Employee Benefit Plan Audit Specialists

Independent Auditor's Report

To the Plan Administrator of the Central Hudson Gas & Electric Corporation Welfare Benefit Plan for Retirees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Central Hudson Gas & Electric Corporation Welfare Benefit Plan for Retirees ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. PLAN DESCRIPTION:

The following description of the Central Hudson Gas & Electric Corporation Welfare Benefit Plan for Retirees (the "Plan") provides only general information. Central Hudson Gas & Electric Corporation (the "Company") is the plan administrator and fiduciary. In addition, the Company reserves the right to amend, modify or terminate the Plan at any time. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan provides welfare benefits for retirees of the Company and their dependents. The Company has established the Central Hudson Gas & Electric Corporation Health and Welfare Benefit Trust for Collectively Bargained Employees, a Voluntary Employees' Beneficiary Association Trust (the "Union Trust") under Sections 501(c)(9) and 512 of the Internal Revenue Code ("IRC") to advance the funding of benefits to union participants of the Plan. Benefits for non-union retirees and their dependents are funded from current Company contributions and the 401(h) account (see Note C). Management employees hired on or after January 1, 2008 and union employees hired after May 1, 2008 are not eligible for retiree medical benefits. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2021, FortisUS Inc. adopted the Plan and became a participating entity in the Plan (for definitional purposes, FortisUS, Inc. is included in the term "Company", but is independently responsible for obligations of employees of FortisUS Inc.).

Benefits

The Plan is sponsored by the Company and provides comprehensive medical benefits for substantially all retirees of the Company that were hired before January 1, 2008 or May 1, 2008, for management and union employees, respectively. Participants who retired on or after February 1, 1993 are required to contribute a portion of the costs of the Plan.

The Plan is sponsored by the Company and provides comprehensive dental care benefits for substantially all retirees of the Company retiring prior to January 1, 2008 or May 1, 2008, for management and union employees, respectively, and their dependents. Participants who retired on or after February 1, 1993 are required to contribute a portion of the costs of the Plan. Generally, dental coverage ceases for retirees reaching the age of 65.

The Plan also provides vision care to retirees at least age 58 with 10 years of service. All vision coverage ceases when the retiree or spouse reaches age 65. This benefit was also discontinued for employees retiring after January 1, 2008 or May 1, 2008, for management and union employees, respectively.

The Plan also provides group life insurance coverage for retirees. This benefit was also discontinued for employees retiring after January 1, 2008 or May 1, 2008, for management and union employees, respectively.

CARON BLETZER

Contributions

The Company funds its dental care obligations via a minimum premium funding arrangement with Delta Dental of New York. The Company funds its medical care, hospitalization obligations, and pharmacy obligations via a minimum premium funding arrangement with Empire BCBS. The Company has instituted a self-insured point of service medical plan with Empire BCBS. As a risk deterrent, the Company has purchased a stop-loss insurance policy. The specific stop-loss limit on expenses incurred and paid within a policy year is $325,000 per member.

The Company funds its vision care obligations through payment of such claims to Empire BCBS and utilizes the Empire Blue View Vision network.

The Company funds its group life insurance obligations through payment of premiums to The First Unum Life Insurance Company.

Benefits for eligible non-union retirees and their dependents are provided through current contributions and the 401(h) account. For members of the Local Union 320 of the International Brotherhood of Electrical Workers A.F. of L.C.I.O. and their eligible dependents, the obligations are funded through the Central Hudson Gas & Electric Corporation Health and Welfare Benefit Trust for Collectively Bargained Employees (the "Union Trust"), a voluntary employee' beneficiary association. These associations reimburse the Company for such obligations.

Certain retirees are required to contribute a portion of their healthcare costs based on their age at retirement and accumulated years of service.

The assets of the Plan are invested and maintained at State Street Bank & Trust Co. (the "trustee").

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CARON BLETZER

Stop Loss

Premiums for stop loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits. During 2025, there were $333,085 of stop loss refunds netted with claims paid in the accompanying statement of changes in net assets.

Postretirement Benefits

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered through December 31, 2025 and 2024. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date. The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used to determine the medical costs as of December 31, 2025 and 2024 were as follows:

Weighted Average Discount Rate	5.41% and 5.56% for 2025 and 2024, respectively.
Health Care Cost Trend	8.44% in 2025 decreasing gradually to 5.91% in 2030 and 6.28% in 2024 decreasing gradually to 4.80% in 2029.
Mortality	Pri-2012 table projected with MP-2021 for 2025 and 2024.
Long-term Yield on Assets	6.16% and 6.29% net of investment expenses for VEBA assets in 2025 and 2024, respectively, and 5.82% and 6.33% net of investment expenses for 401(h) assets in 2025 and 2024, respectively.

CARON BLETZER

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Medicare Subsidy

Accounting standards require companies to account for the effect of the subsidy resulting from the Medicare Prescription Drug, Improvement and Modernization Act of 2003 on benefits attributable to past service as an actuarial experience gain and as a reduction of the service cost component of net postretirement health care costs for amounts attributable to current service, if the benefit provided is at least actuarially equivalent to Medicare Part D. The Company's actuary has determined that the Plan does provide such a benefit. The accumulated postretirement benefit obligation as of December 31, 2025 and 2024 and the changes in the accumulated benefit obligation for the year ended December 31, 2025 do not reflect any amount associated with the Medicare subsidy as the Plan is not directly entitled to the Medicare subsidy.

Income

Investment income is recorded as earned.

Benefit Payments and Premium Payments to Insurance Companies

Benefit payments are recorded when paid. The Union Trust and 401(h) account generally reimburse the Company monthly for benefit payments and premium payments paid by the Company. A liability, due to plan sponsor, is recorded on the statements of net assets available for benefits represents expenses paid by the Company less reimbursements received. For the year ended December 31, 2025, all benefit and premium payments were paid directly to insurance companies out of the general assets of the Company. Benefit and premium payments paid directly, and not subsequently reimbursed by the Union Trust or 401(h) account, are accounted for as contributions to the Plan.

Expenses

The Plan is administered by the Company. In general, trustee fees and administrative expenses, including fees for claims processing, actuarial, legal, and accounting services are paid out of the Union Trust or 401(h) account unless paid for by the Company. Such fees and expenses must be paid by the Company if the amounts cannot be withdrawn from the Union Trust or 401(h) account. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

CARON BLETZER

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of the Plan's benefit obligations at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

C. 401(h) ACCOUNT:

Effective September 2004, the Retirement Income Plan of Central Hudson Gas and Electric Corporation was amended to include a medical-benefit component in addition to normal retirement benefits to fund a portion of the postretirement obligations for non-union retirees and their beneficiaries in accordance with Section 401(h) of the IRC. A separate account has been established and maintained in the Retirement Income Plan of Central Hudson Gas and Electric Corporation for such contributions. In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for non-union retirees and their beneficiaries. The related obligations for health benefits are not included in the Retirement Income Plan of Central Hudson Gas and Electric Corporation's obligations in the statement of accumulated plan benefits but are reported as obligations in the financial statements of the Central Hudson Gas & Electric Corporation Welfare Benefit Plan for Retirees.

The 401(h) account makes use of several investment strategies involving limited use of derivative investments. The 401(h) account's management, as a matter of policy and with risk management as their primary objective, monitors risk indicators such as duration and counter-party credit risk, both for the derivatives themselves and for the investment portfolios holding the derivatives. Investment managers are allowed to use derivatives for strategies such as portfolio structuring, return enhancement, and hedging against deterioration of investment holdings from market and interest rate changes. Derivatives are also used as a hedge against foreign currency fluctuations. The Benefits Committee does not allow investment managers for the 401(h) account to use leveraging for any investment purchase. Derivative investments are stated at estimated fair market values as determined by quoted market prices and net with amounts due to broker for securities purchased on the statements of net assets available for plan benefits. Gains and losses on such investments are included in miscellaneous gain in the statement of changes in net assets.

CARON BLETZER

A portion of the Plan's obligations are funded through contributions to the Company's Retirement Income Plan of Central Hudson Gas and Electric Corporation in accordance with IRC Section 401(h). The following table presents the components of the net assets available for such obligations and the related changes in net assets available.

Net Assets Held in 401(h) Account for Use of Central Hudson Gas & Electric Corporation Welfare Benefit Plan for Retirees at December 31:

	2025	2024
Total investments at fair value	$28,909,277	$28,110,988
Receivables:		
Company contributions receivable	427,387	126,194

Liabilities:		
Due to plan sponsor	509,575	424,933
Net assets available for benefits	$ 28,971,154	$ 27,911,997

* Includes derivative activity immaterial to the Plan

Changes in Net Assets Available for Postretirement Health and Welfare Benefits in 401(h) Account for the year ended December 31:

	2025
Employer contributions	$ 427,387
Participant contributions	767,054
Net appreciation in fair value of investments	2,869,749
Interest and dividends	554,295
Reimbursements to plan sponsor	(3,547,167)
Administrative expenses	(12,161)
Net increase in net assets available for benefits	$ 1,059,157

D. CERTIFIED INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank & Trust Co., the trustee of the Plan.

CARON BLETZER

E. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Total	Level 1	Level 2	Level 3
Union Trust:				
Mutual funds	$ 152,747,324	$ 152,747,324	$ -	$ -
Total Union Trust investments in the fair value hierarchy	$ 152,747,324	$ 152,747,324	$ -	$ -

CARON BLETZER

	2024			
	Total	Level 1	Level 2	Level 3
Union Trust:				
Mutual funds	$ 138,325,426	$ 138,325,426	$ -	$ -
Total Union Trust investments in the fair value hierarchy	$ 138,325,426	$ 138,325,426	$ -	$ -

F. FUNDING POLICY:

The medical benefits to be provided will be funded by participant and Company contributions and withdrawals from the Union Trust and 401(h) account. Company contributions to the Plan to fund medical benefits are paid out of the general assets of the Company as they become due. In addition, the Company may make contributions to the Union Trust and the 401(h) account to fund future medical benefits. It is anticipated the deficit of assets related to the Plan's benefit obligations will be funded with future participant and Company contributions.

G. CLAIMS INCURRED BUT NOT REPORTED:

The Plan did not obtain an actuarial valuation of the claims incurred but not reported as of December 31, 2025 and 2024. Instead, the amount shown in the Statements of Benefit Obligations represents the estimated liability based upon 2025 and 2024 claims reported by the Plan’s insurance carriers. If an actuarial valuation has been obtained, the reported liability could have been significantly different.

H. TAX STATUS:

The VEBA trust (the Union Trust) funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (“IRS”) dated January 11, 1993, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the IRC. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2025 for unrelated business taxable income.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CARON BLETZER

I. BENEFIT OBLIGATIONS:

The health care cost trend rate assumption (see Note B) has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point, the Plan's benefit obligation would increase by approximately $8,967,000 and $8,348,000 as of December 31, 2025 and 2024, respectively. If the assumed rates decreased by one percentage point, the Plan's benefit obligation would decrease by approximately $7,582,000 and $7,064,000 as of December 31, 2025 and 2024, respectively.

J. TERMINATION PROVISIONS OF THE PLAN:

Although the Plan was established with the intent to maintain it indefinitely, and there is currently no intention to terminate it, the Company may amend or terminate the Plan at any time, in whole or in part, including, without limitation, modifying, eliminating or reducing benefits thereunder for any class of individuals, including present and/or future participants and their dependents and/or beneficiaries otherwise entitled to receive benefits.

The Company has the right to terminate the Union Trust. It has no current plans to terminate the Union Trust. Upon termination, the assets of the Union Trust, after the satisfaction of any benefits payable pursuant to the Plan and required administrative expenses, shall be used for the continuance of one or more of the benefits of the character contemplated by the Union Trust until all assets of the Trusts are exhausted.

K. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the trustee are considered party in interest transactions. As described in Notes A and B, the Plan has several arrangements with service providers. These transactions are party in interest transactions under ERISA.

L. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through September 23, 2026, the date these financial statements were available for issuance.

M. RISKS AND UNCERTAINTIES:

The Plan invests in a combination of investment securities, which are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of assets available for benefits and the statement of changes in assets available for benefits.

CARON BLETZER

The actuarial present value of the Plan's total benefit obligations is reported based on certain assumptions pertaining to interest rates, inflation rates and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

N. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits on the financial statements to the Form 5500 for the years ended December 31:

	2025	2024
Net assets available for benefits on the financial statements	$ 180,741,022	$ 165,416,207
401(h) account not included on the Form 5500	(28,971,154)	(27,911,997)
Net assets available for benefits on the Form 5500	$ 151,769,868	$ 137,504,210

The following is a reconciliation of net increase in net assets available for benefits on the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase on the financial statements	$ 15,324,815
Net increase in 401(h) account not included on the Form 5500	(1,059,157)
Net increase on the Form 5500	$ 14,265,658

The net assets and related activity of the 401(h) account included in the financial statements are not included in the Form 5500 because the assets are held by the Retirement Income Plan of Central Hudson Gas and Electric Corporation.
