INDEPENDENT AUDITOR'S REPORT

To the Trustee and Participants of the
Holden Industries, Inc. Retirement Plan
Deerfield, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Holden Industries, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following is a general description of the Holden Industries, Inc. Retirement Plan ("the Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees of Holden Industries, Inc., its subsidiaries and affiliates (collectively "the Company") who have completed 3 months of service and are age 18 or older. Fidelity Management Trust Company (Fidelity) serves as trustee and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions – A participant may elect to contribute from 1% to 100% of pre-tax annual compensation, as defined in the Plan and as limited by the Internal Revenue Code. Participant contributions are withheld each payroll period. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible pre-tax compensation unless they affirmatively elect not to participate in the Plan or to participate at another rate. All eligible participants deferring at a rate of less than 10% will have their rate of deferral automatically increased by 1% each April 1 until such contributions reach 10%. Participants may elect to make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions – On an annual basis, at the discretion of the Company's Board of Directors, the Company may elect to make a profit-sharing contribution to participants in an amount determined by the Board of Directors. A participant's entry date for profit-sharing contributions is the first day of the plan year following their date of hire. Employees shall be eligible to receive an allocation of profit-sharing contributions only if he or she has not waived his right to all profit-sharing contributions, and he or she is employed on the last day of the plan year. Employees do not have to be employed on the last day of the plan year in order to receive an allocation due to death, disability, or retirement during the plan year.

Participant Accounts – Each participant's account is adjusted with the participant's contributions and withdrawals, the participant's share of the Company's contribution, earnings (losses), adjustments and unrealized appreciation or depreciation in market value of investments. Allocations are based on participant eligible wages or account balances, as defined.

Investment Options – Participants decide in which of the available investment options their deferred salary contributions, profit-sharing contributions, and corresponding account balances are invested.

1. DESCRIPTION OF THE PLAN (Continued)

Distributions – Participants may elect to withdraw amounts equal to all or a specified portion of the balance in their accounts upon becoming permanently and totally disabled, by demonstrating financial hardship as defined in the Plan agreement, or upon termination of employment. Effective April 1, 2025, the Plan permits participants to take a distribution to meet certain unforeseeable or immediate financial needs, as defined in the Plan agreement. Participants may repay all or a portion of these distributions within three years. Participants may elect to withdraw all or a specified portion of their vested account balance upon reaching the age 59-1/2. Hardship distributions are not permitted to be withdrawn from a participant's employer contribution account. Minimum required distributions are required on an annual basis for retired employees that have reached age 73. Distributions are made in the form of a lump-sum payment. Terminated participants may also elect to defer the distribution of his or her account if the balance is greater than $7,000.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest in Company profit sharing contributions based upon a five-year graded schedule at a rate of 20% per year becoming 100% vested after completion of five years of service. In addition, participants who attain normal retirement age, die, or become disabled while in the employment of the Company are also 100% vested.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance in their deferred salary portion of their account. The maximum term for loans is five years, except if the loan is used for the purchase of a principal residence, in which case the loan may be extended. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts – The non-vested portion of terminated participants' accounts plus earnings thereon are forfeited and can be used by the Plan to reduce plan expenses or reduce the amount of future employer contributions to the Plan. Forfeitures are first used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments – The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions, and the notes are collateralized by the participants' account balances.

Risks and Uncertainties – Investments, in general, are exposed to various risks, such as interest rate, credit, liquidity, overall market volatility, and global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Other Financial Instruments – The carrying values of the Plan's receivables and payables approximate fair values.

Administrative Fees and Expenses – Certain direct administrative fees and expenses are paid by the Company. Other expenses relating to plan administration may be paid from Plan assets.

3. FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the end of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan. There have been no changes in methodologies used at December 31, 2025 and 2024.

Collective trust: The fair values of participation units held in the Putnam Stable Value Fund are based on the net asset values per unit as reported by the fund managers. The fund provides for daily redemptions by the Plan at reported net asset value per share.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

	Fair Market Value Measurements at December 31, 2025 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Participant-directed investments:				
Mutual funds	$ 75,252,371	$ -	$ -	$ 75,252,371
Total assets in the fair value hierarchy	$ 75,252,371	$ -	$ -	75,252,371
*Collective trust				9,892,524
Investments at fair value				$ 85,144,895

	Fair Market Value Measurements at December 31, 2024 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Participant-directed investments:				
Mutual funds	$ 67,494,457	$ -	$ -	$ 67,494,457
Total assets in the fair value hierarchy	$ 67,494,457	$ -	$ -	67,494,457
*Collective trust				7,786,820
Investments at fair value				$ 75,281,277

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

4. INCOME TAX STATUS

The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020, indicating that the volume submitter adopted by the Plan as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original volume submitter document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

4. INCOME TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

5. CERTIFIED INVESTMENTS AND NOTES RECEIVABLES FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants included in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the trustee.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain plan investments are mutual funds issued by Fidelity or an affiliate of Fidelity, and therefore, these transactions qualify as party-in-interest transactions. The total of these investments was $2,216,762 as of December 31, 2025. Investment management fees were paid to Fidelity and investment-consulting fees were paid to Morgan Stanley Global Banking Operations and Strategic Advisors, Inc. for the year ended December 31, 2025. These fees are considered party-in-interest transactions and totaled $268,722 for the year ended December 31, 2025. Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. Notes receivable from participants also reflect party-in-interest transactions. Notes receivable from participants were $2,811,250 and $2,833,121 at December 31, 2025 and 2024, respectively.

7. ROLLOVER CONTRIBUTIONS

In 2025, certain participants elected to transfer a portion of their account balance from the Company-sponsored Holden Industries, Inc. Employee Stock Ownership Plan (ESOP). As a result, participant account balances of $615,726 were rolled over into the Plan from the ESOP.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and its related regulations. In the event of the Plan's termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 16, 2026, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Trustee and Participants of the
Holden Industries, Inc. Retirement Plan
Deerfield, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Holden Industries, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following is a general description of the Holden Industries, Inc. Retirement Plan ("the Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees of Holden Industries, Inc., its subsidiaries and affiliates (collectively "the Company") who have completed 3 months of service and are age 18 or older. Fidelity Management Trust Company (Fidelity) serves as trustee and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions – A participant may elect to contribute from 1% to 100% of pre-tax annual compensation, as defined in the Plan and as limited by the Internal Revenue Code. Participant contributions are withheld each payroll period. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible pre-tax compensation unless they affirmatively elect not to participate in the Plan or to participate at another rate. All eligible participants deferring at a rate of less than 10% will have their rate of deferral automatically increased by 1% each April 1 until such contributions reach 10%. Participants may elect to make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions – On an annual basis, at the discretion of the Company's Board of Directors, the Company may elect to make a profit-sharing contribution to participants in an amount determined by the Board of Directors. A participant's entry date for profit-sharing contributions is the first day of the plan year following their date of hire. Employees shall be eligible to receive an allocation of profit-sharing contributions only if he or she has not waived his right to all profit-sharing contributions, and he or she is employed on the last day of the plan year. Employees do not have to be employed on the last day of the plan year in order to receive an allocation due to death, disability, or retirement during the plan year.

Participant Accounts – Each participant's account is adjusted with the participant's contributions and withdrawals, the participant's share of the Company's contribution, earnings (losses), adjustments and unrealized appreciation or depreciation in market value of investments. Allocations are based on participant eligible wages or account balances, as defined.

Investment Options – Participants decide in which of the available investment options their deferred salary contributions, profit-sharing contributions, and corresponding account balances are invested.

1. DESCRIPTION OF THE PLAN (Continued)

Distributions – Participants may elect to withdraw amounts equal to all or a specified portion of the balance in their accounts upon becoming permanently and totally disabled, by demonstrating financial hardship as defined in the Plan agreement, or upon termination of employment. Effective April 1, 2025, the Plan permits participants to take a distribution to meet certain unforeseeable or immediate financial needs, as defined in the Plan agreement. Participants may repay all or a portion of these distributions within three years. Participants may elect to withdraw all or a specified portion of their vested account balance upon reaching the age 59-1/2. Hardship distributions are not permitted to be withdrawn from a participant's employer contribution account. Minimum required distributions are required on an annual basis for retired employees that have reached age 73. Distributions are made in the form of a lump-sum payment. Terminated participants may also elect to defer the distribution of his or her account if the balance is greater than $7,000.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest in Company profit sharing contributions based upon a five-year graded schedule at a rate of 20% per year becoming 100% vested after completion of five years of service. In addition, participants who attain normal retirement age, die, or become disabled while in the employment of the Company are also 100% vested.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance in their deferred salary portion of their account. The maximum term for loans is five years, except if the loan is used for the purchase of a principal residence, in which case the loan may be extended. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts – The non-vested portion of terminated participants' accounts plus earnings thereon are forfeited and can be used by the Plan to reduce plan expenses or reduce the amount of future employer contributions to the Plan. Forfeitures are first used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments – The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions, and the notes are collateralized by the participants' account balances.

Risks and Uncertainties – Investments, in general, are exposed to various risks, such as interest rate, credit, liquidity, overall market volatility, and global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Other Financial Instruments – The carrying values of the Plan's receivables and payables approximate fair values.

Administrative Fees and Expenses – Certain direct administrative fees and expenses are paid by the Company. Other expenses relating to plan administration may be paid from Plan assets.

3. FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the end of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan. There have been no changes in methodologies used at December 31, 2025 and 2024.

Collective trust: The fair values of participation units held in the Putnam Stable Value Fund are based on the net asset values per unit as reported by the fund managers. The fund provides for daily redemptions by the Plan at reported net asset value per share.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

	Fair Market Value Measurements at December 31, 2025 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Participant-directed investments:

Total assets in the fair value hierarchy	$ 75,252,371	$ -	$ -	75,252,371
*Collective trust				9,892,524
Investments at fair value				$ 85,144,895

	Fair Market Value Measurements at December 31, 2024 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Participant-directed investments:				
Mutual funds	$ 67,494,457	$ -	$ -	$ 67,494,457
Total assets in the fair value hierarchy	$ 67,494,457	$ -	$ -	67,494,457
*Collective trust				7,786,820
Investments at fair value				$ 75,281,277

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

4. INCOME TAX STATUS

The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020, indicating that the volume submitter adopted by the Plan as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original volume submitter document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

4. INCOME TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

5. CERTIFIED INVESTMENTS AND NOTES RECEIVABLES FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants included in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the trustee.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain plan investments are mutual funds issued by Fidelity or an affiliate of Fidelity, and therefore, these transactions qualify as party-in-interest transactions. The total of these investments was $2,216,762 as of December 31, 2025. Investment management fees were paid to Fidelity and investment-consulting fees were paid to Morgan Stanley Global Banking Operations and Strategic Advisors, Inc. for the year ended December 31, 2025. These fees are considered party-in-interest transactions and totaled $268,722 for the year ended December 31, 2025. Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. Notes receivable from participants also reflect party-in-interest transactions. Notes receivable from participants were $2,811,250 and $2,833,121 at December 31, 2025 and 2024, respectively.

7. ROLLOVER CONTRIBUTIONS

In 2025, certain participants elected to transfer a portion of their account balance from the Company-sponsored Holden Industries, Inc. Employee Stock Ownership Plan (ESOP). As a result, participant account balances of $615,726 were rolled over into the Plan from the ESOP.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and its related regulations. In the event of the Plan's termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 16, 2026, which is the date the financial statements were available to be issued.
