Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Plexium, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plexium, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plexium, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plexium, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plexium, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plexium, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following description of the Plexium, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers substantially all employees of Plexium, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Retirement Committee is responsible for oversight of the Plan as well as determining and reviewing the appropriateness of the Plan's investment offerings and investment performance.

Eligibility

An employee is eligible to participate in the Plan upon attaining age 21. There is no service requirement to participate in the Plan. The Plan excludes employees covered by a collective bargaining agreement, leased employees and non-resident aliens who do not receive United States-sourced earned income from the Company. The Plan entry date is the first day of each month following the date eligibility requirements were met.

Contributions

Eligible employees ("participants") may contribute a portion of their annual compensation on a pre-tax basis or as Roth 401(k) after-tax contributions, or a combination thereof, subject to certain limitations as defined by the Internal Revenue Code. Participants who are actively employed may elect to convert eligible vested account balances to Roth 401(k) contributions through an in-plan Roth conversion.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For the plan year ended December 31, 2025, participants who attained age 60, 61, 62, or 63 before the close of the plan year were eligible to make enhanced catch-up contributions at a higher statutory dollar limit pursuant to the SECURE 2.0 Act of 2022.

The Company may make a discretionary matching contribution and non-elective contribution. During 2025, the Company matched 100% of participant contributions up to 4% of compensation. For the year ended December 31, 2025, the discretionary matching contribution was $392,370. Forfeitures of $14,687 were used in February 2026 to reduce the 2025 discretionary matching contribution and have been offset against the employer contributions receivable. Accordingly, employer contributions and employer contributions receivable are presented net of such forfeitures in the accompanying financial statements at $377,683 and $4,369, respectively.

Rollover contributions

The Plan provides for rollover contributions, which represent contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant deferral contributions.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Automatic enrollment

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Prior to October 31, 2024, the automatic enrollment deferral rate was 3%. Participants automatically enrolled before that date retain their prior deferral rate unless changed.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The allocation of the participant's account balance to various investments offered by the Plan is entirely participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions and rollover contributions plus actual earnings thereon. Vesting in the discretionary matching contribution and non-elective profit-sharing contribution portion of their account plus actual earnings thereon is based on years of service. A participant is 100% vested after one year of credited service for their discretionary matching contributions. A participant is vested 25% after one year of service, 50% after two years, 75% after three years, and 100% vested after four years for non-elective employer contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the Plan. A participant may only have one loan outstanding from the Plan at any time. The notes are secured by the vested balance in the participant's account and bear interest based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made for similar circumstances as determined by the Plan Administrator at the time the loan is made. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's note receivable. Principal and interest are amortized and repaid through payroll deductions over the repayment term up to five years unless the purpose of the loan is to acquire the principal residence for the participant, in which case the repayment term is up to ten years.

Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding decrease to contributions. As of December 31, 2025, the Plan had corrective distributions payable of $22,231, representing excess contributions required to be returned to participants as a result of nondiscrimination testing for the plan year ended December 31, 2025. These amounts were distributed to the applicable participants during 2026.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits

Benefits are payable to participants or designated beneficiaries upon retirement at age 65, in-service at age 59 ½, termination, death or disability. Distributions may be paid in a lump-sum amount equal to the value of the participant's vested interest in their account or they may be rolled over into another plan or an individual retirement account.

The Plan has a mandatory cash out provision for account balances up to $7,000.

Hardship withdrawals

Participants may withdraw amounts from their deferral contributions in the event of a hardship, as defined in the Plan. A minimum withdrawal of $500 applies.

Forfeitures

Forfeitures of Company contributions are used to reduce employer contributions or pay plan expenses. At December 31, 2025 and 2024, forfeited accounts available were $14,642 and $4,137. Forfeitures of $60 were used during 2025 to reduce employer contributions.

Administrative expenses

The Plan's recordkeeper and administrative fees are paid directly by the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting which is in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes realized gains and losses on investments bought and sold as well as unrealized appreciation and depreciation of investments held at year end.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. Plan management has evaluated the collectability of notes receivable from participants and, because they are secured by the participants' accounts, an allowance has not been recorded.

Subsequent events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of events that affect the financial statements. Subsequent events were evaluated through September 18, 2026, which is the date the financial statements were available to be issued. See Note 11 for disclosure of subsequent events.

NOTE 3. FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Valued at the daily closing price, as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participants' transactions (purchase and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,992,738	$ -	$ -	$ 3,992,738
Investments in the fair value hierarchy	$ 3,992,738	$ -	$ -	3,992,738
Investments measured at NAV per share practical expedient				4,397,269
Total investments, at fair value				$ 8,390,007

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,742,397	$ -	$ -	$ 2,742,397
Investments in the fair value hierarchy	$ 2,742,397	$ -	$ -	2,742,397
Investments measured at NAV per share practical expedient				3,294,812
Total investments, at fair value				$ 6,037,209

NOTE 4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian of the Plan, from January 1, 2024 through December 31, 2024 and Fidelity Management Trust Company, the trustee of the Plan, from October 31, 2024 to December 31, 2025 have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments reflected on the schedule of assets held at December 31, 2025.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contribution accounts.

NOTE 6. TAX STATUS

The Plan document is a Fidelity Non-Standardized Pre-Approved Profit Sharing Plan with an Internal Revenue Service (IRS) opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's annual return/reports for the past three years are subject to examination by tax authorities and may change upon examination.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company serves as trustee of the Plan and is affiliated with Fidelity Investments Institutional, which serves as the Plan's recordkeeper. Certain Plan investments were managed by Fidelity Investments Institutional. These transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9. PROHIBITED TRANSACTIONS

For the Plan year 2023, participant contributions of $55,188 were withheld from participants' pay on various dates during 2023 but were not remitted to the Plan's trust within the time required by the Department of Labor. The lost earnings on participant contributions were calculated based on interest rates determined by the Internal Revenue Code and were remitted to the Plan in December 2025 in the amount of $77.

For the Plan year 2024, participant loan repayments of $81 were withheld from participants' pay during 2024 but were not remitted to the Plan's trust within the time required by the Department of Labor. The lost earnings on participant loan repayments were calculated based on interest rates determined by the Internal Revenue Code and will be remitted to the Plan in 2026 in the amount of $1.

NOTE 10. PARTIAL PLAN TERMINATION

Management determined that a partial plan termination of the Plan occurred during 2025 as a result of employee layoffs and turnover. In connection with this determination, certain participants terminated during 2024, 2025, and 2026 were identified as being entitled to full vesting of their employer contribution accounts. Accordingly, all affected participants became 100% vested in their employer contribution accounts.

NOTE 11. SUBSEQUENT EVENTS

Effective April 10, 2026, the Plan was amended to modify the treatment of outstanding participant loans upon termination of employment. Under the amended provision, a participant who terminates employment with an outstanding loan balance is no longer required to repay the loan immediately upon termination. Instead, the loan continues to be repaid in accordance with the original loan note terms. Outstanding loan amounts remain immediately due and payable in the event of a participant's death.
