Independent Auditors' Report

To the Board of Trustees
AliveCor, Inc. 401(k) Plan
Mountain View, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AliveCor, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AliveCor, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information in the footnote to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AliveCor, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AliveCor, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore it is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AliveCor, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about AliveCor, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, – Schedule of assets (held at end of year) at December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of AliveCor, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for more complete information of the Plan's provisions.

General

AliveCor, Inc. 401(k) Plan (the Plan) is a qualified retirement plan adopted by AliveCor, Inc. (the Company) on May 1, 2016, to help employees meet their financial goals by supplementing their retirement income. The Plan was most amended and restated as of May 1, 2022 and amended June 15, 2022. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

All non-excluded employees of the Company who have reached at least age 21 are eligible to participate in the Plan. The Plan's entry date is the first day of the month coinciding with or next following the date when an employee satisfies the eligibility requirements.

Contributions

Participants may elect to defer a percentage of their eligible pay every pay period as an elective deferral, not to exceed an annual dollar limit which is set by law. Under the Plan, participants are able to make two kinds of deferrals: pre-tax elective deferrals and Roth elective deferrals. Participants who are projected to reach age 50 during a calendar year will be eligible to make catch-up contributions at any time during that calendar year. Participants can increase or decrease the amount of their contributions, suspend their contributions, or resume their contributions at any time.

The Company may make a discretionary profit-sharing contribution to the Plan on a participant's behalf. Participants will be eligible to receive an allocation with no service requirement during the Plan year, provided they are employed by the Company on the last day of the Plan year. For 2025, no additional discretionary profit-sharing contribution was made to participants in the plan.

The plan may accept a traditional rollover contribution made on behalf of any eligible employee, regardless of whether such employee has met the age and service requirements of the Plan. In-plan Roth rollover contributions are not permitted.

Note 1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and losses, and (c) forfeitures of matching contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Investment Options

Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

Vesting

Participants are always 100% vested in their elective deferral and rollover contributions, and safe harbor matching contributions.

Payments of Benefits

Benefits are payable to a participant after they leave the Company for any reason (retirement, termination, disability, or death). Participants can receive their vested benefit in a single lump sum payment or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan. If the vested account balance is greater than $5,000, in addition to either a lump sum or direct rollover, the participant may choose to receive installments or defer receiving payments. If a participant's vested account balance is $5,000 or less, the Company can cash their entire vested balance out of the Plan.

Participants may withdraw all or part of their vested account balance once they have reached age 59½. In the event of a financial hardship, participants may withdraw their own elective deferrals if they are able to show that they are suffering an immediate and heavy financial hardship and that the money cannot be obtained from any other source.

Note 1. Description of Plan (Continued)

Notes Receivable from Participants (Participant Loans)

Loans are available to participants on a reasonably equivalent basis. The minimum loan amount is $1,000 and the maximum amount is the lesser of ½ of the participant's vested interest in the Plan, or $50,000 reduced by the highest outstanding loan balance during the prior one-year period. Loans are adequately secured and charged a commercially reasonable rate of interest. The term of the loan may not exceed five years unless the loan is for the purchase of a principal residence. The balance on the notes receivable for the years ended December 31, 2025, and 2024 was $85,268 and $17,937, respectively.

Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion. If any of these actions are taken, participants will be notified. However, no such action may permit any part of the Plan's assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participants' vested account balance as of the date of the amendment or termination. If the Plan is terminated, all amounts credited to the participants' accounts will become 100% vested.

Forfeitures

If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of their account balance will be forfeited. At December 31, 2025, forfeited nonvested accounts totaled $4,033 and are included in investments at fair value. These accounts will be used to reduce future employer contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from those estimates.

Note 2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported to be of fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The Company determines the Plan's valuation policies utilizing information provided by the trustee.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participant's account balances. Related fees are recorded as administrative expenses and are expenses when they are incurred. Interest income on the note's receivable was $4,314 for the year ended December 31, 2025.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, liquidity, credit risks, and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompany financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, net appreciation in fair values of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company.

Note 4. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to

Note 4. Fair Value Measurements (Continued)

unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The Matrix Trust Retirement Cash Account is an interest-bearing sweep/short-term investment vehicle held within the plan's investment platform. It is presented here within Investments, at fair value (consistent with how plan-level investment platforms typically report it), rather than as a separate "cash and cash equivalents" line, because it is managed as part of the plan's investment lineup rather than held for plan operating liquidity. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	***Level 2***	***Level 3***	***Total***
Cash	$ 358,174			$ 358,174
Mutual funds	14,784,294	$ -	$ -	14,784,294
Total investments at fair value	$ 15,142,468	$ -	$ -	$ 15,142,468

	2024			
	Level 1	***Level 2***	***Level 3***	***Total***
	$ 145,140			$ 145,140
Mutual funds	11,390,360	$ -	$ -	11,390,360
Total investments at fair value	$ 11,535,500	$ -	$ -	$ 11,535,500

Note 5. Party in Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

During the year ended December 31, 2025, certain participant elective deferrals totaling $165,657 were not remitted to the Plan within the time period prescribed by Department of Labor Regulation 29 CFR 2510.3-102. These late remittances constitute a nonexempt prohibited transaction and a party-in-interest transaction under ERISA. The Company corrected the delinquent contributions under the Department of Labor's Voluntary Fiduciary Correction Program (VFCP) by remitting the delinquent principal of $165,657, together with lost earnings of $652, for a total corrective payment of $166,309. The correction qualifies for the excise tax relief provided under Prohibited Transaction Exemption (PTE) 2002-51. The delinquent participant contributions are reported on the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. As of the date these financial statements were available to be issued, no amounts remained uncorrected or pending correction.

Note 6. Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Subsequent Events

Subsequent events were evaluated through September 15, 2026 the date the financial statements were available to be issued.

Independent Auditors' Report

To the Board of Trustees
AliveCor, Inc. 401(k) Plan
Mountain View, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AliveCor, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AliveCor, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information in the footnote to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AliveCor, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AliveCor, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore it is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AliveCor, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about AliveCor, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, – Schedule of assets (held at end of year) at December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of AliveCor, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for more complete information of the Plan's provisions.

General

AliveCor, Inc. 401(k) Plan (the Plan) is a qualified retirement plan adopted by AliveCor, Inc. (the Company) on May 1, 2016, to help employees meet their financial goals by supplementing their retirement income. The Plan was most amended and restated as of May 1, 2022 and amended June 15, 2022. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

All non-excluded employees of the Company who have reached at least age 21 are eligible to participate in the Plan. The Plan's entry date is the first day of the month coinciding with or next following the date when an employee satisfies the eligibility requirements.

Contributions

Participants may elect to defer a percentage of their eligible pay every pay period as an elective deferral, not to exceed an annual dollar limit which is set by law. Under the Plan, participants are able to make two kinds of deferrals: pre-tax elective deferrals and Roth elective deferrals. Participants who are projected to reach age 50 during a calendar year will be eligible to make catch-up contributions at any time during that calendar year. Participants can increase or decrease the amount of their contributions, suspend their contributions, or resume their contributions at any time.

The Company may make a discretionary profit-sharing contribution to the Plan on a participant's behalf. Participants will be eligible to receive an allocation with no service requirement during the Plan year, provided they are employed by the Company on the last day of the Plan year. For 2025, no additional discretionary profit-sharing contribution was made to participants in the plan.

The plan may accept a traditional rollover contribution made on behalf of any eligible employee, regardless of whether such employee has met the age and service requirements of the Plan. In-plan Roth rollover contributions are not permitted.

Note 1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and losses, and (c) forfeitures of matching contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Investment Options

Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

Vesting

Participants are always 100% vested in their elective deferral and rollover contributions, and safe harbor matching contributions.

Payments of Benefits

Benefits are payable to a participant after they leave the Company for any reason (retirement, termination, disability, or death). Participants can receive their vested benefit in a single lump sum payment or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan. If the vested account balance is greater than $5,000, in addition to either a lump sum or direct rollover, the participant may choose to receive installments or defer receiving payments. If a participant's vested account balance is $5,000 or less, the Company can cash their entire vested balance out of the Plan.

Participants may withdraw all or part of their vested account balance once they have reached age 59½. In the event of a financial hardship, participants may withdraw their own elective deferrals if they are able to show that they are suffering an immediate and heavy financial hardship and that the money cannot be obtained from any other source.

Note 1. Description of Plan (Continued)

Notes Receivable from Participants (Participant Loans)

Loans are available to participants on a reasonably equivalent basis. The minimum loan amount is $1,000 and the maximum amount is the lesser of ½ of the participant's vested interest in the Plan, or $50,000 reduced by the highest outstanding loan balance during the prior one-year period. Loans are adequately secured and charged a commercially reasonable rate of interest. The term of the loan may not exceed five years unless the loan is for the purchase of a principal residence. The balance on the notes receivable for the years ended December 31, 2025, and 2024 was $85,268 and $17,937, respectively.

Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion. If any of these actions are taken, participants will be notified. However, no such action may permit any part of the Plan's assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participants' vested account balance as of the date of the amendment or termination. If the Plan is terminated, all amounts credited to the participants' accounts will become 100% vested.

Forfeitures

If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of their account balance will be forfeited. At December 31, 2025, forfeited nonvested accounts totaled $4,033 and are included in investments at fair value. These accounts will be used to reduce future employer contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from those estimates.

Note 2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported to be of fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The Company determines the Plan's valuation policies utilizing information provided by the trustee.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participant's account balances. Related fees are recorded as administrative expenses and are expenses when they are incurred. Interest income on the note's receivable was $4,314 for the year ended December 31, 2025.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, liquidity, credit risks, and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompany financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, net appreciation in fair values of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company.

Note 4. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to

Note 4. Fair Value Measurements (Continued)

unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The Matrix Trust Retirement Cash Account is an interest-bearing sweep/short-term investment vehicle held within the plan's investment platform. It is presented here within Investments, at fair value (consistent with how plan-level investment platforms typically report it), rather than as a separate "cash and cash equivalents" line, because it is managed as part of the plan's investment lineup rather than held for plan operating liquidity. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	*Level 2*	*Level 3*	*Total*
Cash	$ 358,174			$ 358,174
Mutual funds	14,784,294	$ -	$ -	14,784,294
Total investments at fair value	$ 15,142,468	$ -	$ -	$ 15,142,468

	2024			
	Level 1	*Level 2*	*Level 3*	*Total*
	$ 145,140			$ 145,140
Mutual funds	11,390,360	$ -	$ -	11,390,360
Total investments at fair value	$ 11,535,500	$ -	$ -	$ 11,535,500

Note 5. Party in Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

During the year ended December 31, 2025, certain participant elective deferrals totaling $165,657 were not remitted to the Plan within the time period prescribed by Department of Labor Regulation 29 CFR 2510.3-102. These late remittances constitute a nonexempt prohibited transaction and a party-in-interest transaction under ERISA. The Company corrected the delinquent contributions under the Department of Labor's Voluntary Fiduciary Correction Program (VFCP) by remitting the delinquent principal of $165,657, together with lost earnings of $652, for a total corrective payment of $166,309. The correction qualifies for the excise tax relief provided under Prohibited Transaction Exemption (PTE) 2002-51. The delinquent participant contributions are reported on the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. As of the date these financial statements were available to be issued, no amounts remained uncorrected or pending correction.

Note 6. Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Subsequent Events

Subsequent events were evaluated through September 15, 2026 the date the financial statements were available to be issued.
