RSM US LLP

Plan Administrator and Participants
Greenlight Guru 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Greenlight Guru 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules of delinquent participant contributions and assets (held at year end) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Greenlight Guru 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Soladoc LLC dba Greenlight Guru (collectively, the Company) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant contributions are withheld from compensation. Each year, individual participants may elect to contribute a percentage of their annual compensation as defined by the Plan Agreement, limited to the maximum amount allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a qualified matching contribution to the Plan. For the year ended December 31, 2025, the Company contributed a match equal to 100% of the first 3%, and 50% on the next 2% of total deferrals of the participants' taxable wages that a participant contributed to the Plan. Company contributions are invested in a manner similar to participant contributions. Employer matching contributions for the year ended December 31, 2025, were $468,908. Contributions are subject to certain limitations. The Company may make discretionary contributions to the Plan in the form of profit sharing contributions. No profit sharing contributions were made for the year ended December 31, 2025.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, (b) Plan earnings, and charged with any withdrawals and an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The maximum loan term allowed is five years. One outstanding loan is permitted at a time. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the third-party administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on notes receivable outstanding at December 31, 2025 range from 8.00% to 8.50%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Vesting: Participants are immediately vested in their voluntary contributions and safe harbor contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits: Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, a non-recurring partial payment, equal installments over the beneficiary's life expectancy, or as an annuity contract as defined by the Plan. In addition, participants may make withdrawals of their vested account any time after reaching age 59½ or by determination that a financial hardship, as defined by the Plan Agreement, has been incurred. Benefits are recorded when paid.

Note 1. Plan Description (Continued)

Administration of plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Company and, therefore, are not reflected in the Plan's financial statements.

Forfeitures: If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce Company contributions or may be used to pay administrative expenses. During the year ended December 31, 2025, $179 of forfeitures were used to reduce employer contributions. At December 31, 2025 and 2024, there was $24,599 and $24,057 in the forfeiture account. These accounts will be used to reduce employer contributions or pay administrative fees.

Investment options: Upon enrollment in the Plan, participants direct the investment of their contributions into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options at any time.

Change in custodians: The Plan changed its custodian from John Hancock Life Insurance Company to Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower) effective December 27, 2024.

Addition of Trustee: Effective August 1, 2026, the Plan was amended to add Holly Coleman as a trustee of the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by investment advisors, the custodian and other third parties. See below for a discussion of fair value measurements. See Note 5 for discussion on contract value investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 2. Significant Accounting Policies (Continued)

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Shares of registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trusts: Valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not to be used when it is determined to be probable that the fund will sell the instrument for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 25, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Empower

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024 and for the year ended December 31, 2025, including the Plan's financial statements and ERISA required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate to the best of its knowledge and belief by Empower, a qualified institution:

	2025	2024
Investments, at fair value:		
Registered investment companies	$ 1,111,413	$ 6,464,191
Common collective trust funds	6,247,429	50,483
Investments, at contract value:		
Fixed annuity	9,633	-
	$ 7,368,475	$ 6,514,674

Empower certified to the completeness and accuracy of $1,226,748 of net appreciation in the fair value of investments and $6,703 of interest income on notes receivable from participants for the year ended December 31, 2025.

Empower also certified to the completeness and accuracy of $24,599 and $24,057 of cash, and $90,313 and $0 of notes receivable from participants at December 31, 2025 and 2024, respectively.

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,111,413	$ -	$ -	$ 1,111,413
Investments measured at NAV				6,247,429
				$ 7,358,842

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,464,191	$ -	$ -	$ 6,464,191
Investments measured at NAV				50,483
				$ 6,514,674

Note 4. Fair Value Measurements (Continued)

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any:

Investment	Fair Value 2025	Fair Value 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 6,247,429	$ 50,483	$ -	Daily	1 Year

Changes in fair values: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Fixed Annuity Contract with Insurance Company

The Plan has a benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan. Contract value represents contributions and deposits made under the contract, plus credited interest, less participant withdrawals, transfers, administrative expenses and other applicable charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Empower is contractually obligated to repay principal and credited interest for eligible participant-initiated withdrawals and transfers pursuant to the terms of the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is declared by Empower and is reset quarterly. Interest is compounded daily and credited based on rates established and declared by Empower at the beginning of each calendar quarter.

Certain events may limit the Plan's ability to transact at contract value or may result in payment at contract value being deferred. Such events include, but are not limited to, plan sponsor-initiated events such as spin-offs, layoffs, mergers, sales, termination of a participating employer, partial plan terminations, or other similar employer-directed actions. In addition, upon contract termination, contract value may be paid over a period of 12 or 36 months, depending upon prevailing interest rate conditions, or through quarterly installment payments, in accordance with the provisions of the contract. The plan administrator does not believe the occurrence of any events that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The contract permits either the Plan Sponsor or Empower to terminate the agreement upon advance written notice. Upon termination, the Plan Sponsor may elect among several settlement alternatives, including payment at contract value, payment in quarterly installments, or a lump-sum payment subject to a market value adjustment. Participant-initiated withdrawals and transfers continue to be available at contract value subject to the terms of the contract.

Note 6. Related-Party and Party-in-Interest Transactions

The custodian provides recordkeeping and custodial services for the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to Empower were $31,157 for the year ended December 31, 2025.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status and Uncertain Tax Positions

The Plan has adopted a preapproved plan document sponsored by Empower Retirement, LLC that has received an opinion letter from the IRS dated June 30, 2020, stating that the preapproved plan document was in compliance with the applicable sections of the Internal Revenue Code (IRC). The opinion letter has been relied upon by this Plan. The Plan document has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

Note 9. Delinquent Contributions

During the Plan year ended December 31, 2025, the Plan Sponsor inadvertently failed to deposit $78,834 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. While the contributions were deposited by the Plan Sponsor in 2025, the related corrections for lost earnings were deposited in 2026. The correction was made from the Plan Sponsor's assets and not from assets from the Plan.

Note 10. Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as presented in the financial statements to net assets per the Form 5500 as of December 31, 2025 and 2024:
