Independent Auditors' Report

To the Plan Committee of
The Andersons, Inc. Retirement Savings Investment Plan

Opinion

We have audited the financial statements of The Andersons, Inc. Retirement Savings Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025, and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in *the Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Andersons, Inc. Retirement Savings Investment Plan
Notes to Financial Statements

Note 1 – Description of Plan and Accounting Policies

Plan Description

The Andersons, Inc. Retirement Savings Investment Plan (the “Plan”), a defined contribution retirement plan, is sponsored by The Andersons, Inc. (the "Plan Sponsor," "Employer" or the "Company"). The Plan year is January 1 through December 31. The Plan is administered by the Retirement Benefits Committee ("Plan Administrator") as established by the Plan Sponsor and subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Plan assets are maintained by Fidelity Management Trust Company (the "Trustee" and "Recordkeeper"). The following description of the Plan is provided for general information. Plan participants should refer to the Plan document for more complete information.

Accounting Principles

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Eligibility

The Plan is a defined contribution plan that covers substantially all employees of the Company and participating employers who meet the minimum age 18 requirement. Full-time employees are eligible to begin deferring money into the Plan as soon as administratively practicable following their date of hire. Part-time employees are eligible to begin deferring money into the Plan upon meeting the 1,000 hours and 12-month service requirement. Employer matching contributions begin once the employee enters the Plan. The Plan provides for retirement, disability and death benefits for participants who meet certain eligibility requirements.

Contributions

Participant Contributions

Employee contributions may be made by salary reduction up to 75% of annual compensation (in 1% increments) subject to the maximum annual contribution allowed by the Internal Revenue Code (the "IRC"). Participants are automatically enrolled in the Plan with an effective pretax deferral of 5% of compensation unless a participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. The Plan also provides participants the option to choose Roth deferrals and the option to allocate their contributions into a self-directed brokerage account. The Plan may accept rollover contributions from certain Individual Retirement Accounts or from other qualified defined benefit or contribution plans of the Company or former employers of the participant.

Employer Contributions

The Plan provides for a required minimum Employer matching contribution of 100% of the first 3% of a participant’s deferred compensation plus 50% of the next 2% of a participant’s deferred compensation, subject to limitations in the IRC.

The performance contribution is an annual supplemental contribution made at the discretion of the Employer. All employees who are eligible to participate in the Plan, accumulate 1,000 hours during the plan year, and are active at the Plan’s year-end are eligible to receive a performance contribution. The Company determines how much to contribute to each participant based on the Company’s performance, with the measure of performance being pretax income. The performance contribution ranges from

0% to 5% of eligible compensation depending on the actual level of Company performance. A minimum of 20% of budgeted pretax income must be achieved before a minimum performance contribution of 1% will be made. Employer supplemental performance contributions were $4,239,238 for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with their contributions, Employer matching contributions, Employer performance contributions and an allocation of investment income (losses). Allocations are based on the participant's selected allocation percentages. Investment income is allocated to participant accounts by investment fund balance on a daily basis. This allocation is based upon the ratio of each participant's weighted average fund balance to the total fund balance of all participants. The benefit to which a participant is entitled is provided from the participant's vested account balance. No assets of any participant account may be used for the benefit of any other account or participant. All amounts in participant accounts are participant-directed. Participants may invest in various instruments including the Company's common stock, mutual funds, a common and collective trust, and self-directed brokerage accounts.

Payment of Benefits

Participants are eligible for a distribution of Plan benefits upon termination of service, whether by disability, retirement, death or leaving the Company. In the event of financial hardship (as defined in the Plan document), participants may withdraw amounts from the employee contribution portion of their Plan accounts while they are still employed. In addition, participants who have attained age 59 1/2 may elect to withdraw all or a portion of their vested Plan accounts while still employed. Upon termination of service, a participant or applicable beneficiary may elect to have benefits paid as a single lump-sum distribution, monthly installments or may request that the Plan make a direct rollover distribution to another eligible retirement plan. Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the Plan's investments in mutual funds, a common and collective trust, and self-directed brokerage accounts are based on net asset values on the last business day of the Plan year. The fair value of the Plan's investments in the Company's common stock is based on the NASDAQ closing market price on the last business day of the Plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized gains and losses on investments sold during the Plan year as well as unrealized gains and losses on investments held at the end of the Plan year.

Vesting

Participants are immediately 100% vested in the participant contributions, Employer matching contributions, rollover contributions and any income or loss thereon. Performance contributions vest 20% per year of service. Participants with over five years of service are fully vested in all performance contributions along with those who meet the normal retirement age of 65 or in the event of disability or death. A year of service is defined as being credited with at least 1,000 hours of service to the Company during a Plan year. The Plan includes employees of acquired entities or businesses and recognizes each individual's service for vesting purposes if such service at the acquired entity had been rendered at the Company.

Forfeitures

Forfeitures of non-vested performance contributions are used to reduce future Employer contributions. The Plan used forfeitures of $338,590 to reduce Employer contributions in 2025. The forfeiture balance included in Investments, at fair value on the Statements of Net Assets Available for Benefits that was available to apply to future Employer contributions was $277,322 and $322,373 as of December 31, 2025 and 2024, respectively.

Administrative Expenses

Plan administrative expenses are paid by the Company to the extent not paid or offset by the Plan. Participants are responsible for fees associated with certain transactions or services they utilize, such as loan originations and maintenance, in-service withdrawals and professional management service fees.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balances. The minimum loan amount is $1,000 and the maximum is $50,000. Each participant may only have one loan outstanding, and each loan bears interest at a fixed rate equal to the prime rate at the end of the quarter previous to initiation of the loan plus one percent. Loans must provide for at least quarterly repayments utilizing a level amortization schedule. Loan terms will not exceed five years unless the loan qualifies as a home loan in which the term will be established by the Plan Administrator at the time of the loan. Participant loans are measured at their unpaid principal balance plus any accrued interest.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan and the trust at any time. In the event of termination of the Plan, participants become fully vested in their individual accounts and all account balances will be distributed in the form and manner determined by the Plan Administrator.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds, a common and collective trust, and the Company's common stock. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results and outcomes may differ from management’s estimates and assumptions. The Plan has no contingent assets or liabilities for any periods presented in these financial statements.

Subsequent Events

No subsequent events were identified through June 3, 2026.

Note 2 - Financial Instruments

The Plan accounts for investments at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of its fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

- Level 1—inputs are based upon unadjusted quoted prices for identical instruments in active markets. The Plan's Level 1 investments primarily include: mutual funds, index funds, money market funds, and the Company's common stock.
- Level 2—inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques (e.g. the Black-Scholes model) for which all significant inputs are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Where applicable, these models project future cash flows and discount the future amounts to a present value using market-based observable inputs including interest rate curves, credit spreads, foreign exchange rates, and forward and spot prices for currencies and commodities. The Plan currently holds a single level 2 investment in a common and collective trust.
- Level 3—inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset. The fair values are therefore determined using model-based techniques, including option pricing models and discounted cash flow models. As of December 31, 2025 and 2024, the Plan did not hold any financial instruments categorized as Level 3.

Mutual funds are valued at the closing price as reported by the fund. Common stocks are valued at the closing price reported on the active markets on which the individual securities are traded. Self-directed brokerage account holdings include a variety of common stocks and mutual funds.

Investments in the common and collective trust is valued at the net asset value (NAV) of units of a bank collective trust. NAV is readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a common and collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Disclosures concerning assets measured at fair value are presented below. The Plan has no liabilities measured at fair value.

	December 31, 2025		
	Level 1	**Level 2**	**Total**
Mutual funds	**$ 381,128,925**	**$ —**	**$ 381,128,925**
Common and collective trust	**—**	**7,758,436**	**7,758,436**
Common stock of The Andersons, Inc.	**7,641,629**	**—**	**7,641,629**
Self-directed brokerage accounts	**9,456,839**	**—**	**9,456,839**
Total investments, at fair value	**$ 398,227,393**	**$ 7,758,436**	**$ 405,985,829**

	December 31, 2024		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 333,912,361	$ —	$ 333,912,361
Common and collective trust	—	9,005,262	9,005,262
Common stock of The Andersons, Inc.	6,261,039	—	6,261,039
Self-directed brokerage accounts	9,232,237	—	9,232,237
Total investments, at fair value	$ 349,405,637	$ 9,005,262	$ 358,410,899

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between fair value levels for the year ended December 31, 2025.

Note 3 - Related Party and Party-In-Interest Transactions

Fees paid by the Plan for administrative and advisory services amounted to $406,848 for the year ended December 31, 2025 and qualify as party-in-interest transactions under ERISA. Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Substantially all other administrative and legal expenses are paid by the Company on behalf of the Plan.

Transactions in the Plan Sponsor's common stock qualify as exempt party-in-interest transactions. As of December 31, 2025 and 2024, the Plan held 143,663 shares of The Andersons, Inc. Common Stock valued at $7,641,629 and 154,455 shares valued at $6,261,039, respectively. During the year ended December 31, 2025, the Plan recorded The Andersons, Inc. Common Stock dividend income of $116,412.

Note 4 - Income Tax Status

The Internal Revenue Service has reviewed the Plan document and informed the Plan Sponsor by a letter dated June 30, 2020, that the non-standardized pre-approved defined contribution plan adopted by the Plan Sponsor and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Company believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Reconciliation of Financial Statements to Form 5500

The Form 5500 includes notes receivable from participants as investments.

A reconciliation of net assets available for benefits as follows:
