INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Stone Ridge Contracting 401(k) Plan
Pocatello, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed a audit of the financial statements of Stone Ridge Contracting 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

Stone Ridge Contracting 401(k) Plan (the Plan) is a qualified retirement plan adopted by Stone Ridge Contracting, LLC (the Company) on January 1, 2021, to enable eligible employees to save for retirement. The Plan was amended and restated January 1, 2022, and was subsequently amended effective May 1, 2023, to amend the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Significant provisions of the Plan are summarized below. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

Eligibility: All eligible employees, other than collective bargaining employees and nonresident aliens, are eligible to become participants in the Plan. Eligible employees become participants immediately upon employment commencement.

Contributions: Participants may elect to reduce their compensation by a specific dollar amount or by a specific percentage amount and have that amount contributed to the Plan as an elective deferral, not to exceed the dollar limit set by law. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. In addition, participants who are at least age 50 or will attain age 50 before the end of a calendar year, may elect to defer additional amounts as catch-up contributions to the Plan for that year. Participants may revoke or make modifications to their salary deferral election at any time during the Plan year.

The Company has elected to make safe harbor matching contributions to all eligible participants for each payroll period in an amount equal to 100% of the participant's elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals in excess of 3% but not in excess of 5% of eligible compensation.

The Company may also make discretionary additional matching contributions and discretionary nonelective contributions, subject to the provisions of the Plan. For 2025, the Company did not make any discretionary additional matching or nonelective contributions.

Eligible employees and participants may roll over part or all of an eligible rollover distribution received from an eligible retirement plan into the Plan, subject to approval by the Plan Administrator.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and losses, and (c) forfeitures of employer nonelective contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are always 100% vested in their Plan accounts attributable to elective deferrals including Roth 401(k) deferrals and catch-up contributions, rollover contributions, and safe harbor matching contributions. Vesting for nonelective contributions is based on a five-year vesting schedule, in which participants earn 20% vesting after one year of service and thereafter each subsequent year until they reach 100%.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: If a participant terminates employment for reasons other than retirement, disability, or death, and their vested account balance, excluding amounts attributable to rollover contributions for purposes of determining the $7,000 threshold, does not exceed $7,000, a distribution of their vested account balance will be made in the Plan year following termination of employment in a single lump-sum payment in cash, regardless of their consent to receive it. If the mandatory distribution amount is at least $200 and the participant does not elect to either receive or roll over the distribution, their distribution will be directly rolled over to an IRA. If a participant is not subject to a mandatory distribution, they may elect to receive their vested account balance in a single lump-sum payment. The participant must consent to the distribution before it may be made.

Participants may take in-service distributions from certain Plan accounts while still employed with the Company if they are age 59½ or older at the time of the distribution or if they have an immediate and heavy financial need. Participants may also withdraw amounts from their rollover accounts at any time, subject to the provisions of the Plan.

Forfeitures: If a participant terminates employment with the Company and is less than 100% vested in their employer account, they may forfeit the non-vested portion of their employer account. A forfeiture will occur in the Plan year that the participant receives a distribution of their entire vested account. Forfeitures are retained in the Plan and may be used to pay administrative expenses or to reduce future employer contributions payable under the Plan. At December 31, 2025, forfeited accounts totaled $-0-.

Plan Termination: The Company reserves the right to terminate the Plan at any time. Each participant in the Plan upon Plan termination will automatically become 100% vested in their account balance.

Administrative Expenses: Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 14, 2026, which is the date the financial statements were available to be issued. In May 2026, the Company approved the termination of the Plan in connection with an asset sale of the Company effective June 1, 2026. The Plan was terminated effective May 31, 2026. As of the termination date, eligibility, entry, participation, and contributions to the Plan ceased, all nonforfeited participant accounts became 100% vested, and Plan benefits are to be distributed to participants and beneficiaries in accordance with the terms of the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Benefits Paid to Participants: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit, and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025, and 2024, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,968,322	$ -	$ -	$ 4,968,322
Total investments at fair value	$ 4,968,322	$ -	$ -	$ 4,968,322

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,507,690	$ -	$ -	$ 3,507,690
Total investments at fair value	$ 3,507,690	$ -	$ -	$ 3,507,690

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan holds a fully benefit-responsive traditional group unallocated annuity contract, the Empower Investments Fixed Account – Series Class I (Fixed Account), with Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company). The Fixed Account is a general account product of the issuer, and the repayment of principal and credited interest is a financial obligation of the issuer. The contract values of the Fixed Account were $206,738 and $162,209 as of December 31, 2025 and 2024, respectively.

Contract value is the relevant measurement attribute for the Fixed Account because it represents the amount participants would receive upon initiating permitted transactions under the Plan. Contract value consists of contributions and deposits plus credited interest, less distributions, transfers, applicable fees and charges, and taxes. Interest is compounded daily at the declared credited interest rate. The issuer establishes and declares the credited interest rate quarterly, and the contract guarantees a minimum interest rate of 0.00%. Participant-initiated transactions permitted by the Plan, including applicable distributions, withdrawals, loans, and transfers, are generally processed at contract value. The contract contains certain administrative and transfer provisions relating to market disruptions, competing funds, and excessive trading.

Certain Plan Sponsor-initiated events could limit the Plan's ability to transact immediately at contract value with the issuer. These events include premature contract termination and certain employer-initiated events, such as layoffs, sales, mergers, spin-offs, and similar events affecting Plan assets. Depending on the event and applicable contract provisions, settlement may occur through a book-value payment after 12 or 36 months, 20 quarterly installments, or an accelerated lump-sum payment subject to a market value adjustment. A full Plan termination is payable at contract value in a lump sum as soon as practicable, less outstanding fees and charges.

(Continued)

NOTE 5 – GROUP ANNUITY CONTRACT (Continued)

Either the Plan Sponsor or the issuer may terminate the contract upon the required advance notice. If the contract is terminated for a reason other than full Plan termination, the Plan must select one of the settlement options provided in the Fixed Account Rider. If the accelerated lump-sum option is selected, the amount received may be less than contract value because of the market value adjustment. The Plan has not recorded any reserves against contract value for credit risk of the issuer or otherwise.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 7 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved profit sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 – FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500, at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 5,346,364	$ 3,669,899
Less: Employer contribution receivable	(171,304)	-
Net assets per Form 5500	$ 5,175,060	$ 3,669,899

(Continued)

NOTE 8 – FORM 5500 RECONCILIATION (Continued)

The following is a reconciliation of the net increase per the financial statements to the net income per Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	$ 1,676,465
Less: employer contributions receivable at December 31, 2025	(171,304)
Net income per Form 5500	$ 1,505,161
