Independent Auditor's Report

The Plan Administrator
The MITRE Corporation Qualified Retirement Plan
Bedford, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The MITRE Corporation Qualified Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP)
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of The MITRE Corporation (the Corporation) Qualified Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a comprehensive description of the Plan's provisions.

General

The Plan was established as of August 1, 1981, to provide employees of the Corporation a tax effective opportunity to provide for their retirement. The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. Plan management is responsible for oversight of the Plan. The Investment Advisory Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is established pursuant to Section 401(a) of the Internal Revenue Code (IRC).

Employees of the Corporation are eligible to join the Plan during the 60-day period, beginning with the date of hire. Once enrolled, participants must remain in the Plan. If an employee does not enter the Plan within the initial 60-day period, participation begins upon completion of five years of service as a regular employee.

Plan Administration

Plan investments are managed by the Fidelity Management Trust Company (Fidelity) and Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF), which act as the Plan's custodians.

Participant Accounts

Each participant's account is credited with allocations of the Corporation's contributions, investment earnings, administrative expenses, and revenue credits. Allocations are based upon participant earnings or account balances, as defined by the Plan. Investment income is allocated to participant accounts on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Account balances, valued as of the next day after termination, are distributable to participants upon termination of employment with the Corporation. Disbursements are made in the form of lump-sum distributions, installments, fixed-period annuities (e.g., two to 30 years), or lifetime annuities. Payment may be deferred until the participant reaches age 72. Effective January 1, 2023 participants may defer until they reach age 73.

Contributions

The Corporation contributes 7.5% of the participant's base salary, up to the Social Security Taxable Wage Base ($176,100 and $168,600 in 2025 and 2024, respectively), plus 10.5% of that portion of the participant's base salary that exceeds the Social Security Taxable Wage Base. The total amount of the contributions made on behalf of a participant cannot exceed the lesser of $70,000 and $69,000 in 2025 and 2024, respectively, or 100% of the participant's compensation, with a ceiling

of $350,000 and $345,000 in 2025 and 2024, respectively. Participants are neither required nor permitted to make contributions under the Plan; however, participants must participate in the Corporation's 403(b) plan to be eligible for contributions to the Plan. Participants direct the investment of the contributions into various investment options offered by the Plan. Participants may contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans, as defined by the Plan.

Vesting

The Corporation's contributions are immediately vested.

Investment Options

Participants may elect to invest contributions in the funds offered by TIAA and CREF and Fidelity. On a daily basis, a participant may change investment options and redirect account balances between funds.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts arising from uncashed stale-dated checks totaled $41,887 and $79,328, respectively. During the year ended December 31, 2025, forfeitures totaling $49,967 were used to reduce employer contributions. Forfeited non-vested amounts can be used to reduce the Corporation's contributions to the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Advisory Committee determines the Plan's valuation policies in utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Management fees and record-keeping costs are paid by the Plan and allocated to the Plan participants based on participant account balances. TIAA and CREF and Fidelity administrative expenses reduce fund earnings. Investment income is presented net of TIAA and CREF and Fidelity administrative expenses in the statement of changes in net assets available for benefits. Legal and accounting fees are paid by the Corporation and are, therefore, excluded from these financial statements.

Other Income

Other income consists of revenue-sharing agreements with the trustees as an incentive to remain with the Corporation. These amounts are allocated to the participants based on participant balances. Other income for the Plan year ended December 31, 2025, was $1,621,056.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and cash held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividend income, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity and TIAA and CREF, qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual Funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts (CCTs) - CCTs are a general investment type. Specifically, they can also be referred to as common trust funds or collective trust funds depending on their nature. CCTs are valued at the NAV of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. The CCTs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

Variable Annuity Contracts - The variable annuity contracts are registered investment contracts that invest principally in real estate, equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. Units held in the variable annuity contracts are valued at NAV based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. Account investments and fund holdings are primarily valued using external appraisals, market quotations, or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing. Money market account holdings are generally valued at amortized cost. The objectives of the accounts vary based on the nature of the account and are described more fully in the accounts' prospectus.

Traditional Annuity Contracts - The non-fully benefit-responsive (NFBR) fixed annuity contracts, composed entirely of the TIAA Traditional Annuity Contracts, are reported at fair value as approximated by contract value. Fair value is determined using the discounted cash flow model. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The TIAA Traditional Annuity Contracts are not available for sale or transfer on any securities exchange. The fixed annuity account is subject to various restrictions (see Note 6).

Pooled Separate Account – Pooled separate accounts are valued at NAV, as a practical expedient, based on the market value of the underlying real estate holdings or other real estate related investments. Although the underlying assets of the pooled separate accounts cannot be quickly sold and converted to liquid assets, TIAA and CREF provides the pooled separate accounts with a liquidity guarantee. This investment is a direct filing entity.

Self-Directed Brokerage Accounts - Participants can elect to direct their Plan assets into individual securities by establishing a Plan level brokerage account. The Plan's investments in the self-directed brokerage account are held in mutual funds. Investments in brokerage accounts are reported at fair value. The Plan receives prices for investments in brokerage accounts, from a nationally recognized pricing service, that are based on observable market transactions.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value on a recurring basis:

December 31, 2025

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following provides quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

December 31,

	Fair Value				
Type	**2025**	2024	Valuation Technique	Significant Unobservable Inputs	Range of Significant Inputs
TIAA Traditional Annuity	**$157,474,112**	$ 158,683,698	Discounted cash flow	Risk-adjusted discount rate applied	3.98%-4.44%

Variable annuity contracts measured at the NAV as a practical expedient are summarized as follows:

December 31,

	Fair Value				
	2025	2024	Unfunded Commitments	Redemption Frequency (if Eligible)	Redemption Notice Period
Equities[a]	**$158,811,115**	$ 152,947,633	None	Daily	Daily
Bond market[b]	**17,968,621**	16,615,859	None	Daily	Daily
Money market[c]	**7,104,594**	7,317,735	None	Daily	Daily

Total	**$203,478,783**	$ 195,557,603			

The investment objectives of the Variable annuity contracts measured using the NAV or unit value are as follows:

a) *Equities* - The investment objective is to invest in a broad diversified portfolio of foreign and domestic common stocks to meet the specified objective of the contract.

b) *Bond Market* – The investment objective is to invest in fixed-income securities to meet specified long-term rate of return.

c) *Money Market* - The investment objective is to invest in short-term securities or instruments that present minimal credit risk to provide liquidity and preserve capital.

d) *Multi-Asset* - The investment objective is to invest in domestic and foreign stocks, bonds, and other equity securities of companies that meet certain social criteria including specified environmental, social, and governance criteria.

5. Synthetic Guaranteed Investment Contract with Insurance Company

During the years ended December 31, 2025 and 2024, the Plan was invested in a benefit-responsive synthetic guaranteed investment contract with Fidelity Investments, including ten financially responsible parties (the Issuers), each sharing approximately 20% of the wrapper value surrounding the underlying assets of the contract. The Issuers maintain the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the synthetic guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Issuers, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Corporation or other Corporation events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the Issuers to terminate the agreement prior to the scheduled maturity date.

6. Traditional Annuity Contracts

The Plan invests in non-fully benefit-responsive investment contracts with TIAA and CREF. TIAA and CREF maintains the contributions in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. There are no underlying investments other than the general assets of the insurance company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. This investment option is offered in a variety of formats, including Retirement Annuities (RA) and Group Retirement Annuities (GRA). The investment contract issuer is contractually obligated to repay the principal and a specified interest rate to the Plan, subject to the claims-paying ability of TIAA and CREF.

RA account balances may only be withdrawn over ten annual payments. GRA account balances are available for lump-sum withdrawals only within 120 days after termination of employment and are subject to a 2.50% surrender charge. RAs and GRAs are not considered to be fully benefit-responsive investment contracts, as defined by ASC 962, because this provision is considered to restrict participants' reasonable access to their contract balances.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Corporation or other Corporation events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and annuities managed by Fidelity and TIAA and CREF. Fidelity and TIAA and CREF are the custodians, as defined by the Plan, and therefore, these transactions in such investments qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. Fees paid indirectly to investment managers and directly to Fidelity and TIAA and CREF are considered exempt party-in-interest transactions. The Corporation pays directly any other fees related to the Plan's operations. The Plan also receives revenue credits from FMTC and TIAA and CREF which are also exempt party-in-interest transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would remain 100% vested in their Corporation contributions.

9. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Corporation, by a determination letter dated July 26, 2013, that the Plan is designed in accordance with the applicable

sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

December 31,	**2025**	2024
Net Assets Available for Benefits, per financial statements	**$ 2,940,150,608**	$ 2,808,953,688
Adjustment from fair value to current value related to the Plan's investment in synthetic guaranteed investment contracts*	**(861,610)**	(2,706,378)
Net Assets Available for Benefits, per Form 5500	**$ 2,939,288,998**	$ 2,806,247,310

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to Form 5500:

Year ended December 31, 2025	
Net Increase (Decrease) in Net Assets Available for Benefits, per financial statements	$ 131,196,920
Adjustment from fair value to current value related to the Plan's investment in the synthetic guaranteed investment contracts*:	
Beginning of year	2,706,378
End of year	(861,610)
Net Increase in Net Assets Available for Benefits, per Form 5500	$ 133,041,688

* The investment value and investment income related to the Plan's synthetic guaranteed investment contracts are reflected in the accompanying financial statements at contract value. However, in accordance with IRS instructions, the investment value and investment income related to the Plan's synthetic guaranteed investment contracts are reported on the Form 5500 at current value.

12. Subsequent Events

The Plan has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued.
