qualified military service, the participant becomes fully vested in their account.

However, if a participant resigns or is dismissed from the Company before completing a specified number of years of service, the non-vested portion may be forfeited and reallocated among the other ESOP participants. There are two separate vesting schedules for this purpose:

For participants who had at least three years of service prior to January 1, 2007:

Years of Service	Vested Percentage
Less than 2 years	-0-%
2 years but less than 3 years	20
3 years but less than 4 years	40
4 years but less than 5 years	60
5 years or more	100

For participants who did not have at least three years of service prior to January 1, 2007:

Years of Service	Vested Percentage
Less than 2 years	-0-%
2 years but less than 3 years	20
3 years but less than 4 years	40
4 years but less than 5 years	60
5 years but less than 6 years	80

Payment of Benefits

Upon termination of service due to death, disability, or retirement (at or after age 65, with five years of service) distributions of the terminated participant's vested account balance will commence on or about the 180th day following the end of the Plan year in which termination occurred.

Upon termination of service due to resignation or dismissal from employment, distributions of the terminated participant's vested account balance will commence on or about the 180th day following the close of the Plan year in which termination occurred, unless the participant returns to employment with the Company.

Distributions of vested participant accounts may be made, at the participant’s election, either in a single lump-sum of cash, rolled over to a qualified retirement plan, or in substantially equal annual cash installments over a period of five years. However, each installment will be in an amount equal to the lesser of $10,000 or the remaining balance in the participant’s account, even if this results in a distribution period of less than five years.

Administrative Costs

Plan fees and administrative expenses are paid by the Company.

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are reallocated to remaining participants, after five one-year breaks in service of the terminated participant. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2025 and 2024, were $261,006 and 1,072.107 shares and $77,458 and 1,055.03 shares, respectively.

Voting Rights

Each participant is entitled to exercise voting rights attributable to shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock as of the most recent valuation date.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments, which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may receive a cash distribution or direct the transfer of the applicable amount to the K-VA-T 401(k) Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Cash

The Plan's cash consists of funds held in accounts with financial institutions and interest-bearing cash in credit unions. Funds held in commercial banks are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. Funds held in credit unions are insured by the National Credit Union Administration (NCUA) up to $250,000. At times cash may exceed federally-insured limits.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Dividend income is accrued at the ex-dividend date. Interest income from money market accounts is recorded as earned. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 3 – Investments

The Plan owns 100% of the Company's Class A common stock.

The investment in shares of capital stock of the employer, K-VA-T Food Stores, Inc., at December 31 is as follows:

	2025	2024
Number of shares	313,164	336,385
Cost	$ 1,363,458	$ 1,551,548
Fair value	$ 133,129,149	$ 138,583,893

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Authoritative guidance issued by the Financial Accounting Standards Board established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because

they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

	Fair Value Measurements at Reporting Date Using:			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2025				
Employer common stock	$ 133,129,149	$ -	$ -	$ 133,129,149

	$ 139,409,226	**$ 774,472**	**$ 5,505,605**	**$ 133,129,149**
December 31, 2024				
Employer common stock	$ 138,583,893	$ -	$ -	$ 138,583,893
Mutual funds	743,104	743,104	-	-

	$ 143,246,789	**$ 743,104**	**$ 3,919,792**	**$ 138,583,893**

Level 1 Fair Value Measurements

The fair value of money market mutual funds is based on quoted net asset values held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of the U.S. Treasury Bills is based on market closing price for similar investments derived from Interactive Date Pricing and Reference Data.

Level 3 Fair Value Measurements

The fair value of the Employer common stock is determined by an annual independent appraisal. This appraisal was based solely on the market approach for 2025 and 2024. The appraiser took into account historical and projected cash flow, net income, return on assets, return on equity, market comparables, and fair value of the Company's assets and liabilities, as well as applying a discount for the lack of marketability for non-publicly traded stock. Significant changes to these inputs could have resulted in a significantly higher or lower fair value measurement for the Company common stock. The following table provides further details of this Level 3 fair value measurement.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)	
	Employer Common Stock
December 31, 2025	
Beginning balance	$ 138,583,893
Employer stock repurchase	(9,999,891)
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	4,545,147
Ending balance	**$ 133,129,149**
December 31, 2024	
Beginning balance	$ 131,962,636
Employer stock repurchase	(10,000,160)
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	16,621,417
Ending balance	**$ 138,583,893**

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no significant transfers into or out of Level 3.

Note 5 – Related Party Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Company paid dividends to the Plan of $3 per share or $939,492 and $1,009,155 during the years ended December 31, 2025 and 2024, respectively.

On July 8, 2024, the Board of Directors of K-VA-T Food Stores, Inc., by unanimous consent of directors, authorized a stock repurchase of 25,881 shares of Class A common shares from the Plan in exchange for $10,000,160. The fair value of the Employer common stock for this transaction was determined by an independent appraisal.

On August 15, 2025, the Board of Directors of K-VA-T Food Stores, Inc., by unanimous consent of directors, authorized a stock repurchase of 23,221 shares of Class A common shares from the Plan in exchange for $9,999,891. The fair value of the Employer common stock for this transaction was determined by an independent appraisal.

Note 6 – Plan Termination

Although it has expressed no intention to do so, the Company reserves the right to discontinue the Plan at any time, subject to Plan provisions. Upon termination of the Plan, participants will become fully vested in the balance in their accounts and the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time as prescribed by the Plan terms and the *IRC*.

Note 7 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated January 28, 2015, that the Plan and related trust are designed in accordance with applicable sections of the *IRC*. The Plan has been amended since receiving the letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC*.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Subsequent Events

Subsequent events have been evaluated through September 21, 2026, the date the financial statements were available to be issued.
