Independent Auditors' Report

To the Administrative Committee of
Amphenol Puerto Rico Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Amphenol Puerto Rico Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from BPAS Trust Company of Puerto Rico (a qualified institution), the trustee and custodian of the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Amphenol Puerto Rico Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Amphenol Puerto Rico Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan organized on April 1, 2014. It is a qualified plan, exempt from Puerto Rico income taxes in compliance with Section 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended, (2011 PR Code) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). It covers all full-time employees of Amphenol Advanced Sensors Puerto Rico, LLC (the Plan Sponsor) who have three months of service with the company with no age requirement.

BPAS Trust Company of Puerto Rico is the trustee and custodian of the Plan's assets. Recordkeeping services are provided by Benefit Plans Administrative Services, Inc. UBS Financial Services of Puerto Rico is the Plan's investment advisor. The Plan's Administrative Committee is responsible for oversight of the Plan.

2. Contributions

Participants must file a written election form with the Plan Administrator indicating the amount of pre-tax contribution they wish to make up to $15,000 (which is the maximum deferral amount applicable to 2025 as specified by the Puerto Rico Internal Revenue Code of 2011) and agree to reduce their compensation for such amount. The Plan includes an automatic enrollment of an initial uniform percentage rate of 3% (increasing 1% in each succeeding year until 6%) for those employees who do not have an affirmative election regarding pre-tax contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans, subject to the conditions and limitations set forth in the Plan agreement. The Plan provides for voluntary after-tax contributions equal to 10% of compensation for the Plan year. The Employer may match pre-tax contributions in amounts, if any, at the Employer's discretion. For Plan years 2025 and 2024, the Plan Sponsor contributed one dollar for every dollar of the participant's contribution up to 6% of their basic compensation.

3. Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan Sponsor's matching contribution, (b) investment earnings, (c) participant forfeitures and charged with an allocation of withdrawals. Allocations are based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon attaining six years of credited service, 80% upon attaining five years, 60% upon attaining four years, 40% upon attaining three years and 20% upon attaining two years. Notwithstanding the above, all participants are 100% vested attaining age 65 (not before age 62 and no later than age 65) and after completing 5 years of participation in the Plan. For early retirement, a participant can also become fully vested upon reaching age 55 and after completing 5 years of service.

NOTE A - DESCRIPTION OF THE PLAN - Continued

5. Notes Receivable from Participants

The Plan permits Participants to borrow from their Plan's accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Notes term cannot exceed 5 years (60 months) and bears interest at the highest prime rate published in the Money Rates section of the Wall Street Journal. Loans are provided through by MyPlanLoan Administration Program under a non-revolving line of credit program administered by BPAS. When issued, loan amount is withdrawn from the Participant's Plan investments and transferred to a Participant's MyPlanLoan account. Amounts are paid directly by the Participants to BPAS and not through payroll deductions by the employer.

6. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

7. Forfeited Accounts

Upon participant's termination from employment or withdrawal from the Plan for any reason other than death, retirement or disability, the employer contributions on behalf of the participants not then vested are forfeited and are first used to pay for Plan's administrative expenses and then to reduce future employer contributions. Forfeited non-vested accounts amounted to $102,953 and $79,583, as of December 31, 2025 and 2024, respectively. During 2025, no forfeiture withdrawals were used to pay for Plan's missed employer contributions.

8. In-service withdrawals

To the extent provided by the Plan, a Participant whose employment has not terminated may make withdrawals from his pre-tax, after-tax or rollover contributions for financial hardship or after attaining age 59 ½. Withdrawal for financial hardship will be permitted if the Participant has an immediate and heavy financial need, as defined by the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America under the accrual basis of accounting.

2. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchase and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when it is earned. Related fees are charged directly to the borrowing Participant's account and are recorded as administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the Participant loan to be in default, the loan balance is reported as a taxable deemed distribution in Form 5500. However, the loan balance is not offset against the Participant's account balance until a distributable event, as defined by the Plan Document, occurs.

5. Payment of Benefits

Benefit payments to participants are recorded when paid.

6. Administrative Expenses

The Plan's administrative expenses include administration, participant and assets fees and certain distribution fees charged against the Plan's assets or charged directly to the respective participants' account balances. Other administrative and recordkeeping fees were paid by the Plan's Sponsor and therefore excluded from the statement of changes in net assets available for benefits.

7. Benefits Payment Recognition

Benefits paid directly to participants are recorded when paid. In a defined contribution plan these payments should be disclosed in the notes to financial statements rather than been recorded as a liability of the Plan. Benefits due to withdrawn participants, not paid as of December 31, 2025 and 2024 amounted to $465,526 and $111,753, respectively.

8. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE C – INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of the investment information regarding the Plan as of December 31, 2025 and 2024 and included in the Plan's financial statements and supplemental schedule, that was prepared by BPAS Trust Company of Puerto Rico, the trustee and the custodian of the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025. The information was furnished to the plan administrator. The plan administrator has obtained a certification from the custodian, that such information, is complete and accurate, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, as of December 31, 2025 and 2024, and for the year ended December 31, 2025 as disclosed below:

- **Statements of Net Assets Available for Benefits:**

	2025	2024
Investments, at fair value	$ 5,312,581	$ 4,550,440
Notes receivable from participants	141,144	101,306

- **Statement of Changes in Net Assets Available for Benefits – investment income (loss):**

	2025
Net appreciation in fair value of investments	$ 262,554
Dividends and interest	383,114
Interest income on notes receivable from participants	9,688

- Information included in the supplemental **Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year).**

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,635,546	$ -	$ -	$ 4,635,546
Money market fund	-	677,035	-	677,035
Total investment	**$ 4,635,546**	**$ 677,035**	**$ -**	**$ 5,312,581**

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,970,272	$ -	$ -	$ 3,970,272
Money market fund	-	580,168	-	580,168
Total investment	**$ 3,970,272**	**$ 580,168**	**$ -**	**$ 4,550,440**

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: The value of money market funds is not obtained from a quoted price in an active market and, as a result, the fund is considered to be valued using Level 2 inputs. Money market funds are valued using amortized cost, which approximates fair value. A money market fund aims to maintain a NAV of $1 per share.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

The following transactions performed during the year 2025, qualified as party-in-interest transactions:

1. Trustee, custodian and recordkeeping functions, which are performed by BPAS Puerto Rico Trust Company and Benefit Plans Administrative Services, Inc. as of and for the years ended December 31, 2025 and 2024,

2. Loans to participants allowed by the Plan, which are secured by the balances in the participant's accounts,

3. Certain administrative functions and transactions of the Plan, performed by fiduciaries, including employees of the Plan Sponsor and the administrative committee,

4. Payment by the Plan's Sponsor of certain administrative and recordkeeping fees; these fees, amounting to $5,737 during 2025, are excluded from the statement of changes in net assets available for benefits.

Such transactions are exempt from being prohibited transactions under ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

BPAS Trust Company of Puerto Rico serves as the trustee of the Plan, effective April 1, 2020. The Plan adopted the BPAS Master Prototype Defined Contribution Plans. On April 2, 2014, BPAS obtained a determination letter from PRDT on the Master Prototype Defined Contribution Retirement Plan, as to compliance with the P.R. 2011 Code. The Plan obtained the determination letter from PRDT dated November 26, 2020, in which the PRDT stated that the Plan, as then designed, is in compliance with the applicable requirements of the P.R. 2011 Code.

Accounting principles generally accepted in the United States of America require Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the PRDT. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no other uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE H - RECONCILIATIONS TO THE FORM 5500

Loans that are in default by participants are reported as taxable deemed distributions in Form 5500 but reported as notes receivable from participants per the financial statements. The loan balance is not offset against the Participant's account balance until a distributable event, as defined by the Plan Document, occurs. The following is a reconciliation of net assets available for benefits per the financial statements on December 31, 2025 and 2024, to the Form 5500:

NOTE H - RECONCILIATIONS TO THE FORM 5500 - continued

Description	2025	2024
Net assets available for benefits per the financial statements	$ 5,453,725	$ 4,651,746
Less: Deemed distribution of participant loan	(6,756)	(7,289)
Net assets available for benefits per Form 5500	**$ 5,446,969**	**$ 4,644,457**

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to the Form 5500:

Description	2025
Net increase in net assets available for benefits per the financial statements	$ 801,979
Less: Interest income on deemed loans	(324)
Less: Deemed distribution of participant loan per Form 5500	(3,941)
Plus: Deemed distribution of participant loan (final offset) per financial statements	4,798
Net increase in net assets available for benefits per Form 5500	**$ 802,512**

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated the impact of subsequent events through September 21, 2026, which is the date the financial statements were available to be issued. Management is not aware of any subsequent events that require adjustments or disclosures in the Plan's financial statements or its related notes.
