INDEPENDENT AUDITORS' REPORT

Plan Administrator
Capitol View Transitional Care Center Savings Plan
St. Paul, Minnesota

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Capitol View Transitional Care Center Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of Capitol View Transitional Care Center Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Capitol View Transitional Care Center Savings Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Disclaimer of Opinion

As described in Note 6 to the financial statements, the Capitol View Transitional Care Center Savings Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Capitol View Transitional Care Center Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

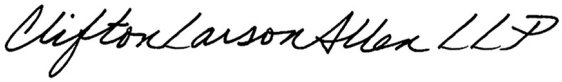

Our responsibility is to conduct an audit of Capitol View Transitional Care Center Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Capitol View Transitional Care Center Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

NOTE 1 DESCRIPTION OF PLAN

The following description of Capitol View Transitional Care Center Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under code section 403(b) covering all employees of Capitol View Transitional Care Center (the Company) who are in a covered employment classification. The Plan was originally effective February 1, 2004 and was last restated during 2018 with a retroactive effective date of January 1, 2010 as a part of the remedial amendment period to adopt a volume submitter 403(b) document. Employees are eligible to participate in the deferral portion of the Plan on their date of employment. Employees must complete one year of service to participate in the match portion of the Plan. Employees who normally work less than 20 hours per week are ineligible for Company contributions. The Plan is subject to the provisions of ERISA.

The Company is the Plan Sponsor and administrator and has appointed The Variable Annuity Life Insurance Company (VALIC), the insurance company through September 30, 2018. Effective October 1, 2018, the Plan appointed Fidelity Management Trust Company (Fidelity), as custodian. The insurance company and custodian execute investment transactions as directed by the participants. The insurance company and custodian are also responsible for making distributions to participants. VALIC and Fidelity perform some, but not all, of the recordkeeping services for the Plan. VALIC and Fidelity perform these functions at the direction of the Company in accordance with the provisions of the Plan.

Effective December 17, 2025, the Plan was amended to adopt certain provisions from the SECURE 2.0 Act.

Effective December 31, 2025, the Plan was frozen by Board Resolution. All participants became 100% vested in their Plan benefits as of December 31, 2025.

Effective December 31, 2025, the Board resolved to terminate the Plan. See Note 8.

Subsequent to year end, the Plan was restated effective January 1, 2026, in connection with the IRS Cycle 2 403(b) pre-approved plan document restatement.

Contributions

Each year, participants may contribute annual compensation, as defined in the Plan, up to the maximum limitation permitted by the Internal Revenue Service (IRS) as pre-tax or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued)

The Company may make discretionary matching contributions. For the years ended December 31, 2025 and 2024, the Company matching contribution was $0.80 for each dollar deferred up to the first 5% of base compensation that a participant contributes to the Plan. In order to be eligible to receive a Company matching contribution, an employee must complete at least 1,000 hours of service during the Plan year.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, Plan earnings or losses, and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company matching contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service using a graded vesting schedule. A participant is 100% vested after the completion of four years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or disability.

Plan Loans

Participants have the option of obtaining loans that are not from Plan assets, but rather loaned directly from The Variable Annuity Life Insurance Company (VALIC) and, therefore, are not recorded as a receivable on the statements of net assets available for benefits. The loans are secured by the balance in the participant's account whereby 110% of the loan balance is set aside in the VALIC Fixed Account as security for the loan. Principal and interest is paid ratably by the participant to VALIC and each payment reduces the amount secured by the VALIC Fixed Account balance. The amount of such outstanding loans is $47,440 and $51,150 at December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through electronic funds transfer (EFT) deductions directly with the participant. Principal and interest payments on loans are credited to individual funds in accordance with the participant's current investment allocation.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Benefit Payments

On termination of service due to death, disability, retirement, or termination of service due to other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in the form of an annuity or an alternate form including a lump sum, installments and partial withdrawals are allowed. If the vested portion of the participant's account does not exceed $7,000, the account balance may be paid out in a single lump sum. If the vested portion of the participant's account exceeds $7,000, the distribution will be made after the participant or beneficiary gives consent. The Plan also allows for in-service distributions upon attaining age 59½ and hardship distributions, subject to Plan provisions.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $7,449 and $3,556, respectively. These accounts are used to reduce Company contributions or to pay Plan expenses. There were no forfeitures used to reduce Company contributions or pay Plan expenses for the years ended December 31, 2025 and 2024.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from participants are recorded in the year in which the employee contributions are withheld from compensation. The Employer matching contribution is recorded in the year in which participants earn the contribution based on service or other eligibility criteria under the terms of the Plan

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements as provided in the Plan document. Certain expenses incurred in connection with the general administration of the Plan are reflected in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years then ended, in the accompanying financial statements and ERISA-required supplemental schedule.

The Variable Annuity Life Insurance Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments as of December 31, 2025 and 2024, and investment income for the years then ended, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Considerable judgment may be required in interpreting market data used to develop the estimates of fair value. The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Money Market Fund: Valued daily based on subscription and redemption activity at a stable $1 NAV. Redemptions can occur daily at NAV and there are no restrictions to redemption or unfunded commitments.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANY

In 2004, the Plan entered into traditional fully benefit-responsive guaranteed investment contracts with The Variable Annuity Life Insurance Company (VALIC). VALIC maintains the contributions in the general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 INVESTMENT CONTRACTS WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 EXCLUDABLE CONTRACTS

Prior to January 1, 2009, the Plan historically was viewed as an amalgamation of annuity contracts and custodial accounts and the Plan and its custodians did not maintain financial information at a plan level. Because historical records were not maintained or are not available at a Plan level, the Plan has excluded from investments in the accompanying statements of net assets available for benefits annuity contracts and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. The accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans (FAB 2009-02); however, GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions has not been determined.

The Plan administrator believes the conditions of FAB 2009-02, to not treat annuity contracts and custodial accounts as part of the Plan assets for purposes of ERISA's annual reporting requirements, have been satisfied with respect to excluded contracts.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TERMINATION

The Company may terminate the Plan at any time, subject to the provisions of the Plan and ERISA.

Effective December 31, 2025, the Plan Sponsor resolved to terminate the Plan and authorized the distribution of all Plan benefits in accordance with the Plan documents as soon as administratively feasible after the termination date. Management is in the process of executing the necessary procedures for a standard plan termination subsequent to year-end.

NOTE 9 PLAN TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VALIC, the insurance company, and Fidelity, the custodian as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in the fair value of the investments.

NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan holds pooled separate accounts, as classified in the financial statements included herein. The pooled separate accounts did not file a Form 5500 for the direct filing entity; therefore, the underlying assets have been reported on the Form 5500, Schedule H as mutual funds.
