INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Meridian Adhesives Group Retirement Savings Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Meridian Adhesives Group Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

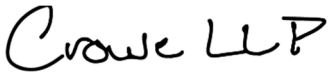

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

Meridian Adhesives Group Retirement Savings Plan (the Plan) is a qualified retirement plan adopted by Meridian Adhesives Group, Inc. effective January 1, 2020, to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was amended effective October 24, 2025. The Plan allows for affiliate employers to adopt its provisions. Affiliate employers who have adopted the provisions of the Plan are Adhesives Technology Corporation, Epoxies LLC, Epoxy Technology, Inc., Evans Adhesive Corporation, and American Sealants, Inc. Meridian Adhesives Group, Inc. and the participating employers are hereinafter collectively referred to as the Company. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Significant provisions of the Plan are summarized below. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

Eligibility: All non-excluded employees of the Company are eligible to participate in the Plan once they have completed 90 days of service and have attained age 18. Participants may enter the Plan on the first day of the month coinciding with or next following the date they satisfy the eligibility requirements.

Contributions: Participants may elect to reduce their compensation by a specific dollar amount or by a specific percentage amount and have that amount contributed to the Plan as an elective deferral, not to exceed the dollar limit set by law. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. In addition, participants who are at least age 50 or will attain age 50 before the end of a calendar year, may elect to defer additional amounts as catch-up contributions to the Plan for that year. Participants may revoke or make modifications to their salary deferral election at any time during the Plan year.

Effective April 1, 2024, the Plan was amended to adopt an automatic enrollment provision. Participants hired on or after the effective date will be automatically enrolled in the Plan and deemed to have made an elective deferral pre-tax contribution election in the amount of 5% of their plan compensation.

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company makes a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% of their compensation plus 50% of participant salary deferrals between 3% and 5% of their compensation. Safe harbor contributions will be allocated to participants' accounts as soon as administratively feasible after the end of the Plan year. This safe harbor matching contribution is 100% vested.

The Company may also make a discretionary nonelective contribution to the Plan. Each year, the Company will determine the amount of the discretionary percentage. A participant will be eligible to receive an allocation if they have completed at least 1,000 hours of service during the applicable period and are employed by the Company on the last day of the applicable period. During 2025, the Company did not make any discretionary nonelective contributions.

Participants may be permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and losses, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are always 100% vested in their Plan accounts attributable to elective deferrals including Roth 401(k) deferrals and catch-up contributions, rollover contributions, and safe harbor matching contributions. Vesting for nonelective contributions is based on a five-year vesting schedule, in which participants earn 20% vesting after one year of service and thereafter each subsequent year until they reach 100%.

Payment of Benefits: If a participant terminates employment for reasons other than retirement, disability, or death, and their vested account balance does not exceed $5,000, a distribution of their vested account balance will be made as soon as administratively feasible in a single lump-sum payment in cash, regardless of their consent to receive it. If a participant's vested account balance does not exceed $5,000, but the distribution amount exceeds $1,000 and the participant does not elect to either receive or roll over the distribution, their distribution will be directly rolled over to an IRA. If a participant's vested account balance exceeds $5,000, they may elect to receive a distribution of their vested account balance in a single lump-sum payment, installments, or ad-hoc distributions. They must consent to any distribution before it may be made.

Participants may be entitled to receive an in-service distribution from the Plan from certain accounts prior to termination of employment provided they have attained age 59 ½. In addition, a hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant has.

Notes Receivable From Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance, or $50,000 reduced by the highest outstanding loan balance in the last 12 months. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions over a five-year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not exceed beyond 10 years from the date of the loan. If the loan is not repaid, it will automatically be treated as a distribution to the participant.

Forfeitures: If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used to pay Plan expenses or to reduce any matching or nonelective contributions. As of December 31, 2025 and 2024, the forfeiture account totaled $3,531 and $5,000, respectively.

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will continue to be 100% vested. The Company will direct the distribution of participant accounts in a manner permitted by the Plan as soon as practicable.

Administrative Expenses: The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. There are certain other expenses that may be paid just from a participant's account. These are expenses that are specifically incurred by, or attributable to, the participant.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 23, 2026, which is the date the financial statements were available to be issued.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company (EAIC).

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows.

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values (NAV) reported by the fund managers as of the financial statement dates and recent transaction prices. These investments are measured at fair value using NAV as a practical expedient. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. There are no unfunded commitments or redemption restrictions associated with these investments. Because these investments are measured using NAV as a practical expedient, they are not classified within the fair value hierarchy but are included in the total investments at fair value presented in the financial statements.

Investments measured at fair value on a recurring basis are summarized below:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,714,596	$ -	$ -	$ 7,714,596
Total investments classified within fair value hierarchy	$ 7,714,596	$ -	$ -	7,714,596
Investments measured at NAV as practical expedient*				17,442,460
Total investments at fair value				$ 25,157,056

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,571,765	$ -	$ -	$ 6,571,765
Total investments classified within fair value hierarchy	$ 6,571,765	$ -	$ -	6,571,765
Investments mearsured at NAV as practical expedient*				16,493,200
Total investments at fair value				$ 23,064,965

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – GUARANTEED INCOME FUND

The Plan holds a fully benefit-responsive investment contract with EAIC (formerly Prudential Retirement Insurance and Annuity Company), which was determined to be a fully benefit responsive investment contract and, therefore, is recorded at contract value. The contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is backed by EAIC's general account, which is invested primarily in fixed income securities. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. EAIC guarantees a minimum rate of interest and will credit interest that exceeds the guaranteed minimum rates. The crediting rate is subject to minimum contractual guarantees. The crediting rate is declared by EAIC semiannually, effective January 1 and July 1 of each year, and is guaranteed not to fall below 1.5% annually. Interest is credited daily using a compounding method consistent with the annual effective rate.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because that is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts is dependent on EAIC's ability to meet its financial obligations. EAIC's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Although the contract is fully benefit-responsive, certain events could limit the ability of the Plan to transact at contract value, including restrictions on transfers to competing investment options and contractual limitations applicable to significant withdrawals from the Guaranteed Income Fund pool. In accordance with the terms of the contract, transfers from the Guaranteed Income Fund to competing investment options, such as money market or short-term bond funds, generally must first be transferred to a non-competing investment option and remain invested in that option for at least 90 days before being transferred to a competing investment option.

(Continued)

NOTE 5 – GUARANTEED INCOME FUND (Continued)

In addition, because the Guaranteed Income Account participates in a pooled Guaranteed Income Fund, EAIC may defer certain distributions or termination disbursements when aggregate transfers, distributions, and termination disbursements from the applicable pool exceed 10% of the pool's beginning-of-year assets. Certain participant benefit payments, including distributions resulting from retirement, termination of employment, death, disability, hardship, and required minimum distributions, are not subject to this limitation. If the investment agreement is terminated and the applicable pooled-fund withdrawal limitation is exceeded, EAIC may initially disburse a portion of the Guaranteed Income Account and pay the remaining balance in five succeeding annual installments, while continuing to credit interest in accordance with the contract.

EAIC's ability to meet its contractual obligations is subject to its financial strength. Plan management has concluded that no events are probable of occurring that would limit the ability of the Plan to transact at contract value with participants. The contract value of the investment contract at December 31, 2025 and 2024 was $908,241 and $1,045,001, respectively.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts managed by EAIC and an unallocated investment contract with EAIC. EAIC is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to EAIC qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated December 4, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
