1. DESCRIPTION OF PLAN

The following description of the Ambiance Apparel 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan covering all eligible employees of Ambiance Apparel (the "Plan Sponsor" and "Plan Administrator") as well as employees of Ambiance USA, Inc., Apparel Line USA, Inc., and Blue Dot USA, Inc., who have completed one year of service, have reached age 21, and are not leased employees or members of a collective bargaining unit. The Plan was established by the Plan Sponsor on January 1, 2013 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Contribution

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation not to exceed the dollar limit set by law of $23,500 for 2025 and $23,000 for 2024. Participants age of 50 or older may elect to defer up to an additional $7,500 of "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan Sponsor may also make discretionary contributions to the Plan for a fixed matching contribution of 100% of salary deferrals up to 3% of plan compensation.

Participant Accounts

Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Allocation of Plan investment earnings is based on the participant's account balance, as defined.

Vesting

Participants are immediately vested in their contributions, Plan Sponsor safe harbor contributions, and actual earnings thereon. Vesting in the Plan Sponsor's discretionary contributions is based on years of continuous service as follows:

Years of Service	% Vested
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years or more	100%

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $3,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 10 years if used to purchase participant's primary residence). The loans are secured by the balance in the participant's account and bear a commercially reasonable rate of interest. Interest rates on participant loans vary as of December 31, 2025. Principal and interest is paid ratably through either payroll deductions or participant payments.

Payment of Benefits

Upon termination of service, a participant will receive as benefits either a lump sum amount equal to the value of his/her account, or a monthly annuity (fixed or variable) distributed in accordance with the Plan.

Administrative and Investment Management Expenses

Record keeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Plan Sponsor.

Forfeited Accounts

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures may be used to pay Plan expenses as determined by the Plan Sponsor. Any remaining forfeitures may be used to reduce Plan Sponsor contributions. There were no balances in forfeited accounts available as of December 31, 2025 and 2024, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risk of Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' balances and the amounts reported in the statement of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represent the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Fair Value Measurements

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels: Level 1, defined as quoted prices in active markets; Level 2, defined as observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and Level 3, defined as unobservable inputs about which little or no market data exist, therefore requiring an entity to develop its own assumptions.

Notes Receivable from Participants

Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred.

Administrative Expenses

Most administrative expenses of the Plan are paid by the Plan or the Plan Sponsor as provided in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Termination of the Plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other source are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

3. INVESTMENTS

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by the custodian of the Plan regarding the current value of assets held at December 31, 2025 and 2024 and transactions entered into during the respective years were used in the preparation of the accompanying financial statements.

During 2025 and 2024, the Plan's investment transactions, including gains and losses on investment bought, sold, and held during the years, changed as follows:

	2025	2024
Pooled separate accounts	$ 462,709	$ 324,826

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement:

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Pooled Separate Accounts: The fair values of participation units held in the pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). It seeks to maintain a return similar to a short-term bond fund with a risk profile similar to a money market fund and is designed for use as a constant value investment option.

The Plan assets, measured at fair value on a recurring basis as of December 31, 2025 and 2024, were as follows:

December 31, 2025:	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total Investments at Fair Value**
Cash reserve account	$ -	$ -	$ -	$ -
Pooled separate accounts	-	3,404,084	-	3,404,084
Total	**$ -**	**$ 3,404,084**	**$ -**	**$ 3,404,084**

December 31, 2024:	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total Investments at Fair Value**
Cash reserve account	$ -	$ -	$ -	$ -
Pooled separate accounts	-	3,114,527	-	3,114,527
Total	**$ -**	**$ 3,114,527**	**$ -**	**$ 3,114,527**

5. INCOME TAX STATUS

The Plan is a volume practitioner plan provided by the third-party administrator. The third-party administrator received a favorable determination letter from the Internal Revenue Service on March 31, 2014 indicating that the specimen document was designed in accordance with applicable sections of the Internal Revenue Code (IRC). However, the determination did not constitute a determination of the qualification of an adopting plan sponsor. The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in pooled separate accounts are managed by the custodian of the Plan. Purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. SUBSEQUENT EVENTS

Plan management has evaluated all subsequent events to the statements of net assets available for benefits date of December 31, 2025 through the date that the financial statements were available to be issued on September 23, 2026.
