Independent Auditor's Report
and Financial Statements

December 31, 2025

BLAND GARVEY
ACCOUNTANTS & CONSULTANTS

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
BASA Resources, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BASA Resources, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BASA Resources, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BASA Resources, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BASA Resources, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BASA Resources, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BASA Resources, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the BASA Resources, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by BASA Resources, Inc. (the "Company"). The Plan as amended and restated was established August 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Fidelity Management Trust Company ("Fidelity") serves as the trustee and custodian. Fidelity Investment Institutional Operations Company serves as the plan record-keeper.

The financial statements were approved for issue on September 23, 2026, which is the date the financial statements are available to be issued.

Plan amendments

The Plan was amended effective June 1, 2025, to allow participants to invest in self-directed brokerage accounts for a maximum of 10% of their account balances.

The Plan was amended effective May 1, 2024, to increase automatic enrollment percentage for new participants enrolled into the Plan from 4% to 6% of their eligible compensation.

Eligibility

Generally, the Plan covers all eligible employees of the Company who elect to participate. Employees are eligible to contribute upon completion of a two-month period of service and attainment of at least 21 years of age. The Plan entry dates are the first day of each calendar month.

401(k) provisions

Contributions are by salary reduction and are at the employee's discretion within the limits imposed by the provisions of the Plan and the applicable Internal Revenue Code sections. The Plan also allows for rollovers from other plans. The participant accounts are "participant directed accounts."

NOTE A – DESCRIPTION OF PLAN

Salary deferral

The Plan is a defined contribution plan wherein participants elect to reduce their compensation and have such reductions contributed to the Plan on their behalf. Participants can elect to contribute to the Plan up to 100% of their compensation on a pre-tax basis, after-tax basis or a combination of both. The term "compensation" for calculation of deferral shall be total taxable wages or salary excluding reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, unused leave, and welfare benefits and including any salary deferrals made to the Plan and any pre-tax salary reduction contributions made to other plans maintained by the Company.

The maximum contributions allowed by the Internal Revenue Service was $23,500 and $23,000 for the years 2025 and 2024, respectively. Participating employees are eligible to make catch-up contributions under the Plan provided the participating employees have attained or will attain the age of 50 before the close of the year. The amount of catch-up contributions allowed by the Internal Revenue Service was $7,500 for 2025 and 2024. In 2025, participating employees that have attained or will attain the age of 60 before the close of the plan year are allowed to make "super catch-up" contributions of an extra $11,250. The catch-up and "super catch-up" contributions are excluded in calculating the matching contribution.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants with a deferral rate greater than zero will have their deferral rate increased annually by 1% per year, up to a maximum deferral rate of 8%.

Employer contributions

Discretionary employer 401(k) matching and profit-sharing contributions are determined on an annual basis by the Board of Directors of the Company and are at the discretion of the Board of Directors within the limits imposed by the Plan documents and the applicable Internal Revenue Code sections.

NOTE A – DESCRIPTION OF PLAN

For the years ended December 31, 2025 and 2024, the Company made a matching contribution of 100% of each participant's 401(k) contribution up to 6%% of the participant's compensation. The catch-up and "super catch-up" contributions are excluded in calculating the matching contribution.

The Company may also elect to make a discretionary profit-sharing contribution. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the year to receive any discretionary profit-sharing contributions made for the year. For the years ended December 31, 2025 and 2024, the Company did not make a discretionary profit-sharing contribution to the Plan.

Participant accounts

Each participant's account is credited with the participant's 401(k) contribution, if any, and an allocation of the Company's contribution and investment experience on those amounts. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Employee contributions, Roth contributions and rollover contributions are immediately 100% vested. Vesting of all employer contributions occurs at the following rates for employees enrolled in the Plan.

The vesting schedule applicable to matching contributions and discretionary contributions in 2025 is:

Years in Service	Vested Percentage
Less than one year	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five or more years	100%

NOTE A – DESCRIPTION OF PLAN

Notes receivable from participants

The Plan allows participants to borrow fifty percent, up to $50,000, of their vested account balance from the Plan at any time. The minimum loan amount is $1,000. Each participant may have one loan outstanding at any time. The maximum term of any loan is five years, or thirty years if the loan is to acquire a primary residence. The rate of interest is equal to the prime rate plus 2%. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. Participant loans are valued at cost.

Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, the participants' vested interest in employer contributions shall be 100%.

Payment of benefits

Distributions of participants' account balances occur only upon retirement, death, hardship, in-service distribution upon attainment of age 59 1/2 or other termination of employment. A participant or participant's beneficiary may receive distributions under one of three options. The options allow for payment in lump-sum distributions of cash, transfer to an individual retirement account or other brokerage account or a fixed period and fixed installment option.

If a participant's total vested account balance under the Plan is $1,000 or less as of the distribution date, the entire vested balance will be distributed to the participant in a lump sum even if they do not consent to a distribution. If a participant's total vested account balance under the Plan is $1,000 to $5,000 as of the distribution date, the entire vested balance will be rolled over to an IRA selected by the Plan Administrator.

Investing options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options listed in Note C. Participants may change their investment options at any time. In addition, a participant may request a reallocation of both the existing account and future contribution allocations or a rebalancing of the participant's existing account. The

NOTE A – DESCRIPTION OF PLAN

Plan also provides discretionary asset allocation services and investment recommendations to participants with respect to investment options made available by the plan sponsor.

Forfeitures

Forfeitures are first used to pay administrative expenses and any remaining forfeitures are used to reduce employer contributions. Forfeitures totaling $72,420 and $61,340 were used to reduce employer contributions during the Plan years 2025 and 2024, respectively.

Funding policy

It is the policy of the Plan sponsor to remit the employee contributions as soon as administratively possible, but no later than 15 business days after the date of payroll. Typically, the employee and employer contributions are submitted within three business days after a payroll date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP). Distributions to participants or their beneficiaries are recorded when paid.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP). Distributions to participants or their beneficiaries are recorded when paid.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's common/collective trust fund investments are valued at their net asset value per unit as a practical expedient as reported by the fund manager of the collective trust. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Recordkeeping fees, investment fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. There is an investment fee that is based on the net asset value during the year. The fee is deducted from the participant account balance annually.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company participates in a revenue sharing agreement with the Trustee. The revenue credit earned by the Plan is used to pay certain administrative expenses. See Note F.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

These loan transactions are treated as a transfer between the investment fund and the participant notes fund. The interest rate on loan transactions is commensurate with current rates. As of December 31, 2025 and 2024, the interest rates on outstanding loan balances ranged from 4.25% to 9.50%.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2025 and 2024, respectively, the Plan's investments were held by Fidelity Investments, the custodian. The following is a summary of the Plan's financial information that is included in the accompanying financial statements and supplemental schedule based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds are registered with the U.S. Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Common/collective trust funds: The investments underlying the common/collective trust fund investments generally include shares of common stock and fixed income investments whose values are determined on the basis of quoted prices in an active market. The Plan's common/collective trust fund investments are valued based on net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. These net asset based investments have been excluded from the fair value hierarchy.

NOTE D – FAIR VALUE MEASUREMENTS

Putnam Stable Value Fund: A stable value fund invested in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Plan's investment is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	December 31, 2025				
	Fair Value Measurements				
	Level 1	Level 2	Level 3	NAV-based assets (1)	Total

Total investments measured at fair value	$ 5,357,496	$ -	$ -	$20,324,697	$25,682,193

(1) The NAV-based assets are generally redeemable on a daily basis with a one day notice with no restrictions and there are no unfunded commitments.

NOTE E – FIDELITY ADVISOR STABLE VALUE FUND

The Plan's investments include the Fidelity Advisor Stable Value Fund ("Fund"). The Fund invests in traditional fully benefit-responsive guaranteed investment contracts. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but will not go below 0%. Crediting rates are typically reset on a monthly or quarterly basis. The guaranteed investment contract does not permit the Fund to terminate the agreement prior to the scheduled maturity date.

The Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE E – FIDELITY ADVISOR STABLE VALUE FUND

During 2025 and 2024, the average yields for the Fidelity Advisor Stable Value Fund is as follows:

	2025	2024
Yield analysis, based on actual earnings	4.00	3.92

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE F – RELATED-PARTY TRANSACTIONS

Fidelity Management Trust Company (FMTC) acts as trustee and custodian of the Plan. Fidelity Investments Institutional Operations Company is the Plan record keeper. During the years ended December 31, 2025 and 2024, the Plan paid Fidelity Investments Institutional Operations Company $35,929 and $34,490, respectively, in direct compensation for administrative services.

Certain mutual funds offered as investment options under the Plan are managed by Fidelity Investments. These transactions qualify as party in interest transactions.

Effective March 1, 2018 and modified December 1, 2018, the Plan entered into a Fixed Basis Point Recordkeeping and Administrative Services Pricing Agreement and Revenue Credit Agreement with Fidelity Investments Institutional whereby administrative expenses may be offset by a revenue credit if certain target annual revenues from investment options are met. For December 31, 2025 and 2024, the Plan earned $0 from the revenue credit. Under this agreement, Fidelity Investments Institutional Operations Company was paid $0 for administrative services for the years ended December 31, 2025 and 2024. These transactions are exempt party-in-interest transactions.

In August 1, 2018, the Company entered into an institutional services agreement with NFP Retirement Inc. (advisors) for selected fiduciary services for the Plan. Effective February 2023, the Plan changed advisor to Raymond James and Associates, Inc. These services include: assist in the education of participants, make on site visits to meet with participants, provide plan design consulting services, review the structure and amount of fees paid to service providers, select and monitor investment alternatives, provide investment advisory services and develop the Plan's investment policies and objectives. The advisors are in partnership with Fidelity and share in the fiduciary liability and responsibility associated with the Plan. These advisors received $30,000 from Raymond James during the years ended December 31, 2025 and 2024 in direct compensation from the Plan Sponsor. These transactions are exempt party-in-interest transactions.

NOTE F – RELATED-PARTY TRANSACTIONS

The Plan allows for participant loans. These loans are exempt party-in-interest transactions.

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

Bland Garvey, P.C. performs the annual audit of the Plan. This transaction is an exempt party-in-interest transactions.

Millennium Trust Company, LLC is the designated provider of individual retirement accounts that are established and maintained for automatic rollovers from the Plan for mandatory distributions between $1,000 to $5,000, if the participant does not elect either a direct rollover or to receive a distribution of their account balance.

NOTE G – SEPARATED PARTICIPANTS WITH VESTED BENEFITS

There were 13 and 9 terminated participants with total vested benefits of $665,887 and $244,130 as of December 31, 2025 and 2024, respectively.

NOTE H – DETERMINATION LETTER

The Internal Revenue Service (IRS) has determined and informed the Sponsor by letter dated June 30, 2020, that the form of the Plan is qualified under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator does not anticipate that subsequent amendments to the Plan after the date covered by the Internal Revenue Service's determination letter will affect the qualified status of the Plan.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

Other	2	-
Excess contributions payable	-	6,301
Net assets available for benefits per the Form 5500	$ 31,174,586	$ 26,246,136

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2025, to Form 5500:

Net increase in assets per financial statements	$ 4,965,926
Employees and employer receivable	(31,177)
Other	2
Excess contributions payable	(6,301)
Net increase in assets per the Form 5500	$ 4,928,450

NOTE J – DERIVATIVES

The Plan has no instruments that, in whole or part, are accounted for as a derivative instrument under current authoritative literature, *Accounting for Derivative Instruments and Hedging Activities,* during the current plan year.

NOTE K – RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

NOTE L – FIDELITY BOND

ERISA requires a fidelity bond at the beginning of each plan year in the amount of 10% of the assets of the Plan but must not be less than $1,000 and need not be greater than $500,000. The Plan has a $600,000 fidelity bond. The term of the fidelity bond is from August 1, 2023, through August 1, 2026.

NOTE M – INCOME TAX STATUS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE N – DELINQUENT CONTRIBUTIONS

As required by ERISA Section 103(a)(3)(C) 29 CFR 2510.3-102, the plan sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable but in no event more than 15 days following the end of the month in which amounts are withheld from wages. It is the Plan sponsor's funding policy to remit employee contributions as soon as administratively possible, but no later than seven business days after the date of the payroll and employer contributions are sent to the plan on same dates as employee contributions.

During 2024, it was determined that some employer contributions were not remitted on a timely basis. The employer contributions considered to be late was $2,554 for the period ended December 31, 2024. This amount has been added to the Plan during 2024.

NOTE O – SUBSEQUENT EVENTS

The Plan Sponsor has evaluated subsequent events through the date which the financial statements were available to be issued on September 23, 2026.
