To the Administrative Committee and Management of
KLS-Martin, L.P. 401(k) Salary Reduction
Plan and Trust
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note B.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the Financial Statements

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provision, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note B.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule (modified cash basis) Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- DESCRIPTION OF PLAN

The following description of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL – The Plan is a defined contribution plan covering substantially all employees of KLS-Martin, L.P. and KLS-Martin Manufacturing, LLC who have completed 250 hours of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the plan. The Board of Trustees also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CONTRIBUTIONS – Participants may elect to contribute a percentage of their eligible compensation to the Plan on a pre-tax basis, a Roth (after-tax designated) basis, or a combination thereof, subject to the annual limits under Code Section 402(g) (as adjusted for cost-of-living increases) and any Plan-imposed limits. Participants who have attained age 50 by the end of the Plan year may make additional catch-up contributions, subject to applicable limits.

In addition, the Plan permits participants to make voluntary after-tax (non-Roth) employee contributions. These after-tax contributions are made from after-tax compensation, are not deductible by the participant for federal income tax purpose, and are not subject to the overall annual additions limit under Code Section 402(g). However, they are subject to the overall annual additions limit under Code Section 415(c) (as adjusted annually) and are included in the Actual Contribution Percentage (ACP) nondiscrimination test under Code Section 401(m). After-tax contributions may be made up to a percentage of eligible compensation (or a fixed dollar amount) as permitted by the Plan, provided that total annual additions (including elective deferrals, employer contributions, after-tax contributions, and allocated forfeitures) do not exceed the Section 415 limit.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a nondiscretionary trust arrangement with diversified investment offerings as well as a self-directed brokerage account option as investment options for participants. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan sixty days after eligibility, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated target date fund based on the participant's date of birth and anticipated retirement at age 65 until changed by the participant.

Profit sharing contributions may be contributed at the option of the controlled group of participating employer's Board of Directors. Each employer may determine a separate discretionary contribution for participants working in different business units or locations. The discretionary companies' contributions are invested in the investment options offered by the Plan as directed by the participant.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and an allocation of (a) the applicable employer's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A -- DESCRIPTION OF PLAN (CONTINUED)

VESTING – Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the applicable employer's discretionary contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% to 9.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

PAYMENTS OF BENEFITS - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other specified manner of payment, not to extend beyond the participant's life expectancy (or the life expectancy of the participant and his or her designated beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

FORFEITED ACCOUNTS – On each annual valuation date, forfeitures will be allocated to participants. In accordance with Plan provisions, forfeited accounts totaling $108,194 and $96,452 were allocated to participants as of December 31, 2025 and 2024, respectively.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The accounts of the Plan are maintained, and the accompanying financial statements have been prepared on the modified cash basis: investment income is recognized when received and disbursements are recognized when made. Additionally, investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with generally accepted accounting principles.

DATE OF MANAGEMENT'S REVIEW – Subsequent events were evaluated through September 28, 2026, which is the date the financial statements were available to be issued.

NOTES RECEIVABLE FROM PARTICIPANTS – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded when received. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

ESTIMATES – The preparation of financial statements in conformity with the modified cash receipts and disbursements basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENTS OF BENEFITS - Benefits are recorded when paid.

EXPENSES - The Plan's administrative expenses are paid by either the Plan or the Companies as provided by the Plan document. Investment related expenses are included in the net appreciation of fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged to the participant's account. Certain administrative functions are performed by employees of the Companies. No such employee receives compensation from the Plan.

NOTE C -- PLAN AMENDMENTS

Effective October 1, 2025, the Plan was amended to allow in-plan Roth rollover contributions and in-plan Roth rollover transfers.

Effective November 1, 2025, the Plan was amended to allow after-tax voluntary employee contributions.

NOTE D -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits – Modified Cash Basis. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D -- FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 3 inputs available to the Plan.

Level 1 Fair Value Measurement

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") as reported by the fund. The mutual funds are registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Self-Directed Brokerage Accounts – These investments in Bank of America, N.A. allow participants to direct purchase and sales within their investments. This holds participants responsible for controlling their investments. Investment options are generally limited to items in actively traded markets with readily determinable values.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2025			
Mutual Funds	$ 69,221,191	$ 69,221,191	$ -

Gains and losses included in changes in net asset available for benefits for the year ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

NOTE E -- UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The December 31, 2025 and 2024 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustees as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act (ERISA) of 1974.

NOTE E -- UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE ()CONTINUED)

The fair value of investments at December 31, 2025 and 2024, as certified by the Trustee, is summarized as follows:

	2025	2024
Mutual Funds	$ 69,221,191	$ 56,770,601
Self-Directed Brokerage Accounts	15,366,464	12,848,809
Non-Interest Bearing Cash	695	225
	$ 84,588,350	$ 69,619,635
Notes Receivable from participants	$ 592,929	$ 537,088
Net appreciation (depreciation) in fair value of investments	$ 7,006,646	$ 5,218,832
Earnings on investments	$ 5,626,993	$ 5,891,257
Interest income	$ 108,269	$ 120,956
Interest income from notes receivable from participants	$ 48,603	$ 37,693

NOTE F -- RELATED-PARTY TRANSACTIONS

The Plan does not consider the Companies' contributions to the Plan to be party-in-interest transactions. The Companies' provide certain accounting and administrative services to the Plan for which no fees are charged.

NOTE G -- TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2014 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H -- ALLOCATIONS TO TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2025 and 2024 include $4,646,424 and $4,651,191, respectively, allocated to the accounts of persons who as of or prior to December 31, 2024 and 2023 had terminated employment with KLS-Martin, L.P. Per the Plan document, any distribution to a participant who has a benefit which equals or exceeds $5,000 requires such participant's consent if such distribution commences prior to the later of normal retirement age or age 62. If a participant fails to consent, it is deemed an election to defer commencement of payment of any benefit. As of December 31, 2025 and 2024, no benefit consent had been received by the Plan with respect to any terminated participant account balance.

NOTE I -- PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE J -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits – modified cash basis.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Management of
KLS-Martin, L.P. 401(k) Salary Reduction
Plan and Trust
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note B.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the Financial Statements

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provision, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note B.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule (modified cash basis) Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- DESCRIPTION OF PLAN

The following description of KLS-Martin, L.P. 401(k) Salary Reduction Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL – The Plan is a defined contribution plan covering substantially all employees of KLS-Martin, L.P. and KLS-Martin Manufacturing, LLC who have completed 250 hours of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the plan. The Board of Trustees also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CONTRIBUTIONS – Participants may elect to contribute a percentage of their eligible compensation to the Plan on a pre-tax basis, a Roth (after-tax designated) basis, or a combination thereof, subject to the annual limits under Code Section 402(g) (as adjusted for cost-of-living increases) and any Plan-imposed limits. Participants who have attained age 50 by the end of the Plan year may make additional catch-up contributions, subject to applicable limits.

In addition, the Plan permits participants to make voluntary after-tax (non-Roth) employee contributions. These after-tax contributions are made from after-tax compensation, are not deductible by the participant for federal income tax purpose, and are not subject to the overall annual additions limit under Code Section 402(g). However, they are subject to the overall annual additions limit under Code Section 415(c) (as adjusted annually) and are included in the Actual Contribution Percentage (ACP) nondiscrimination test under Code Section 401(m). After-tax contributions may be made up to a percentage of eligible compensation (or a fixed dollar amount) as permitted by the Plan, provided that total annual additions (including elective deferrals, employer contributions, after-tax contributions, and allocated forfeitures) do not exceed the Section 415 limit.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a nondiscretionary trust arrangement with diversified investment offerings as well as a self-directed brokerage account option as investment options for participants. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan sixty days after eligibility, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated target date fund based on the participant's date of birth and anticipated retirement at age 65 until changed by the participant.

Profit sharing contributions may be contributed at the option of the controlled group of participating employer's Board of Directors. Each employer may determine a separate discretionary contribution for participants working in different business units or locations. The discretionary companies' contributions are invested in the investment options offered by the Plan as directed by the participant.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and an allocation of (a) the applicable employer's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A -- DESCRIPTION OF PLAN (CONTINUED)

VESTING – Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the applicable employer's discretionary contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% to 9.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

PAYMENTS OF BENEFITS - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other specified manner of payment, not to extend beyond the participant's life expectancy (or the life expectancy of the participant and his or her designated beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

FORFEITED ACCOUNTS – On each annual valuation date, forfeitures will be allocated to participants. In accordance with Plan provisions, forfeited accounts totaling $108,194 and $96,452 were allocated to participants as of December 31, 2025 and 2024, respectively.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The accounts of the Plan are maintained, and the accompanying financial statements have been prepared on the modified cash basis: investment income is recognized when received and disbursements are recognized when made. Additionally, investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with generally accepted accounting principles.

DATE OF MANAGEMENT'S REVIEW – Subsequent events were evaluated through September 28, 2026, which is the date the financial statements were available to be issued.

NOTES RECEIVABLE FROM PARTICIPANTS – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded when received. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

ESTIMATES – The preparation of financial statements in conformity with the modified cash receipts and disbursements basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENTS OF BENEFITS - Benefits are recorded when paid.

EXPENSES - The Plan's administrative expenses are paid by either the Plan or the Companies as provided by the Plan document. Investment related expenses are included in the net appreciation of fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged to the participant's account. Certain administrative functions are performed by employees of the Companies. No such employee receives compensation from the Plan.

NOTE C -- PLAN AMENDMENTS

Effective October 1, 2025, the Plan was amended to allow in-plan Roth rollover contributions and in-plan Roth rollover transfers.

Effective November 1, 2025, the Plan was amended to allow after-tax voluntary employee contributions.

NOTE D -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits – Modified Cash Basis. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D -- FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 3 inputs available to the Plan.

Level 1 Fair Value Measurement

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") as reported by the fund. The mutual funds are registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Self-Directed Brokerage Accounts – These investments in Bank of America, N.A. allow participants to direct purchase and sales within their investments. This holds participants responsible for controlling their investments. Investment options are generally limited to items in actively traded markets with readily determinable values.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

NOTE E -- UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The December 31, 2025 and 2024 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustees as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act (ERISA) of 1974.

NOTE E -- UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE ()CONTINUED)

The fair value of investments at December 31, 2025 and 2024, as certified by the Trustee, is summarized as follows:

	2025	2024
Mutual Funds	$ 69,221,191	$ 56,770,601
Self-Directed Brokerage Accounts	15,366,464	12,848,809

Net appreciation (depreciation) in fair value of investments	$ 7,006,646	$ 5,218,832
Earnings on investments	$ 5,626,993	$ 5,891,257
Interest income	$ 108,269	$ 120,956
Interest income from notes receivable from participants	$ 48,603	$ 37,693

NOTE F -- RELATED-PARTY TRANSACTIONS

The Plan does not consider the Companies' contributions to the Plan to be party-in-interest transactions. The Companies' provide certain accounting and administrative services to the Plan for which no fees are charged.

NOTE G -- TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2014 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H -- ALLOCATIONS TO TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2025 and 2024 include $4,646,424 and $4,651,191, respectively, allocated to the accounts of persons who as of or prior to December 31, 2024 and 2023 had terminated employment with KLS-Martin, L.P. Per the Plan document, any distribution to a participant who has a benefit which equals or exceeds $5,000 requires such participant's consent if such distribution commences prior to the later of normal retirement age or age 62. If a participant fails to consent, it is deemed an election to defer commencement of payment of any benefit. As of December 31, 2025 and 2024, no benefit consent had been received by the Plan with respect to any terminated participant account balance.

NOTE I -- PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE J -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits – modified cash basis.
