Report of Independent Auditor

To the Plan Administrator
Design Communications, Ltd. 401(k) Plan
Avon, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Design Communications, Ltd. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of Design Communications, Ltd. 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions is in the Plan document.

General – The Plan is a qualified defined contribution plan with a cash deferral arrangement covering all eligible employees ("participants") of Design Communications, Ltd. (the "Company" or "Plan Sponsor"). The Plan was established on January 1, 1991 and is administered on the basis of the Plan year, which is the 12-month period commencing each January 1 and ending on December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants are offered a selection of investments for the placement of their contributions ("participant-directed funds"). The determination of the participant-directed funds made available to participants is made by the Plan administrator.

In October 2024, the Plan was retroactively amended to allow participants to elect a 30-year loan repayment period for a principal residence. The amendment was effective as of January 1, 2023.

Eligibility – Employees of the Company, as defined in the Plan, are eligible to participate in the Plan upon attaining age 21 and thirty days of service. Participants may begin salary deferrals the first day of the month following the date they satisfy the eligibility requirements. Participants are eligible for discretionary employer matching contributions after completing 1,000 hours of service during the Plan year and being employed on the last day of the Plan year. Participants are eligible for profit-sharing contributions after completing one year of service, including at least 1,000 hours of service, and being employed on the last day of the Plan year.

Contributions – Participants may elect to defer up to 100% of their annual compensation as defined in the Plan, subject to maximum limits set by the Internal Revenue Code ("IRC"). Participants who have attained age 50 may elect to defer additional amounts as catch-up contributions, subject to limits established by the IRC. Participants may also elect to defer a percentage of their after-tax compensation designated as Roth contributions, subject to maximum limits set by the IRC. Participants can make in-plan Roth conversions from all available contribution sources. Participants may also contribute distributions from other qualified retirement plans ("rollovers"). Participants are automatically enrolled in the Plan with a 4% contribution unless elected otherwise.

Catch-Up Contributions – For the year ended December 31, 2025, a participant who is eligible to make deferrals and attains age 50 through 59 or age 64 or older by the end of the calendar year may defer an additional $7,500 to the Plan. A participant who is eligible to make deferrals and attains age 60 through 63 by the end of the calendar year may defer an additional $11,250 to the Plan.

The Company may make discretionary matching contributions and profit sharing contributions based upon a percentage of the participant's eligible compensation determined by the Company annually. For the year ended December 31, 2025, the Company made a discretionary matching contribution to the Plan of $200,000.

Vesting – Participants are fully vested in their own contributions and related earnings. Vesting of Company matching and profit sharing contributions, and related earnings, is achieved through a four-year graded vesting schedule based on continuous service. Notwithstanding the foregoing, a participant shall be 100% vested in and have a non-forfeitable right to his or her account upon death, disability, termination of the Plan or the attainment of normal retirement age.

Note 1—Description of the Plan (continued)

Forfeitures – Contributions made by the Company which are not vested at the time employees cease to be participants in the Plan shall be used to reduce Company contributions or pay Plan expenses. As of December 31, 2025 and 2024, there was $7,979 and $1,222 in unallocated forfeitures, respectively. Forfeitures used to pay administrative expenses and reduce Company contributions totaled $3,093 for the year ended December 31, 2025.

Notes Receivable from Participants – Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested balance of their account subject to certain IRC limitations. Participants may only have one loan outstanding at any given time. Notes generally have terms ranging from one to five years, except for loans used to acquire a principal residence, which may have terms of up to 30 years. The notes are secured by the remaining vested balance in the participant's account. The notes bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. Principal and interest are repaid through after-tax payroll deductions on a bi-weekly basis. Interest ranges from 4.25% to 9.50% and maturing through February 2053.

Plan Administration – The Company is the Plan administrator and has the authority to appoint persons or entities to carry out the operations of the Plan. Empower Trust Company, LLC is the Plan's custodian and provides recordkeeping services for the Plan under Empower Retirement Brand. HUB Retirement & Wealth Management provides financial advising and other Plan administrative services for the Plan. Global Retirement Partners, LLC provides investment advisor services to the Plan.

Payment of Benefits – Upon termination of employment, retirement, or disability, a participant may elect to receive a single lump-sum distribution or substantially equal installment payments. The Plan also permits hardship and certain in-service withdrawals, including withdrawals after attaining age 59½ or normal retirement age, upon disability, during qualifying active military duty, and for a qualified birth or adoption, subject to a maximum distribution of $5,000.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's discretionary match and profit sharing contributions, and an allocation of Plan net investment earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant compensation or account balances, or specific participant transactions as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participant's accrued benefits become fully vested and non-forfeitable.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid – Benefit payments are recorded when paid.

Administrative Expenses – Certain administrative expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses, recordkeeping, financial advising and other Plan administrative expenses are paid by the Plan and are recorded in the net appreciation in fair value of investments and in administrative expenses.

The Plan receives a revenue share from its third party administrator. Revenue share funds received are reported as other income in the statement of changes in net assets available for benefits which are used to pay Plan expenses. There were no unallocated revenue share funds as of December 31, 2025 and 2024. During 2025, revenue share credits of $9,606 were used to pay Plan expenses.

Note 3—Information prepared and certified by the Plan's qualified institution

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC (the "qualified institution"), has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted market prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Inputs that are unobservable inputs for the asset or liability

The following are descriptions of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common Collective Trust Fund – The stable value common collective trust fund is composed primarily of fully benefit-responsive investment contracts and is valued at NAV of the units of the collective trust. NAV is used as a practical expedient to estimate fair value. NAV is typically based on the fair value of the underlying investments held by the fund.

The preceding methods described may produce a fair value calculation that many not be indicative of net realizable value or reflect of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 26,617,828	$ -	$ -	$ 26,617,828
Total assets in the fair value hierarchy	$ 26,617,828	$ -	$ -	26,617,828
Investments measured at net asset value [(a)]				256,268
Investments, at fair value				$ 26,874,096

Note 4—Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,247,345	$ -	$ -	$ 22,247,345
Total assets in the fair value hierarchy	$ 22,247,345	$ -	$ -	22,247,345
Investments measured at net asset value [(a)]				292,422
Investments, at fair value				$ 22,539,767

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There have been no changes in the methodologies used at December 31, 2025 or 2024.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2025 and 2024. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12-month notification in order to ensure that security liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value common collective trust fund	$ 256,268	n/a	Daily	12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value common collective trust fund	$ 292,422	n/a	Daily	12 months

Note 5—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 6—Related party and exempt party-in-interest transactions

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services at no cost to the Plan. Notes receivable from participants are included in the statement of net assets available for benefits and interest income related to notes receivable from participants is included in the statement of changes in net assets available for benefits. Certain administrative expenses incurred in maintaining the Plan are paid directly by the Company and excluded from these financial statements.

Note 7—Tax status

The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Accordingly, they believe the Plan remains qualified and the related trust remains tax-exempt.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8—Subsequent events

The Plan has evaluated all subsequent events through September 25, 2026, the date the financial statements were available to be issued and determined that no additional subsequent events had occurred that would require recognition or disclosure in these financial statements.
