Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ANCHOR GROUP MANAGEMENT, INC.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ANCHOR GROUP MANAGEMENT, INC.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ANCHOR GROUP MANAGEMENT, INC.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements, but supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

The following provides a brief, general description of the Plan. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions. The Plan was amended and restated effective March 11, 2024.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of Anchor Group Management, Inc. (the Company), and is designed to provide benefits upon retirement, termination, death or disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

PARTICIPATION REQUIREMENTS

Each employee, as defined by the Plan Document, is eligible to begin participating in the Plan after satisfying one month of the required eligibility service. An employee is eligible to receive employer-matching contributions after six months of service.

CONTRIBUTIONS AND VESTING

The following contributions are allowed in the Plan:

(a) Employee 401(k) and Roth - Eligible employees are automatically enrolled in the Plan unless the employee elects otherwise. The automatic enrollment contribution is equal to 5% of compensation. Each participant may contribute 401(k) and/or Roth to the Plan from his or her compensation during each year of participation, subject to an overall limitation of $23,500 for 2025 and $23,000 for 2024. Participants are immediately vested in these contributions from payroll.

(b) Catch-up contributions - Participants over the age of 50 may elect to contribute additional funds up to the annual catch-up contribution limit of $7,500 for both 2025 and 2024. Participants ages 60 – 63 can make super catch-up contributions limited to $11,250 beginning in 2025. Participants are immediately vested in their catch-up contributions.

(c) Rollovers - Rollovers from other qualified plans are also permitted. Participants are immediately vested in their rollover contributions to the Plan.

(d) Employer matching - The Company has the ability to make discretionary matching contributions to the Plan. Vesting in the contributions made by the Company is based on years of service. An employee is vested 20% for each of the first five years of service.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, allocations of Company matching contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers various mutual funds and a common/collective trust as investment options for participants.

NOTE 1—PLAN DESCRIPTION (Continued)

PAYMENT OF BENEFITS

Participants may withdraw funds from their accounts for any of the following reasons: upon attainment of normal retirement (age 65); in-service withdrawal at age 59½; termination of employment; death; disability; financial hardship, active military. Financial hardship withdrawals are limited to the amount of a participant's contributions and are subject to certain limitations as defined by the Plan.

DISPOSITION OF FORFEITURES

Forfeitures resulting from the nonvested portions of participants' accounts who terminate prior to being fully vested are used first to pay Plan expenses, then to reduce future Company contributions. Amounts forfeited from participants' accounts totaled $44,758 in 2025 and $33,639 in 2024. Forfeitures used to reduce employer contribution were $48,577 in 2025 and $32,170 in 2024. Forfeitures used to pay Plan expenses were $-0- in 2025 and $14,656 in 2024. Forfeitures available for future use were $24,623 as of December 31, 2025 and $28,057 as of December 31, 2024.

ADMINISTRATIVE EXPENSES

The Company pays certain fees incurred for legal, accounting and certain administrative expenses associated with the administration of the Plan. Certain administrative expenses incurred that are attributable to use of a particular Plan feature (i.e., notes receivable from participants) are paid by the Plan and charged to the respective participants' accounts.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance plus unpaid accrued interest. Participant loans are considered delinquent when required payments are not made in accordance with the terms of the loan. A loan that is in default may be treated as a deemed distribution to the participant for federal income tax purposes. Such deemed distributions do not constitute an actual distribution of plan assets unless and until the participant's account is offset or otherwise distributed in accordance with the terms of the Plan.

BENEFIT PAYMENTS

Benefit payments to participants are recorded when paid.

NOTE 3—INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's asset custodian, Fidelity Management Trust Company (a party-in-interest) for the years ended December 31, 2025 and 2024, has certified that the following data included in the accompanying financial statements and schedule is complete and accurate.

a. Investments, as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

b. Investment income as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

c. The schedule of assets (held at end of year) as of December 31, 2025, as shown on Schedule H, Line 4(i).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4—NOTES RECEIVABLE FROM PARTICIPANTS

Participant notes are allowed, subject to limitations and requirements specified by the Plan. Participants may borrow from their account balances up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Notes must be repaid in full within five years, unless used to purchase a primary residence. The notes are secured by the vested balance in a participant's account and bear interest at a reasonable rate, as determined by the Plan Administrator, based on the prevailing interest rates charged for similar loans. The interest rates ranged between 4.25% and 9.50% on notes receivable outstanding as of December 31, 2025 and 2024. Principal and interest are paid ratably through payroll deductions at least on a quarterly basis.

NOTE 5—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of the expenses of the Plan are paid by the Company.

Certain Plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 6—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6—FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Level 2 Fair Value Measurements are not applicable to the Plan for 2025 and 2024.

Level 3 Fair Value Measurements

Level 3 Fair Value Measurements are not applicable to the Plan for 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025	2024
Mutual Funds (Level 1)	**$ 13,150,806**	$ 12,443,457
Investments at Net Asset Value	**133,418**	123,153
Total	**$ 13,284,224**	$ 12,566,610

In accordance with FASB ASC subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

Common collective trusts are valued at the net asset value ("NAV") of shares held by the Plan at year-end. There are no unfunded commitments or any restrictions on the participant's ability to redeem investments. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Plan transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The common collective trust is designed to protect capital with low-risk investments and includes cash, bank notes, corporate notes, government bills, and various short-term debt instruments.

NOTE 6—FAIR VALUE MEASUREMENTS (Continued)

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust	$ 133,418	$ —	Daily	1 day

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust	$ 123,153	$ —	Daily	1 day

NOTE 7—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 8—INCOME TAX STATUS

The Plan has adopted a pre-approved defined contribution plan provided by Fidelity. Fidelity has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 which states that the form of the plan is acceptable for use by employers for the benefit of their employees under Internal Revenue Code (IRC) Section 401. Therefore, the Plan is exempt from federal taxation. The Fidelity basic plan document was amended on September 29, 2022 for compliance with the Coronavirus Aid, Relief, and Economic Security Act. The Plan Administrator believes the Plan is designed and operates in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

NOTE 9—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10—SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 25, 2026, the date which the financial statements were available for issue. No events have occurred subsequent to December 31, 2025 which require disclosure in the Plan's financial statements.
