Independent Auditor's Report

Participants and Plan Administrator
Retirement Savings Plan of Bell Laboratories, Inc.
Windsor, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Retirement Savings Plan of Bell Laboratories, Inc. ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Retirement Savings Plan of Bell Laboratories, Inc. ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is intended to meet the requirements of Section 401(a) of the Internal Revenue Code (IRC) and qualify as a defined contribution plan and was established to provide retirement benefits to eligible employees of Bell Laboratories, Inc. ("Company"). The Plan is a Safe Harbor plan in accordance with provisions described in Section 401(k)(12) of the Internal Revenue Code (IRC).

The assets of the Plan are held for the exclusive benefit of the participating employees. An employee is eligible to participate in the elective deferral and employer matching portion of the Plan after the first month following six months of service. An employee is eligible to participate in the discretionary profit-sharing contribution for the plan year providing that the employee is eligible to contribute to the Plan and is employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan allows participants to make pre-tax and/or Roth contributions of up to 60 percent of their base salary, subject to certain IRC limitations ($23,500 for 2025) in each calendar year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500 in 2025. Employee contributions are fully vested.

The Company makes a Safe Harbor matching contribution on behalf of a participant. Matching contributions for the year ended December 31, 2025 equaled to 100 percent of a participant's elective deferral contributions that were not over three percent of a participant's eligible compensation, plus 50 percent of a participant's elective deferral contributions that were over three percent of a participant's eligible compensation but were not over six percent of eligible compensation. The Company offset the matching contributions with $61,362 in forfeitures for the year ended December 31, 2025. The Company may also make a discretionary profit-sharing contribution to the Plan each year. The Company approved $1,176,890 for discretionary profit-sharing contributions for the year ended December 31, 2025.

The Plan also accepts rollovers from other tax-qualified plans.

Note 1 - Description of Plan (Continued)

Participant Accounts

Participants are allowed to direct their account balance, their contributions, employer matching and employer discretionary contributions into any of the investment options available.

Each participant's account is credited or charged with the participant's contribution and the employer's matching contribution, an allocation of the Company's profit-sharing contributions based on participant compensation and an allocation of Plan investment income or loss. Participants share pro rata in any investment income or loss of the funds, based upon individual participant account balances in the respective funds as of the end of each day.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the company may determine.

Vesting

Participants are fully vested in their employee elective deferral contributions, rollover contributions, employer Safe Harbor matching and the earnings thereon at all times. Benefits from profit sharing contributions vest at a rate of 20 percent per year so that a participant becomes fully vested after five years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 not to exceed the lesser of $10,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Notes are repaid by periodic payroll deductions over terms that range from one to five years. The interest rates on notes receivable from participants ranged from 4.25 percent to 9.5 percent at December 31, 2025.

Upon participant termination or retirement, the outstanding loan balance is treated as a distribution to the participant if repayment is not made by the participant, or if an on-going repayment arrangement has not been made with the Plan. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Note 1 - Description of Plan (Continued)

Payment of Benefits

In the event of normal retirement, death, or permanent disability, a participant is entitled to receive the entire amount credited to the participant's account. If employment is terminated for any other reason, a participant is entitled to the vested portion of the account.

Forfeited Accounts

The Plan provides that upon a participant's termination for reasons other than retirement, death or disability, the participant's nonvested funds are forfeited. These accounts may first be used to pay administrative expenses of the Plan if so directed by the Company. Any forfeitures remaining will be used to reduce future contributions due from the Company. During the year ended December 31, 2025, Plan administrative expenses were paid using forfeitures totaling $302. During the year ended December 31, 2025, Company matching contributions were reduced by $61,362. At December 31, 2025, there was $1 of forfeited non-vested account balances that had not been applied to administrative expenses or reduction of the Company's matching contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The financial statements and supplemental schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Benefits Paid to Participants

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan unless otherwise paid by the Company at their discretion. Administrative expenses which are not paid by the Company may be paid from forfeitures or from the remaining net assets of the Plan. Personnel and facilities of the Company used by the Plan for its accounting and other activities are provided at no charge to the Plan. For the year ended December 31, 2025, administrative expenses of the Plan were paid by the Plan and from forfeitures. The Plan receives a revenue credit from Principal Trust Company ("Principal") representing a refund of a portion of the Plan's administrative expenses. The revenue credit for 2025 was $27,147 and is included in other income on the statement of net assets available for benefits.

Note 3 - Certified Information

Principal has certified the completeness and accuracy of the following information at December 31, 2025 and 2024:

	2025	2024
Statement of net assets available for benefits:		
Investments at fair value	$ 78,735,828	$ 68,085,991
Notes receivable from participants	309,837	258,870

Note 3 - Certified Information (Continued)

The following additional information for the year ended December 31, 2025 was also certified by Principal as complete and accurate:

Statement of changes in net assets available for benefits:	
Net appreciation in fair value of investments	$ 9,120,378
Interest and dividend income	1,111,854
Interest income on notes receivable from participants	25,238
Other income	27,188

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

Level 1 - which refers to securities valued using unadjusted quoted prices from active markets for identical assets;

Level 2 - which refers to securities not traded on an active market but for which observable market inputs are readily available; or

Level 3 - which refers to securities valued based on significant unobservable inputs. There are no Level 2 or Level 3 investments in this plan.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds - Valued at the published per share net asset value (NAV) of shares held by the Plan. There are no significant restrictions on redeeming these investments at NAV.

Note 4 - Fair Value Measurements (Continued)

Common collective trusts - Valued at quoted redemption values that represent the NAV of units held at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Pooled separate accounts - Valued at the NAV of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 42,496,013	$ -	$ -	$ 42,496,013
Investments measured at NAV*				
Common collective trusts	-	-	-	36,239,815
Total investments at fair value	$ 42,496,013	$ -	$ -	$ 78,735,828

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,766,350	$ -	$ -	$ 40,766,350
Investments measured at NAV*				
Collective investment trusts	-	-	-	20,688,716
Pooled separate accounts	-	-	-	6,630,925
Total investments at fair value	$ 40,766,350	$ -	$ -	$ 68,085,991

Note 4 - Fair Value Measurements (Continued)

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2025:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 36,239,815	N/A	Daily	N/A

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2024:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 20,688,716	N/A	Daily	N/A
Pooled separate accounts	6,630,925	N/A	Daily	N/A
Total	$ 27,319,641			

Note 5 - Stable Value Funds

The Reliance MetLife Stable Value Fund Series 25053 - Class 0 ("Reliance Stable Value Fund"), included in common collective trusts at December 31, 2025 and 2024, holds investment contracts that are deemed to be fully benefit-responsive investment contracts. However, this is considered to be an indirect fully benefit-responsive investment contract investment and is reflected at NAV as a practical expedient which is considered fair value. The NAV is equal to contract value of the underlying investment and is equal to the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals or transfers. The Reliance Stable Value Fund is not available for sale or transfer on any securities exchange.

Note 5 - Stable Value Funds (Continued)

The existence of certain conditions can limit the Reliance Stable Value Fund's ability to execute transactions at contract value. Specifically, any event outside the normal operation of the Reliance Stable Value Fund that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Reliance Stable Value Fund or a unitholder, tax disqualification of the Reliance Stable Value Fund or a unitholder, and certain Reliance Stable Value Fund amendments if issuers' consent is not obtained.

As of December 31, 2025, the occurrence of an event outside the normal operation of the Reliance Stable Value Fund that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a unitholder suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such unitholder 's interest in the Reliance Stable Value Fund without the need to access investment contracts. The balance of the Reliance Stable Value Fund at December 31, 2025 and 2024 was $14,706,626 and $12,257,127, respectively.

Note 6 - Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee organization, or relatives of such persons.

The Plan's investments are managed by Principal. Principal acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Plan paid for expenses related to its investment activity and plan operations. Those transactions qualified as party-in-interest (see Note 2 - Administrative Expenses).

Note 7 - Administration of Plan Assets

The Plan assets were held and managed by Principal for the years ended December 31, 2025 and 2024. Principal invests cash, interest and dividend income as directed by the participants of the Plan.

Note 8 - Tax Status

The Plan adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA which has a favorable advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC, and therefore, the related trust is exempt from taxation. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 10 - Subsequent Events

Management has evaluated subsequent events through September 15, 2026, which is the date the financial statements were available to be issued.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 as of December 31, 2025 and 2024 and for the year ended December 31, 2025:

	2025	2024
