Independent Auditor's Report

To the Plan Administrator and Plan Committee of
RDSolutions 401(k) Plan
Glen Allen, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RDSolutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

RDSolutions 401(k) Plan

Notes to Financial Statements

December 31, 2025

Note 1 – Plan Description

The following description of the RDSolutions 401(k) Plan (the "Plan"), formerly Retail Data, LLC 401(k) Plan, is provided for general informational purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering all eligible employees of RDSolutions (the "Company"), formerly known as Retail Data, LLC, who have completed 750 hours of service within the 6-month time period following the date of hire and who have attained 18 years of age or older. Effective August 27, 2025, the Plan was restated to remove the hours of service requirement. Employees are eligible for entry to the Plan on the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1975 (ERISA).

The Plan was restated on January 1, 2025, effectively changing the Plan's name from Retail Data, LLC 401(k) Plan to RDSolutions 401(k) Plan.

Contributions

Participants may contribute, in whole percentage increments, up to 85% of their annual compensation, subject to limits set by the Internal Revenue Service (IRS). In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may designate all or some of their contributions, including catch-up contributions, as Roth deferrals, which represent after-tax contributions to the Plan. Newly eligible employees are automatically enrolled in the Plan at a contribution rate of 3% with automatic increases of 1% that occur annually up to a maximum of 6% unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. For any plan year, the Company may contribute discretionary matching amounts as well as discretionary profit-sharing contributions as determined by the Company. The Company currently matches 50% of each participant's contribution not exceeding 4% of covered compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and charged with benefit payments, transaction fees related to notes receivable from participants, and allocations of administrative expenses and Plan losses. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested after three years of credited service. Any participant who reaches normal retirement age, is permanently disabled, or dies will have a 100% vested interest regardless of years of service.

Notes Receivable from Participants

Participants may borrow from their vested balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loan terms cannot exceed five years, unless proceeds are used to acquire a principal residence, in which case the term cannot exceed 10 years. Notes are secured by the balance in the participant's account and bear interest at a rate equal to the Wall Street Journal Prime Rate plus 1%. At December 31, 2025, outstanding notes bore interest rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, hardship, retirement, death, or disability, as defined in the Plan. If the participant's account balance is over $7,000, the participant must consent to any distributions. A participant is entitled to withdraw all or part of their vested balance subject to specific hardship and in-service withdrawal provisions of the Plan.

Administrative Expenses

Plan fees and administrative expenses are paid by the Company or the Plan on a discretionary basis.

Forfeitures

Forfeitures are used to reduce future employer contributions or pay administrative expenses. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $4,316 and $2,852, respectively. During the year ended December 31, 2025, forfeitures of $21,485 were used to reduce employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements. Such estimates also affect the reported amounts of income and expenses during the reporting period. Actual results could vary from the estimates that were used.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Note 3 – Information Certified by Trustees

Certain information was certified as complete and accurate by the Plan's Trustees, Reliance Trust Company as of December 31, 2024 and ADP Retirement Trust Services, LLC for the period of January 1, 2025 through December 31, 2025. That information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)
- Notes receivable from participants

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 consists of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of input that is significant to the fair value measurement.

	Fair Value Measurements at Reporting Date Using:		
December 31, 2025	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**
Mutual funds	$ 12,068,441	$ 12,068,441	$ -
Common collective fund	728,468	-	728,468
$	**$ 12,796,909**	**$ 12,068,441**	**$ 728,468**

	Fair Value Measurements at Reporting Date Using:		
December 31, 2024	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**
Mutual funds	$ 10,446,458	$ 10,446,458	$ -
Common collective fund	894,250	-	894,250
$	**$ 11,340,708**	**$ 10,446,458**	**$ 894,250**

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of the common collective fund is based on inputs that are observable for valuing the asset or liability, either directly or indirectly (i.e., interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs. While underlying asset values are quoted prices, the net asset value (NAV) of a unit in this fund is not publicly quoted. Units can be issued and redeemed on any business day at the NAV. All earnings and losses are included in the computation of the NAV and are realized by the participant upon withdrawal. No distributions of income and gain or loss are made to participants.

Note 5 – Common Collective Fund

The Plan has investments in the Goldman Sachs Stable Value Collective Trust (the "Fund"). Included in this fund are wrap agreements and insurance company separate account agreements. These contracts are considered to be benefit-responsive and since these contracts are purchased on the open market, are presented at fair value by the Plan. The Fund is a collective investment trust and maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Under the Stable Value Contract, the issuer agrees, subject to contract conditions, to make payments representing redemptions from the Fund for participant-initiated benefit payments at book value.

Note 6 – Tax Status

The Plan adopted a non-standardized plan sponsored by ADP, LLC and has not requested a determination letter but rather has relied upon the IRS opinion letter dated October 6, 2020 issued on the non-standardized plan stating the Plan and related trust are designed in accordance with applicable sections of the *IRC*. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Related-Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Certain Plan assets are invested in funds held by the Plan's trustee and managed by the investment advisor. Therefore, these transactions qualify as party-in-interest transactions. However, these transactions are not considered prohibited transactions. Fees paid to the service providers by the Plan for administrative expenses amounted to $82,891 for the year ended December 31, 2025.
