REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Pep Boys 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of The Pep Boys 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - PLAN DESCRIPTION

The following description of The Pep Boys 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2023 as a result of a spin-off from the IEH Auto Parts LLC 401(k) Plan (the "IEH 401(k) Plan"). Participant balances approximating $175,000,000 were transferred and employees of The Pep Boys - Manny, Moe & Jack of California LLC, Pep Boys - Manny, Moe & Jack of Delaware LLC, American Driveline Systems, Inc., AAMCO Transmissions, LLC, Car Sales of Pennsylvania LLC, PTAC Operating Centers LLC, Precision Tune Auto Care Inc, and The Pep Boys - Manny, Moe & Jack LLC began participating in the Plan on January 1, 2023.

The Plan is a defined contribution plan sponsored by The Pep Boys – Manny, Moe & Jack LLC (the "Company" or "Plan Sponsor"). The purpose of the Plan is to allow participating employees to save for retirement. In addition to retirement benefits, the Plan provides certain benefits in the event of death, disability, or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Prior to August 1, 2024, T. Rowe Price Trust Company ("T. Rowe Price") served as trustee.

Effective August 1, 2024, the Company changed trustees from T. Rowe Price to Fidelity Management Trust Company ("Fidelity").

Eligibility

Full-time employees and part-time employees are eligible to participate immediately upon hire.

Transfers

Transfers of assets between affiliated plans occur as participants change locations.

Contributions

Participants can contribute up to 75% of eligible compensation as pre-tax and/or designated Roth contributions. Upon meeting the eligibility requirements, participants who do not affirmatively make a deferral election will be automatically enrolled in the Plan at 6% of their eligible compensation as a pre-tax contribution. Prior to August 1, 2024, the automatic enrollment period took effect twelve months after becoming eligible. Effective August 1 2024, the automatic enrollment period was reduced to 90 days. A participant that is automatically enrolled shall have their contribution rate of 6% increased by 1% annually up to 15% unless an affirmative election is made by the participant to change their contribution rate.

Contributions are subject to certain limits specified by the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants are permitted to transfer amounts representing distributions from other qualified plans to the Plan.

The Company may contribute to the Plan, on behalf of each eligible participant, a discretionary matching contribution. Effective August 1, 2024, the Company began making a discretionary matching contribution equal to 50% of the elective deferrals up to 6% of the participant's eligible compensation on a payroll period basis.

From April 1, 2020 through July 31, 2024, the discretionary match was suspended.

During the year ended December 31, 2024, there were approximately $1,907,000 in discretionary matching contributions made.

Participant Accounts

A separate account is established for each participant. The account is credited or charged, as applicable with the participant's salary deferral contributions, an allocation of the Company's contributions, the participant's share of investment earnings and losses, the participant's distributions and certain administrative charges. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their account into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their rollovers and participant contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions made prior to August 1, 2024, plus actual earnings thereon, is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years of service	0%
2 years of service	25%
3 years of service	50%
4 years of service	75%
5 years or more of service	100%

Participants years of service were carried over from the IEH 401(k) Plan into this Plan to determine their vesting.

Vesting for the Company's discretionary matching contributions made on or after August 1, 2024, plus actual earnings was amended to the following:

Years of Service	Vested Percentage
For less than 1 year of service	0%
1 year of service	33%
2 years of service	66%
3 years of service	100%

Participants are 100% vested if employed by the Company upon death, disability or upon attainment of age 65.

Forfeitures

An employee may forfeit the non-vested portion of their account if employment ceases and the employee is less than 100% vested in any Company contributions made to their account. Forfeitures are retained in the Plan and may be used to reduce future Company contributions, to the extent any such contributions are made, or to pay Plan expenses. If forfeitures remain after all contribution obligations are satisfied or upon termination of the Plan, and such forfeitures cannot be used to pay Plan expenses, the remainder shall be re-allocated among participants. Forfeited non-vested accounts totaled $1,492,498 and $2,166,515 as of December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, $648,976 and $184,049 of forfeitures were used to offset Company discretionary matching contributions and plan expenses.

Payment of Benefits

Upon retirement, disability, death or termination of service, a participant may receive a lump sum distribution equal to the value of the vested portion of his or her account. Distributions are subject to the applicable provisions of the Plan document. The Plan allows in-service withdrawals upon attaining age 59½ and hardship withdrawals, under certain conditions based on participant eligibility and approval by the Plan administrator.

Notes Receivable from Participants

Participants may borrow from their accounts, up to a maximum equal to the lesser of 50% of their vested account balance at the time of the loan or $50,000 less the amount of the highest outstanding loan balance in the prior 12-month period. The maximum term of a general loan is five years and the maximum term of a loan for the purchase of a primary residence is 15 years. The loans are secured by the balance in the participants' accounts and bear interest at fixed rates which are based on the published prime rate plus 1% at the time the loan is initiated. Interest rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2024 and 2023. Participants may have only one loan outstanding at any one time and can prepay loans in full at any time. Principal and interest is primarily paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Other Income

Prior to August 1, 2024, T. Rowe Price Retirement Plan Services, Inc. received certain pricing credits and/or revenue sharing payments for administrative services associated with certain investments offered in the Plan and periodically shared those pricing credits and/or revenue sharing payments with the Plan and allocated them to participants in proportion to their Plan account balances invested in those options.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. The recordkeeper of the Plan charges a quarterly administrative fee that is charged directly to the participant accounts.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.

Effective July 21, 2025, the IEH 401(k) Plan merged into the Plan. Total assets of approximately $75,200,000 were transferred and the participants of the IEH 401(k) Plan became participants of the Plan.

The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued at the NAV of units held by the Plan at year end, as determined by the fair value of the underlying assets. Underlying assets include commingled pools of exchange traded equity, fixed income and/or short-term investments and index funds of exchange traded equity, bond and debt securities.

Stable value funds - The stable value funds are valued at the NAV of units of a collective trust. The NAV is calculated by the fund based on net assets, which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund and is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with industry practices, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 61,050,376	$ -	$ -	$ 61,050,376

NOTE D - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certifications received from Fidelity and T. Rowe Price meet the requirements of ERISA Section 103(a)(3)(C). T. Rowe Price and Fidelity certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 was certified by Fidelity and December 31, 2023 was certified by T. Rowe Price;
- Investment income, interest income on notes receivable from participants, and other income, as shown in the statement of changes in net assets available for benefits for the period January 1, 2024 through July 31, 2024 was certified by T. Rowe Price and the period August 1, 2024 through December 31, 2024 was certified by Fidelity; and
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2024 was certified by Fidelity.

NOTE E - TRANSACTIONS WITH PARTIES-IN-INTEREST

During the year ended December 31, 2024, certain Plan investments were held and managed by T. Rowe Price and Fidelity. Both T. Rowe Price and Fidelity were parties-in-interest during 2024 and therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Notes receivable from participants also qualify as allowable party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

NOTE G - TAX STATUS

The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the form of the prototype plan used by the Plan on and after August 1, 2024, is acceptable under Section 401 of the IRC. Prior to August 1, 2024, the Plan used a prototype plan for which the IRS issued an opinion letter dated August 19, 2020. Although the Plan has been amended since the opinion letter was issued, the Plan administrator believes that the Plan is designed and is currently being operated, in all material respects, in compliance with the applicable requirements of the IRC and the Plan is exempt from federal income taxes.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
