INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Renaissance Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Renaissance Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2025, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 22, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Renaissance Group 401(k) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan, covering the eligible employees of RIG, LLC d/b/a Renaissance Insurance Group (the Plan Sponsor or Employer). The Plan covers all employees of the Employer who have attained the age of 21 and completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is also the Plan Administrator. As Plan Administrator, the Employer has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. The Plan's custodians are Empower Annuity Insurance Company of America (EAICA) and Empower Trust Company, LLC (collectively, Empower). EAICA is also the Plan's recordkeeper. Empower Trust Company, LLC is the appointed trustee of the Plan and acts at the direction of the Plan Administrator.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation to the Plan, on a pre-tax and Roth basis, so long as those contributions do not exceed annual limitations set by the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective January 1, 2026, the Plan adopted an amendment permitting participants to make in-plan Roth rollovers and Roth conversions, subject to applicable taxes.

The Employer may make a discretionary matching contribution equal to 50% of each participant's deferral contributions up to 6% of the participant's compensation, for a maximum match of 3% of compensation. To be eligible to receive Employer discretionary contributions, an employee must have been employed by the Employer on the last day of the applicable period and must complete 90 days of service. Prior to January 1, 2025, the participant must have completed a minimum of 1,000 hours of service to be eligible for the matching contribution.

The Employer may also elect to make a non-elective contribution. Employees must be employed on the last day of the Plan year or complete one year of service or at least 1,000 hours of service during the applicable period. Prior to January 1, 2025, employees must have completed at least 500 hours during the Plan year or be employed on the last day of the Plan year. The Employer did not make a non-elective contribution for the 2025 plan year.

Effective January 1, 2025, the Plan adopted a provision of the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE Act 2.0), permitting certain eligible participants to make increased catch-up elective deferrals, referred to as "super catch-up" contributions. Under this provision, the maximum catch-up deferral amount for participants between the ages of 60 and 63 increased from $7,500 to $11,250, indexed for inflation after 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer contributions, (b) Plan earnings (losses), and (c) administrative revenue (expenses). Plan earnings (losses) and administrative revenue (expenses) are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and accrued earnings thereon. A year of vesting service for the discretionary matching and non-elective contribution is equal to at least 1,000 hours of service in a Plan year. A participant who incurs a break in service of less than five years and returns to employment retains credit for pre-break years of service subject to certain rules. Participants become 100% vested in Employer contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age.

A participant shall have a non-forfeitable and vested right to a percentage of the value of the Employer's discretionary matching and non-elective contributions determined in accordance with the following schedule:

Years of Vesting Service	Percentage
1	33.33%
2	66.67%
3 or more	100%

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participant notes receivable are treated as directed investments. Terms range from one to five years or up to 30 years for the purchase of a principal residence. A participant may have no more than two outstanding loans at a time. The notes are secured by the vested balance in the participant's account and bear interest at the prime rate. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Upon termination of employment by reason of retirement, disability, or death, a participant or beneficiary, may elect to receive a lump-sum distribution equal to the value in their vested account balance. The Plan allows for in-service distributions of the participant's elected deferral accounts upon reaching the age of 59½ or due to hardship or disability, as defined by the Plan agreement. In-service withdrawals are also permitted for Rollover and Roth Rollover account balances at any time.

If a participant's vested balance is equal to or less than $1,000, the participant will receive an immediate cash-out of their vested account balance, and the non-vested portion shall be treated as a forfeiture. If a participant's vested balance exceeds $1,000 and is equal to or less than $7,000, the amount will be rolled over to an individual retirement plan designated by the Employer, unless otherwise directed by the participant.

Hardship Withdrawals
Self-certification of financial hardship withdrawals are allowed under the provisions of the Plan document and cannot exceed the amount required to meet the immediate financial need created by the hardship as imposed by the IRC.

Forfeitures
Participants in the Plan who terminate employment before completing the applicable vesting requirements forfeit the non-vested portion of their accounts. Forfeited non-vested accounts may be used to reduce future Employer contributions or pay administrative expenses. At December 31, 2025 and 2024, forfeited non-vested accounts, including interest thereon, and excluding administrative revenue (Note 2), totaled $3 and $9,167, respectively. Forfeited non-vested accounts totaling $13,936 were used to reduce Employer contributions and $3,905 was used to pay Plan expenses during the year ended December 31, 2025.

Plan Termination
The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments and Income Recognition
Investments are reported at fair value, except for the group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Contract value represents investments at cost plus accrued interest income, less amounts withdrawn to pay benefits. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians (Notes 3 and 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within the stated terms. Delinquent participant notes receivable is reclassified as distributions based on terms of the Plan agreement.

Contributions
Participant contributions and discretionary Employer contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. From time-to-time, an Employer matching contribution true-up is required and generally remitted in the first quarter following the Plan year end.

Payment of Benefits
Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Revenue and Expenses
Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses.

Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statement of Changes in Net Assets Available for Plan Benefits.

Administrative revenue arises when investment managers return a portion of the investment fees to the recordkeeper to offset the administrative expenses. Any excess resulting from this revenue credit remains in an unallocated account from which future Plan expenses can be paid or allocated to participant accounts. During the year ended December 31, 2025, amounts credited to the Plan's expense account were used to pay investment advisory expenses of $26,023 (Note 8). As of December 31, 2025 and 2024, there were no unallocated administrative revenues, including interest thereon, within forfeited non-vested accounts.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options with a variety of investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan held one investment that accounted for approximately 15% and 17% of total Plan investments as of December 31, 2025 and 2024, respectively

Financial Instruments with a Concentration of Credit Risk
The Plan's investments are held by two custodians. The Plan's exposure to credit risk is associated with the outside entities non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events
Management has evaluated subsequent events through September 18, 2026, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

> Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.
>
> Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.
>
> Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

> *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2025 and 2024, the Plan's investments in mutual funds are reported at level 1 within the fair value hierarchy.

4. Fully Benefit-responsive Investment Contract

The Plan's investment in the Empower Key Guaranteed Portfolio Fund, a group annuity contract, is a fully benefit-responsive investment contract. The traditional investment contract held by the Plan is a guaranteed investment contract. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. The crediting interest rate was 1.45% and 1.41% as of December 31, 2025 and 2024, respectively. Such interest rates are reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan must provide 75 days' notice to the contract issuer to redeem its interest in this investment at contract value. Other plan level withdrawals are subject to a formula found within the contract.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact with Empower. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Employer or other Employer events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would limit the ability of the Plan to transact at contract value with the participants.

5. Income Tax Status

The Plan is a non-standardized pre-approved profit sharing plan sponsored by The Angell Pension Group, Inc. (Angell). Angell has obtained an opinion letter dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the IRC. Generally, the Plan Administrator and the Plan may rely on the opinion letter received by Angell as to the form of the Plan qualifying under the IRC. The Plan has been amended since the letter was obtained. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Information Certified by the Custodians

The following is a summary of financial information and data certified by the custodians:

Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, except for Employer contributions receivable, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025; and

Investment information provided on the Supplemental Schedule, Schedule of Assets (Held at End of Year) at December 31, 2025.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are the result of different classifications between line items and the inclusion of contributions receivable in the accrual basis financial statements not reported on the Form 5500.

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

	2025	2024
Net assets available for plan benefits per financial statements	$ 11,860,626	$ 9,428,340
Less: Employer contributions receivable on the reported financial statements	(49,316)	(173,221)
Net assets available for plan benefits per Form 5500	$ 11,811,310	$ 9,255,119

The following is a reconciliation of changes in net assets per the financial statements to the net increase per Form 5500 for the year ended December 31, 2025:

Net increase in net assets per financial statements	$ 2,432,286
Plus: Prior year Employer contributions receivable	173,221
Less: Current year Employer contribution receivable	(49,316)
Net increase in net assets available per Form 5500	$ 2,556,191

The Form 5500 specifies that the Plan was not covered by a fidelity bond for the period January 1, 2025 through December 31, 2025. The Employer obtained a fidelity bond effective March 3, 2026.

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Empower, the custodians of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Empower for recordkeeping and investment management fees totaling $23,896 for the year ended December 31, 2025. The Plan also made direct payments to Global Retirement Partners, LLC as its fiduciary investment advisor. The Plan made direct payments for fiduciary advisory services totaling $26,023 for the year ended December 31, 2025. The Plan also made payments to service providers totaling $16,840 for accounting and administrative services. Participant notes receivable also qualify as party-in interest transactions.

Empower provides certain administrative services to the Plan and receives revenue from mutual fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. If revenue received by Empower from such mutual fund service providers exceeds the amount owed under the agreement, Empower remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. No amounts were allocated to participants for the year ended December 31, 2025.
