Independent Auditor's Report

Administrative Committee
Sonaca USA 401(k) Plan
St. Charles, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sonaca USA 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of Sonaca USA 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by LMI Aerospace, Inc. and subsidiaries (the "Company") for the benefit of its eligible employees who are at least 18 years of age. Eligible employees are enrolled on the first day of the month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee and custodian of the Plan is Charles Schwab Trust Bank and the recordkeeper for the Plan is Schwab Retirement Plan Services.

Effective January 1, 2025, the Plan was amended to change the Plan's name from LMI Aerospace, Inc. Profit Sharing and Savings Plan and Trust to Sonaca USA 401(k) Plan and revise the employer matching contribution provisions. Under the amended provisions, discretionary employer matching contributions, if made, are limited to 50% of participant deferrals up to 6% or eligible compensation. The amendment also eliminated the Plan's alternative matching contribution feature.

Contributions

The Plan permits eligible employees, through a salary deferral election, to contribute up to the maximum amount allowed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Employees are automatically enrolled in the Plan at a rate of 3% of eligible compensation unless they select a different deferral percentage or elect to opt out. Contributions for employees automatically enrolled are invested in an age based appropriate target retirement date fund.

The Company may make discretionary matching and profit-sharing contributions under the Plan. For the year ended December 31, 2025, the Company contributed a $0.50 for each $1 contributed by participants on the first 6.0% of eligible wages. For the year ended December 31, 2024, the Company elected to contribute a company match of $0.50 for each $1 contributed by participants on the first 3.0% or 5.0% of eligible wages, the applicable percent of eligible wages for each participant determined by the subsidiary to which they belonged. There were no profit-sharing contributions made by the Company for the years ended December 31, 2025, and 2024.

Participant Investment Account Options

At December 31, 2025 and 2024, investment account options available included target retirement date funds, other mutual funds and a common/collective trust. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Contribution allocations are based on participant earnings and administrative expense allocations are based on account balances. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Vesting

The Plan includes vesting provisions related to the matching contributions made by the Company. Employer matching contributions vest 25% for each year of service as defined by the Plan. A participant is fully vested in their employer matching contributions after four years of service.

The non-vested balance is forfeited upon the earlier of termination of service or a 5-year break in service. Forfeitures are used to reduce Company contributions. At December 31, 2025 and 2024, the balance of forfeitures available for use by the

Company in future periods was $78,209 and $171,124 respectively. Approximately $78,000 and $171,000 of these balances were used in 2026 and 2025 to fund the employer match obligation as of December 31, 2025, and 2024, respectively.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a new loan is $1,000. The maximum amount of a participant's loan is restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by written loan agreements and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholding until the loan is paid in full. Interest on the loans is based on prevailing rates when the loan is originated as determined by the Plan administrator.

Payment of Benefits

A participant's vested balance may be paid in the form of a lump sum or in substantially equal installments, based on the participant's election, at the earliest time after the termination of service, death, disability or retirement. The Plan also provides for certain in-service distributions.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and supporting footnotes are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

All investments are carried at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at quoted market prices, which represent the net asset value ("NAV") of shares or units held by the Plan at year end (Level 1).

Morley Stable Value fund: Value of participation units held is based on the NAV of shares or units held by the Plan at year end.

The stable value fund intends to hold only assets whose fair market value is the contract value of the investment. While offering low-risk and competitive yields, the fund guarantees a return in principal and accumulated interest that is directly proportionate to the investor's capital preservation objective. The fund seeks to achieve this objective by investing primarily in a variety of high-quality Stable Value Investment Contracts (the performance of which may be predicted on underlying fixed income securities), as well as cash and cash equivalents. Redemption is generally permitted daily. Individual participant

redemptions for benefit payments and redemptions by participants to reinvest in options that do not compete with the stable value fund are generally permitted without restriction. Were the Plan to initiate a full redemption of the stable value fund, a twelve-month advance written notice is required. The redemption price is based upon the closing value per the unit of the fund, which is determined daily following the close of regular trading on the New York Stock Exchange.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest earned on notes receivable from participants is recorded when paid. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. Interest rates on outstanding loans ranged from 3.75 percent to 10.50 percent as of December 31, 2025.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "Fair Value Measurement" ("ASC 820") provides the framework for measuring fair value. Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

ASC 820 provides a fair value hierarchy for inputs used in measuring fair value that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in current circumstances. The fair value hierarchy is categorized into three levels based on observability and reliability of valuation inputs as follows:

Level 1: Valuation based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Valuation based on: a) quoted price for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in markets that are not active, c) inputs other than quoted prices that are observable for the asset or liability, and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuation based on inputs that are unobservable and supported by little or no market activity and that are significant to the overall fair value measurement.

To the extent that the valuation is based on inputs that are less observable or unobservable, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is more significant for the investments categorized in Level 3. In certain cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had the securities been readily marketable. The Plan's policy is to recognize transfers in and transfers out between levels as of the date of the event

or change in circumstances that caused the transfer. The Plan has no level 2 or level 3 instruments. There have been no changes in the valuation methodologies or inputs used at December 31, 2025 and 2024.

Plan Tax Status

The Internal Revenue Service has determined and informed Schwab Retirement Plan Services, Inc. by a letter dated September 21, 2020, that the non-standardized prototype profit-sharing plan with CODA as amended through that date is in a form acceptable under section 401 of the Internal Revenue Code ("IRC"). On October 20, 2021, the Company adopted this non-standardized prototype plan. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 3: Fair Value of Plan Assets

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025

(1) Investments that were measured at net asset value per share have not been classified in the fair value hierarchy. These amounts are presented in the tables above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Related Party and Party-in-Interest Transactions

Schwab Retirement Plan Services is the recordkeeper for the Plan. Trustee and recordkeeper fees of $132,568 and $138,152 were paid from plan assets to Schwab Retirement Plan Services in the years ended December 31, 2025 and 2024, respectively.

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. The net assets of the Plan associated with participant loans were $1,907,095 and $1,860,782 at December 31, 2025 and 2024, respectively.

Necessary and proper expenses of the Plan are paid from the Plan assets, except for those expenses the Company is required by law or chooses to pay.

Note 6: Risks and Uncertainties

The Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Excess Contributions Payable

The Plan is subject to certain compliance requirements and non-discrimination rules under ERISA and Internal Revenue Service ("IRS") guidelines. For the Plan years ended December 31, 2025 and 2024, the Plan did not completely satisfy non-discrimination tests and took corrective action by returning excess contributions of $35,111 and $45,430, respectively.

Note 8: Subsequent Events

Subsequent to December 31, 2025 during an investment committee meeting, the decision was made to amend the plan document to allow Roth conversions from the 401k plan.

Subsequent events have been evaluated through September 11, 2026, which is the date the financial statements were available to be issued.
