INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Pocket Nurse 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pocket Nurse 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of Pocket Nurse 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document, which is amended from time to time to reflect changes in laws applicable to employee benefit plans, for a more complete description of the Plan's provisions.

General - The Plan was established effective January 1, 2007, and restated as recently as January 1, 2021. The Plan is a defined contribution plan qualified under Section 401(k) of the Internal Revenue Code (IRC) and covers substantially all eligible employees of Pocket Nurse Enterprises, LLC (the "Sponsor"), unless specifically excluded, who meet specified age and service requirements. Employees are eligible to participate on the first day of the calendar month after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets and liabilities available for benefits during the reporting periods. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on these investments, in the statement of changes in net assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Investment management fees are deducted from income earned and are reflected as a component of net appreciation or depreciation in the fair value of investments.

Contributions - Participants may elect to make pre-tax or after-tax (Roth) contributions to the Plan of up to 100% of their compensation, subject to certain limitations under the Internal Revenue Code. Employee contributions are recorded in the period during which the Sponsor makes payroll deductions from the participant's earnings. The Plan also accepts rollover contributions from other qualified plans.

The Plan includes automatic enrollment provisions beginning with a 3% deferral and increasing in 1% intervals each year to a maximum of 6%, subject to an employee opt out provision.

The Plan provides for discretionary employer matching contributions which were 50% of employee contributions up to a 3% maximum matching contribution for the years ended December 31, 2025 and 2024. Further, the Plan provided for nonelective employer safe harbor contributions in which the Sponsor contributed, at each payroll date, 3% of eligible compensation. Effective January 1, 2025, the Plan no longer provides for nonelective employer safe harbor contributions.

The Sponsor may also make discretionary profit sharing contributions to the Plan. Profit sharing contributions are determined based on a percentage of a participant's compensation and allocated to groups established by the Sponsor. Sponsor profit-sharing contributions are recorded by the Plan upon approval by the Sponsor. Profit sharing contributions were $543,204 and $341,067 for the years ended December 31, 2025 and 2024, respectively, and are reflected as receivables at those dates.

Participant Accounts - Participants direct the investment of their account balances and contributions and may change their elections at any time. Each participant's account is credited with the participant's contribution and an allocation of the Sponsor’s contribution and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions among various investment options such as mutual funds, the Empower Select Guaranteed Fund (see Note 2) and certain other specified allowable investment opportunities. Participants may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary and employer safe harbor contributions plus actual earnings thereon; employer matching and profit sharing contributions plus actual earnings thereon vest based upon a 2-6 year graded schedule as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 and over	100%

Participants become 100% vested in the event of total disability or death.

Payment of Benefits - On termination of service due to death, disability, retirement, or other reasons, and subject to certain restrictions, a participant or designated beneficiary may elect to receive either a lump-sum equal to the vested value of his or her account, a rollover to another qualified plan or individual retirement account, or partial withdrawals, subject to applicable tax withholding requirements. All distributions are subject to the provisions of the Plan.

Forfeitures - Forfeitures represent the non-vested benefits remaining in the Plan for terminated employees. Forfeitures are used to reduce employer matching or profit sharing contributions and pay Plan expenses. Additional forfeitures plus actual earnings thereon were $102,905 and $21,836 during the years ended December 31, 2025 and 2024, respectively. The Plan utilized forfeitures of $78,308 and $23,479 during the years ended December 31, 2025 and 2024, respectively, of which $75,637 and $20,691, respectively, were used to reduce employer profit sharing contributions and $2,672 and $2,788, respectively, were used to pay Plan expenses. Available forfeitures were $39,129 and $14,533, at December 31, 2025 and 2024, respectively, and are reflected as cash equivalents in the statements of net assets available for benefits.

Notes Receivable From Participants - The Plan permits participant loans for all eligible participants of up to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at rates determined by the plan administrator. Interest rates on outstanding loans at December 31, 2025 and 2024 ranged from 4.25% to 10.50%. Repayment is generally required within five years from the date of the loan; however, if the loan is for a primary residence, the maximum loan repayment period is fifteen years. Principal and interest are paid through regular payroll deductions.

Administrative Expenses - The Plan's expenses are paid by the Sponsor or by the Plan as provided by the plan agreement.

*Fair Value Measurement*s - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The mutual funds and self-directed brokerage account (with investments in common stocks) are measured at fair value based upon the quoted market value of the shares held by the Plan and maintained in the self-directed brokerage account at year end (level 1 measurement).

The pooled separate account is invested in mutual funds, which are valued using publicly quoted pricing inputs. The fair value of the underlying investments are used to determine the net asset value (NAV) of the pooled separate account. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and the pooled separate account can be redeemed at NAV as of the measurement date. Therefore, the pooled separate account has a readily determinable fair value (level 1 measurement).

There have been no changes to the methodologies used at December 31, 2025 or 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - Management has evaluated subsequent events through September 18, 2026, the date which the financial statements were available to be issued.

2. GUARANTEED INVESTMENT CONTRACT

At December 31, 2024, investments included a guaranteed investment contract, Empower Annuity Insurance Company of America ("Empower Annuity") Select Guaranteed Fund ("Fixed Account"), which is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by the Empower Annuity general investment account. The Fixed Account was provided through a group annuity contract issued by Empower Annuity to the Plan. Investments in the Fixed Account are stated at contract value and is considered fully benefit-responsive.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Empower Annuity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower Annuity. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit Empower Annuity to terminate the agreement prior to the scheduled maturity date. Effective January 2025, the plan discontinued the Fixed Account as an investment option.

Under the contract, a crediting rate is established quarterly (a "rate period") and all assets invested in the Fixed Account are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. Empower Annuity assumes market, credit, and interest rate risks for the assets supporting the Fixed Account. Empower Annuity resets guaranteed rates quarterly taking into account various factors including the investment year method experience of the contract or pool, the projected maturity of the underlying investments and a target spread level. The average yield earned by the Plan and the average interest rate credited to participants was 2.36% for the year ended December 31, 2024. Contract value was $125,291 at December 31, 2024.

3. CERTIFIED FINANCIAL INFORMATION

Empower Trust Company, LLC, the custodian and trustee, has certified that the following data included in the accompanying financial statements as of and for the years ended December 31, 2025 and 2024 is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits.

- Investment activity and interest income on notes receivable as shown in the statements of changes in net assets available for benefits.

- The schedule of assets held for investment purposes as shown on the accompanying supplemental schedule.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants shall become 100% vested in their accounts. The assets of the Plan will be distributed by Empower in accordance with the trust agreement in a uniform and nondiscriminatory manner.

5. INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized, pre-approved profit sharing plan. The Internal Revenue Service has stated in a letter dated July 13, 2021 that the plan is acceptable for use by employers under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Management believes that there is no liability related to uncertain tax positions at December 31, 2025 or 2024. The Plan is no longer subject to tax examinations for years prior to 2022.

6. RELATED PARTIES AND PARTIES-IN-INTEREST

Empower serves as the custodian and trustee of the Plan and provided access to the Plan's investment options. Accordingly, Empower is considered a party-in-interest under ERISA. All of these transactions are considered exempt party-in-interest transactions under ERISA.

Neither the administrator nor the employees of the Sponsor of the Plan receive any compensation from the Plan.
