Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McGough Companies 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of McGough Companies 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McGough Companies 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McGough Companies 401(k) Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the McGough Companies 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McGough Companies 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

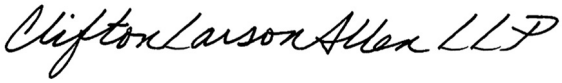

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of McGough Companies 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by McGough Construction Co., LLC and subsidiaries (collectively, the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Operations

The Plan is sponsored and administered by the Company. Fidelity Management Trust Company serves as the trustee of the Plan. The trustee is responsible for holding the investment assets of the Plan, carrying out participant-directed investment transactions, and making distributions to participants. The Company pays certain costs of administering the Plan, including professional services for recordkeeping, audit, tax, and legal matters of the Plan. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective July 1, 2026.

Eligibility

Employees of the Company are eligible to participate in the deferral and discretionary match components of the Plan immediately upon hire. The Plan excludes leased employees, nonresident aliens, residents of Puerto Rico, and employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan.

Participants are eligible for discretionary employer profit sharing contributions immediately upon hire, subject to the following conditions. Participants must be employed by a participating affiliate of the Company on the last day of the Plan year and complete at least 1,000 hours of service during the Plan year to receive a profit sharing contribution, unless terminated due to retirement, death, or total and permanent disability.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants may contribute up to the maximum amount allowed by law. Participants that are 50 years of age, or older, may elect to contribute additional catch-up contributions. Contributions, including catch-up contributions, are subject to Internal Revenue Service (IRS) limits. The Company may elect to make matching and/or profit sharing contributions.

For the Plan years ended December 31, 2025 and 2024, the Company made a discretionary nonelective contribution (profit sharing contribution) of $5,553,799 and $3,673,437, respectively (net of forfeitures applied). There were no discretionary matching contributions for the years ended December 31, 2025 and 2024.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, rollover contributions (if any), an allocation of the Company's contributions (if any), interest on loans (if applicable), and investment income or losses. Allocations of Company contributions are based on participant's eligible compensation, as defined in the Plan. The sum of these amounts represents the maximum benefit that participants are entitled to under the Plan.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The participant also directs Company contributions.

Vesting

Participants are always 100% vested in their elective deferral and rollover contributions to the Plan. Participants become vested in their allocated Company contributions ratably over a three-year period. Participants hired prior to January 1, 2015 are immediately 100% vested for all discretionary matching and discretionary nonelective contributions. Otherwise, a participant becomes fully vested immediately in Company contributions upon reaching normal retirement age, death, or becoming permanently disabled while employed.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less, with a minimum loan amount of $1,000. The notes are secured by an assignment of the participant's vested interest in the Plan and bear a commercially reasonable fixed interest rate established by the Plan administrator. Interest rates on outstanding note balances were 6% to 9.5% at December 31, 2025 and 2024. Principal and interest are payable on a monthly basis over a term not to exceed five years, except in the case of loans for the purchase of the participant's principal residence, which may be longer. Loans that are not repaid when due are treated as distributions and become taxable income to the participant and could be subject to tax penalties.

Benefit Payments

Upon termination, retirement, or disability, a participant, or in the case of death, the participant's beneficiary, may elect to receive the value of the vested interest in their account in the form of a lump sum distribution, installments, or partial withdrawals.

If a participant terminates employment and the participant's account balance does not exceed $7,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $7,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. The Plan allows for in-service distributions if a participant reaches age 59 ½.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Hardship Distributions

Hardship distributions may be requested by the participant and are taxable per IRS guidelines. Qualified financial hardships include accident or illness; down payment on the purchase of the participant's principal residence; tuition, or fees for postsecondary educational costs; funeral expenses; payments necessary to prevent eviction from or foreclosure of the participant's principal residence; expenses for the repair of damage to the participant's principal residence that would qualify for a casualty loss deduction under Code Section 165; expenses or losses incurred on account of a disaster declared by FEMA, or any other financial need determined to be immediate and heavy under rules and regulations. The minimum hardship withdrawal is $500 and up to 100% of the participant's vested account balance may be distributed.

Forfeited Accounts

Forfeited accounts as of December 31, 2025 and 2024 totaled $104,691 and $99,016, respectively, and are included in investments in the statements of net assets available for benefits. Under the terms of the Plan, the Company can use forfeitures to pay Plan expenses or to reduce Company contributions. The Company elected to use forfeitures to offset the 2025 employer contributions in March 2026 in the amount of $110,489. The Company elected to use forfeitures to offset the 2024 employer contributions in March 2025 in the amount of $105,583. Employer contributions are shown net of forfeiture offset.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of the Plan and ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions and participants' account balances would be distributed in accordance with the terms of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities, in general, are exposed to various risk factors, including, but not limited to, interest rates, market conditions, credit risk, and global market and geo-political risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis.

Investment Income

Interest income is recorded on the accrual basis and dividends (if any) are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net appreciation in fair value of investments includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation of investments held at the end of the year.

Benefit Payments

Deductions for benefits paid to participants or rollovers to another qualified plan or IRA are recorded when the funds are disbursed from the Plan.

Administrative Expenses

The Plan’s expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for doubtful accounts has been recorded as of December 31, 2025 and 2024. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from participants and Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation. The Employer nonelective contribution is recorded in the year in which participants earn the contribution based on service or other eligibility criteria under the terms of the Plan.

Subsequent Events

Effective January 1, 2026, the Plan was amended for the following:

- Service with the following predecessor employer, if applicable, shall be counted for eligibility and vesting purposes: Affino Build Partners, LLC
- An automatic enrollment feature was added to the Plan
- Employee after-tax contributions were added to the Plan (up to an annual maximum of 15%)

Effective July 1, 2026, the Plan was amended to decrease the deferral contribution limit from 100% to 80% of compensation.

The Plan has evaluated subsequent events through July 15, 2026, the date the financial statements were available to be issued.

NOTE 3 GROUP ANNUITY CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with The Standard Insurance Company (the insurance company). The balance of this insurance contract as of December 31, 2025 and 2024 was $12,640,525 and $10,503,521, respectively.

The insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

NOTE 3 GROUP ANNUITY CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by the insurance companies, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The contract prohibits direct transfers to a competing investment option. In addition, amounts transferred to a noncompeting investment option may not be retransferred unless they have remained in the noncompeting investment option for at least 90 days.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Limitations on the Ability of the Accounts to Transact at Contract Value

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants other than contract discontinuance.

Average Yields

The guaranteed investment contract issuer is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The crediting rate of the contract is intended to track current market yields on a trailing basis.

For the years ended December 31, 2025 and 2024, the crediting rate was approximately 2.82% and 3.00%, respectively.

NOTE 3 GROUP ANNUITY CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

Contract Discontinuance

In 2023, the former Minnesota Life Insurance Company guaranteed investment contract was discontinued and a liquidation charge was applied. The Standard Insurance Company has agreed to make a payment of $648,105 on the Plan's behalf of the exit charges assessed against the Plan by Minnesota Life Insurance Company. Subject to the minimum guaranteed interest rate, the Standard Insurance Company guaranteed investment contract interest rate will be reduced by 1.45% until the accumulated value of repayment due to the rate reduction reaches $648,105 or for a period of seven contract years, whichever occurs first. If the Plan terminates the contract or distributes substantially all assets before satisfying the repayment agreement, the remaining amount of $648,105 will be deducted from the fund prior to the distribution of assets or will be invoiced to the Plan on the date termination of the contract is initiated.

NOTE 4 FAIR VALUE OF INVESTMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value, and requires additional disclosures about fair value measurements. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to financial assets valued using quoted prices from active markets for identical assets; Level 2, which refers to financial assets not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to financial assets valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Fund – Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

NOTE 4 FAIR VALUE INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 90,868,911	$ -	$ -	$ 90,868,911
Collective Investment Fund	-	4,881,243	-	4,881,243
Total Investments at Fair Value	$ 90,868,911	$ 4,881,243	$ -	$ 95,750,154

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 71,062,940	$ -	$ -	$ 71,062,940
Collective Investment Fund	-	3,764,292	-	3,764,292
Total Investments at Fair Value	$ 71,062,940	$ 3,764,292	$ -	$ 74,827,232

NOTE 5 CERTIFICATION

Fidelity Management Trust Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years then ended, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 6 EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in transactions involving the acquisition and disposition of investments managed by the qualified institution and investment managers. These transactions are considered exempt party-in-interest transactions under ERISA. The Plan allows participants to take loans against their account balances, which also qualifies as an exempt party-in-interest transaction.

NOTE 7 PLAN TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

NOTE 7 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
