National Student Clearinghouse 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of National Student Clearinghouse 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the National Student Clearinghouse (the "Company") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the provisions of the Plan.

General

The Plan was originated July 1, 2003 and is sponsored by the Company. It is a defined contribution plan covering all employees of the Company except part-time, temporary, seasonal employees who work less than 1,000 hours, and contingent employees. The Board of Trustees is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Contributions

Contributions to provide benefits under the Plan are made by the Company and the participants of the Plan. Participants may contribute up to 100% of their eligible compensation to the Plan in any one year, subject to Internal Revenue Code ("IRC") limits. Participants will become eligible to participate in the Plan upon reaching age 21 and completing at least 1,000 hours of service within the 12-month period beginning on their date of hire. The eligibility requirement applies to all types of contributions. Further, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make a discretionary matching contribution. The Plan will include catch-up deferrals in the elective deferral amount used to determine the amount of the matching contributions. Employer matching contribution formula stipulates that the employer match is equal to 100% of each employee's total contribution to a maximum of 5% of each employees' eligible compensation.

The Company may also elect to make a discretionary nonelective profit-sharing contribution as determined annually by the Board of Directors. Effective January 1, 2021, the Plan was amended such that the profit-sharing contribution will be allocated to each designated group in a manner determined by the Company. There was no discretionary profit-sharing contribution made in 2025.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and the Company's matching contribution at the end of each bi-weekly pay period. An allocation of the Company's discretionary contributions may be made at the employer's discretion annually and is allocated pro rata as a percentage of eligible participant compensation. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings.

Participants direct the investment of their contributions plus actual earnings thereon into various investment options offered by the Plan. Participants may change their investment options daily.

The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants are allowed to borrow against their vested account balances per the Plan's provisions. The minimum loan amount is $1,000, and the maximum is one-half of the participant's vested account balance, not to exceed $50,000. A maximum of two outstanding loans is allowed per participant. The loans are secured by the balance in the participant's account. The interest rate on loans will be based upon the Prime Rate plus 1% as published in The Wall Street Journal on the first business day of each month. On December 31, 2025, the interest rate of all outstanding loans ranged from 4.25% to 9.50%. Plan loans have a term of five years except for residential home loans, which have a term of 20 years. Principal and interest payments are made through bi-weekly payroll deductions.

Vesting

Contributions made by participants are fully vested at all times. Employees become 25% vested in the Company's contributions after one year of credited service, 50% vested after two years of credited service, 75% vested after three years of credited service, and 100% after four years credited service.

Benefits

The Plan provides for benefit payments at retirement, death, disability, termination of employment, financial hardship, attainment at age 59½ years and attainment at age 73. Upon withdrawal, participants are entitled to their individual contributions and any vested amounts of the Company's contribution.

Forfeitures

Forfeitures are used to offset the employer's contribution and/or used to pay Plan expenses. During 2025, forfeitures used to offset employer matching contributions totaled $140,105. Forfeited non-vested accounts totaled $198,320 and $278,812 as of December 31, 2025 and 2024, respectively.

Plan Administration

Empower Retirement serves as the Plan's recordkeeper.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements have been prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and in accordance with the terms of the Plan agreement.

Using Estimates in Preparing Financial Statements

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted

transactions under the terms of the Plan. The Plan invests in a separate guaranteed interest account ("GIA"), which is considered a fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status

The Plan uses a volume submitter profit sharing plan of Empower Retirement LLC. The Plan is relying on the Master Plan Sponsor's opinion letter dated November 14, 2022 covering this Plan for purposes of qualification with the Internal Revenue Service ("IRS"). The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

Notes Receivable

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan agreement.

Benefit Payments

Benefits are recorded when paid.

NOTE C - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN AND TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the custodian and trustee, respectively, and Mass Mutual Life Insurance Company, an insurance entity, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, investments at contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value, as well as the general classification pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Shares of mutual funds are valued based on quoted prices of the fund in active markets and classified within Level 1 of the fair value hierarchy.

Pooled Separate Accounts

The investments in the pooled separate accounts ("PSA") represent ownership of units of participation in various mutual funds or collective trust funds, rather than ownership of specific assets. The value of a unit of participation is the total value of each mutual fund or collective trust fund within the PSAs divided by the number of units outstanding. The investments in the pooled separate accounts are stated at fair value based on each account's daily net asset value ("NAV"), which is considered by Plan management to be the best approximation of fair value. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Common/Collective Trust

Common/collective trusts are valued using NAV as a practical expedient and are not categorized in the fair value hierarchy. NAV is provided by the fund's issuer and is based on the fair value of the underlying investments held by the fund less its liabilities.

The following tables set forth by level within the fair value hierarchy, a summary of the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 54,771,557	$ -	$ -	$ 54,771,557
Total investments in fair value hierarchy	$ 54,771,557	$ -	$ -	54,771,557
Investments measured at NAV[(a)]				46,478,273
Investments, at fair value				$ 101,249,830

	Assets at Fair Value as of December 31, 2024			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 48,051,097	$ -	$ -	$ 48,051,096
Total investments in fair value hierarchy	$ 48,051,097	$ -	$ -	48,051,096
Investments measured at NAV[(a)]				40,783,341
Investments, at fair value				$ 88,834,437

[(a)] In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amount presented in the statements of net assets available for benefits.

The following table presents the category, fair value, redemption frequency and redemption notice period for Plan investments, the fair values of which are estimated using the practical expedient of reported NAV per share as of December 31, 2025 and 2024.

Fair Value of Investments in Entities that Use Net Asset Value as a Practical Expedient*

	Fair Value 2025	Fair Value 2024	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Premier Inflation-Protection and Income Fund	$ 43	$ 50	Daily	Daily
T. Rowe Price Target Dated Funds	46,478,230	40,783,291	Daily	Daily
Total assets at fair value	$ 46,478,273	$ 40,783,341		

*The funds presented above are Direct Filing Entities (DFEs).

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Guaranteed Interest Account

The Plan invests in a GIA managed by Mass Mutual Life Insurance Company, which provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a semi-annual basis for resetting.

The GIA is fully benefit-responsive because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance at contract value.

Certain events may limit the ability of the GIA to transact at contract value with the issuer. Such events include: (1) material amendments to the GIA's structure or administration, (2) changes to the GIA's competing investment options, (3) complete or partial termination of the GIA, including a merger with another fund, (4) the failure of the GIA to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) redemption of all of a portion of the interests in the GIA at the direction of the Trust due to bankruptcy, the merger of the Plan with another plan, the establishment of another tax qualified defined contribution plan, etc., (6) any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the GIA, and (7) any communication to Plan participants designed to influence a participant not to invest in the GIA. The occurrence of any such event that would limit the Plan's ability to transact at contract value with the participant is not considered by Plan management to be probable.

NOTE F - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

All transactions that are considered party-in-interest transactions relate to normal management and administrative services, and the payment of expenses related thereto. Plan investments are managed by the Plan’s custodian and, as such, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets (held at end of year).

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 22, 2026, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
