Independent Auditor's Report

The Plan Administrator
AQR Capital Management, LLC 401(k) Plan
Greenwich, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AQR Capital Management, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the AQR Capital Management, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of AQR Capital Management, LLC (the Company or Employer). The Company is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's assets and recordkeeping functions are held and performed by Bank of America, N.A. (BOA), the Trustee of the Plan.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, including bonuses. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts from other eligible retirement plans (rollovers), as defined in the Plan Document. Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC). The Company may contribute discretionary matching and profit-sharing contributions. During 2025 and 2024, the Company made discretionary matching contributions of $1,469,246 and $1,495,814, respectively, net of forfeitures applied. There were no profit-sharing contributions during the years ended December 31, 2025 and 2024.

Effective April 1, 2018, eligible employees hired on or after January 6, 2016, including those who have never made an elective deferral in the Plan, shall be deemed to have elected a pre-tax contribution of 6% of compensation through an automatic enrollment feature. Further, an automatic increase feature was applied to all eligible employees who are automatically enrolled in the Plan on or after January 6, 2016 in an amount of 1% annually, up to a maximum of 10%. Participants may choose to opt out of the Plan or change the amount of their contributions.

The Plan also allows in-Plan Roth rollover conversions.

Effective January 1, 2023, participants may contribute after-tax voluntary employee contributions to the Plan.

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and profit-sharing contributions, if any, and an allocation of the Plan investment earnings and is charged with an allocation of Plan investment losses and administrative expenses.

Participants may direct contributions in any investment options offered by the Plan and may change their investment options at any time, subject to the terms of any redemption notice period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their employee pre-tax contributions, Roth, after-tax, and rollover contributions, and any income or loss thereon. Participants become fully vested in Company discretionary matching and profit-sharing contributions after three years of service.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant or beneficiary may elect to receive a distribution in cash or in-kind.

Notes Receivable from Participants

Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance in the prior 12-month period or 50% of their vested account balance. Loan terms range from one to five years unless it is for the purchase of a primary residence for which the loan may exceed five years. The loans are collateralized by the balance in the participant's account and bear interest, as determined reasonable by the Plan administrator based on the prevailing interest rates at the time of the loan. Principal and interest are paid through payroll deductions.

Forfeitures

Forfeitures are used to reduce Plan expenses and also to reduce Employer contributions. The amount of forfeitures used to reduce Plan expenses was $0 for the years ended December 31, 2025 and 2024. The amount of forfeitures used to reduce Employer contributions for the years ended December 31, 2025 and 2024 was $1,012,130 and $658,000, respectively. The forfeiture balance was $929,038 and $905,636 at December 31, 2025 and 2024, respectively.

Administrative Expenses

Plan recordkeeping fees are paid for by the Employer or by the Plan through the use of forfeitures, when available. Other transaction fees, including loan origination and distribution fees, are paid by Plan participants and are deducted from the respective participant accounts. Expenses that are paid by the Employer are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and the disclosures of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's losses and gains on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions, based upon the terms of the Plan Document.

3. Fair Value Measurements

GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

A description of the valuation techniques applied to the Plan's major categories of assets measured at fair value is as follows:

Mutual Funds – Mutual funds are valued at the net asset value (NAV) of a single share. The funds are valued on daily basis at the close of the business day. The assets of each fund consist primarily of shares of the underlying holding, which are valued at their respective NAV. These investments are priced by the Plan's Trustee using nationally recognized pricing services based on observable market data and classified as Level 1.

Common/Collective Trusts (CCTs) - Unit values are calculated based on the net assets of the underlying securities of the common collective trusts. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The investments in the common collective trusts are redeemable at NAV on a daily basis. These common collective trusts are direct-filing entities.

It is possible that the redemption rights may be restricted in the future due to changes in market conditions, liquidity requirements, and the economic environment, which may significantly affect the NAV of the common collective trusts and, consequently, the fair value of the Plan's investments. The Plan does not have unfunded commitments at December 31, 2025 and 2024.

Self-Directed Brokerage Account - These accounts comprise common stock and mutual funds. The individual investments in the self-directed brokerage accounts are valued on the basis of readily determinable market prices. The self-directed brokerage account has been classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the level within the fair value hierarchy at which the Plan's financial assets are measured on a recurring basis. As required by GAAP, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurements:

December 31, 2025

	Balance	Level 1	Level 2	Level 3
Mutual funds	$ 182,265,056	$ 182,265,056	$ -	$ -
Self-directed brokerage account	12,711,009	12,711,009	-	-
Total, in the fair value hierarchy	194,976,065	$ 194,976,065	$ -	$ -
Common collective trusts*	35,148,188			
Total Investments, at fair value	$ 230,124,253			

December 31, 2024

	Balance	Level 1	Level 2	Level 3
Mutual funds	$ 150,961,808	$ 150,961,808	$ -	$ -
Self-directed brokerage account	8,625,536	8,625,536	-	-
Total, in the fair value hierarchy	159,587,344	$ 159,587,344	$ -	$ -
Common collective trusts*	30,361,252			
Total Investments, at fair value	$ 189,948,596			

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2025 and 2024.

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments, cash, and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, income on self-directed brokerage account, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by BOA, a qualified institution.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become fully vested.

6. Risk and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The Internal Revenue Service (IRS) ruled on June 30, 2020 that the Non-Standardized Prototype Profit-Sharing Plan (the prototype plan upon which the Plan is based) qualifies under Section 401(a) of the IRC, and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since the date of the opinion letter, the Plan management believes that the

Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Party-in-Interest Transactions

Certain Plan investments are common collective trusts managed by companies related to the Company and, therefore, these transactions qualify as party-in-interest transactions. The self-directed brokerage account has Plan investments related to the Company and, therefore, these transactions may qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

9. Subsequent Events

The Plan's management has evaluated subsequent events through September 28, 2026, the date on which the financial statements were available to be issued.
