Report of Independent Auditors

To the Participants and Administrative Committee of
Anti-Cruelty Society 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Anti-Cruelty Society 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Anti-Cruelty Society 403(b) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Note 1. Description of the Plan

The following description provides only general information regarding the provisions of Anti-Cruelty Society 403(b) Plan (the Plan). Participants should refer to the summary plan description for more complete information.

The Plan was established on January 1, 1987 by Anti-Cruelty Society (the Society) under Section 403(b) of the Internal Revenue Code (IRC), to provide savings and retirement benefits for eligible employees. The Plan is primarily funded by voluntary employee contributions, employer discretionary matching contributions and net earnings of Plan investments. The Plan is a defined contribution retirement plan covering employees of the Society who have completed the eligibility requirements as detailed in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Eligible employees may participate in the Plan as of the first day of hire. New employees who participate in the Plan and do not make alternative elections are automatically enrolled at a 3% contribution rate (increased to 6% effective November 1, 2025), with an automatic escalation increase of 1% annually, until a maximum of 15% is reached.

In December 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was enacted and increased the required minimum distribution age to 73 effective in 2023 and as late as 75 effective in 2033. The Plan also was amended pursuant to optional provisions of SECURE Act 2.0 to raise the required account balance threshold for an automatic lump-sum distribution to be made to a terminated participant from $5,000 to $7,000. The SECURE Act 2.0 also increased catch-up contribution limits in 2025 for individuals who have attained ages 60, 61, 62 and 63, which will be indexed for inflation after 2025.

Participants may elect to contribute up to a maximum of 100% of their pre-tax compensation as defined by the Plan, subject to IRC limitations. Salary deferrals may also be designated as (after-tax) Roth deferrals by participants. Participants may also roll over amounts representing distributions from other qualified retirement plans.

Note 1. Description of the Plan (continued)

Matching contributions may be made at the discretion of the Society. To be eligible to receive employer matching contributions, employees must complete 1,000 hours of service in a 12-month period. Employer contributions are based on a discretionary amount using a uniform percentage of matched employee contributions, as follows for the years ended December 31, 2025 and 2024:

Years of Service	Percentage
0	0%
1	Up to 3%
5	Up to 5%
10	Up to 10%

For the years ended December 31, 2025 and 2024, the Society made discretionary matching contributions of $289,959 and $304,989 respectively.

Individual accounts are maintained for each participant to reflect the participant's contributions and the Society's matching contributions, as well as allocations of investment earnings or losses and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct contributions into various investment options offered by the Plan. In the absence of participant direction, contributions are invested in a default investment fund until changed by the participant. Participants must evaluate their own investment goals and objectives and choose investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants are immediately fully vested in their elected deferrals, rollovers and actual earnings thereon. Employer discretionary matching contributions are fully vested after three years of vesting service. A year of vesting service is earned upon working 1,000 hours in a Plan year. In the event that an eligible participant dies or becomes disabled while still employed, a participant will become 100% vested. The portion of the employer discretionary matching contribution that is vested is as follows:

Years of Service	Vesting Percentage
Less than 3	0%
3	100%

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, partial account distributions or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in the account as a lump-sum distribution. Upon proof and to the satisfaction of the Plan Administrator of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Note 1. Description of the Plan (continued)

Participants may borrow from their vested account balances, subject to a minimum loan amount of $1 up to a maximum loan amount equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be paid back within five years; however, this period may be extended up to 30 years if the loan is used for the acquisition of a primary residence. The interest rate is based on prevailing market conditions and is fixed over the life of the note. The interest rate on outstanding participant notes as of December 31, 2025 and 2024 ranged from 3.25% to 8.50%. Principal and interest are repaid ratably by the participants through payroll deductions.

Included in net assets available for benefits are forfeited nonvested accounts of $10 and $19,259 as of December 31, 2025 and 2024, respectively. Forfeited nonvested accounts may be used to reduce employer contributions or to offset Plan administrative expenses. During the years ended December 31, 2025 and 2024, nonvested amounts of $3,849 and $2,739 respectively, were forfeited. The Society's discretionary matching contribution was reduced by $27,094 from forfeited nonvested accounts for the year ended December 31, 2025. For the year ended December 31, 2024, no amounts were used from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments - The investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. For all other investments, the fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (continued)

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2025 or 2024.

Expenses - Certain management and administrative services are paid either by the Plan or the Society, as provided by the Plan document. Expenses paid directly by the Society are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through September 11, 2026, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following provides a description of the three levels of the fair value hierarchy:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

Note 3. Fair Value Measurements (continued)

The Plan's investments in mutual funds are classified within Level 1 of the fair value measurement hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Note 4. Certified Information

The following information as of December 31, 2025 and 2024, and for the years then ended, was obtained by management and agreed to or was derived from information certified as complete and accurate by Principal Trust Company, a qualified institution.

	2025	2024
Investments:		
Mutual funds - at fair value	$ 7,769,865	$ 6,716,952
Guaranteed investment contract - at contract value	$ 70,863	$ 99,450
Notes receivable from participants	$ 118,596	$ 97,390
Investment income:		
Net appreciation in fair value of investments	$ 1,017,186	$ 668,480
Dividends	$ 149,752	$ 134,510
Interest on guaranteed investment contract	$ 1,278	$ 1,668
Interest on notes receivable from participants	$ 8,523	$ 5,989

Note 5. Investment Contract with Insurance Company

The Plan has a traditional benefit-responsive group annuity contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average yield and crediting interest rates were 2.15% and 1.55% for the years ended December 31, 2025 and 2024, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5. Investment Contract with Insurance Company (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan administration believes the occurrence of such events that would limit the Plan's ability to transact at contract value is not probable.

Note 6. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

The Plan has a significant portion of its assets invested in one mutual fund, Vanguard Target Retirement Date 2035 Fund, which represented approximately 23% and 21% of the Plan's net assets available for benefits as of December 31, 2025 and 2024, respectively. It is reasonably possible that changes in the values of this investment could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial investments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

Note 7. Priorities upon Termination

Although it has not expressed any intent to do so, the Society has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the employer contribution portion of their account.

Note 8. Tax Status

The Society has adopted a volume submitter prototype 403(b) plan and has received an opinion letter from the Internal Revenue Service dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Party-in-Interest Transactions

The Plan holds units of participation in certain mutual funds and a guaranteed investment contract managed by Principal Trust Company or affiliates thereof. Principal Trust Company is the Trustee and Custodian of the Plan's investment assets and also provides certain administrative services to the Plan pursuant to a service agreement. Administrative services are primarily paid through a monthly administrative fee charged to participants.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balance. The Society is also a party-in-interest to the Plan.

These transactions are considered to be exempt party-in-interest transactions under ERISA.

Note 10. Delinquent Participant Contributions

U.S. Department of Labor (DOL) regulations provide that participant contributions to retirement plans must be made on the earliest date that they can reasonably be segregated from the employer's general assets, but in no event later than 15 business days following the month in which the participant contributions were withheld. An employer can be held liable for investment losses and interest incurred during the period of any delay in remitting the contributions to the Plan, and the late deferrals would be considered prohibited transactions that must be reported on the Plan's Form 5500 until corrected. During the years ended December 31, 2024 and 2023, the Society remitted contributions totaling $175,459 and $460,215 respectively, in a timeframe that did not comply with the timeliness requirements prescribed by DOL regulations. As of the date the financial statements were available to be issued, the Society has made the necessary corrective contribution to the Plan for lost earnings associated with the late participant contributions in January 2026. Any required corrections and applicable excise taxes were paid from the Society's assets and were not charged to or paid from the assets of the Plan. There were no delinquent participant contributions for the year ended December 31, 2025.

Note 11. Plan Corrections

During the year ended December 31, 2025, it was discovered that certain Plan provisions related to initial enrollment were not properly applied in the daily operation of the Plan.
Plan management is in the process of determining the affected participants and have indicated that the steps necessary to maintain the tax qualified status of the Plan will be taken.

During the year ended December 31, 2024, Plan management identified a limited number of isolated operational errors related to participant loans, initial eligibility determinations, the application of the Plan's definition of eligible compensation, use of forfeitures, and the timely remittance of participant contributions. As of the date the financial statements were available to be issued, the Plan has corrected these matters under the Internal Revenue Service's Employee Plans Compliance Resolution System using the Self-Correction Program.
