Heart of America 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Heart of America 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Heart of America 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Heart of America 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heart of America 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as detailed in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Heart of America 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Heart of America 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of and ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Heart of America 401(k) Plan (the "Plan") provides only general information. The Plan document should be referred to for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Heart of America Group (the "Company"), who are at least age 21 and have completed 6 months of service (defined as completing at least 500 hours of service) with the Company. The Plan provides retirement benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company serves as the Plan sponsor and administrator, and is responsible for the control, management, operation, and administration of the Plan. The President & CEO and Vice President & CFO of the Company serve as the trustees of the Plan (collectively, the "Trustee").

The Company has entered into a Group Annuity Contract (the "Agreement") with Principal Financial Group ("Principal") whereby Principal, as Investment Manager and Custodian, has a fiduciary responsibility to manage the activities of the Plan (including collection of contributions, payment of benefits, investment activities and performance, and record keeping). Under such Agreement, the Plan's net assets are maintained in an Investment Fund. The Investment Fund is allocated to individual participant accounts at all times, but funds are grouped for investment purposes to maximize returns. Principal invests the net assets of each participant among multiple investment options in accordance with the investment elections of participants.

Contributions

Employee elective deferral contributions (pre-tax) range from 0% to 100% of the participant's compensation, as defined by the Plan and subject to Internal Revenue Service ("IRS") limitations. Company matching contributions are equal to 25% of employee contributions up to 8% of compensation.

Vesting

Employee contributions (and any earnings thereon) are 100% vested and non-forfeitable at all times. Vesting in Company matching contributions (and any earnings thereon) is based on years of credited service as follows:

Years of Service	Amount Vested
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Rollovers

Any participant can make rollover contributions to the Plan or transfer funds from other qualified plans, subject to the Plan's provisions. Rollover contributions are 100% vested and non-forfeitable at all times.

Investment Options

Participants electively direct employee contributions to the following investment options:

Company matching contributions are allocated in the same manner as employee contributions. Participants may change investment options or transfer balances in accordance with plan provisions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts
A separate account is maintained for each Plan participant. Each participant's account is credited or charged with, as applicable, employee contributions, Company matching contributions, withdrawals, an allocation of investment earnings (losses) based on the participant's investment fund elections and relative account balances, and administrative expenses.

Payment of Benefits
Plan benefits accumulate and vest over the participant's service period. Plan benefits are available to participants in accordance with the hardship withdrawal provisions of the Plan. Plan benefits are due to participants at termination from the Plan due to employment termination, retirement, or death. Normal retirement age for participants is age 65. The benefit to which a participant is entitled is the benefit provided from the participant's vested account. Plan benefits payable to participants may be received in accordance with several benefit distribution options including lump-sum or annually. Terminated participants with vested balances of less than $7,000 can be distributed in lump-sum without participant election.

Forfeited Accounts
At December 31, 2025 and 2024, forfeited nonvested accounts totaling $1,721 and $4,831, respectively, are included in the Plan's net assets available for benefits, and will be utilized to pay future Plan expenses and/or reduce employer contributions. For the year ended December 31, 2025, $9,000 was used to offset employer contributions.

Plan Termination
Although no such intention has been expressed, the Company has the right under the Plan's provisions to discontinue its contributions and/or to terminate the Plan, subject to the provisions of ERISA. In the event of contribution discontinuance or Plan termination, participants would become 100% vested in their respective accounts. Upon plan termination, the Plan's net assets would be liquidated and distributed in accordance with ERISA.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The Plan's records are maintained on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Plan Year
The Plan year is the calendar year.

Contributions
Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Federal Income Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events

The plan administrator has evaluated subsequent events through September 17, 2026, the date which the financial statements were available to be issued.

NOTE 3 – CERTIFICATIONS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the year ended 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company and Principal Global Investors Trust Company (Custodians of the Plan).

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan utilizes several investment instruments. Investment securities, in general, are exposed to various risks, including but not limited to, interest rates, credit, inflation, economic conditions, and market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 5 – TRANSACTIONS WITH PARTIES IN INTEREST

The Plan holds investments in pooled separate accounts and collective investment trusts totaling $13,985,846 and $12,941,980 as of December 31, 2025 and 2024, respectively. These investments are managed by affiliates of the Investment Manager of the Plan. During the year ended December 31, 2025, the Plan recorded net investment gains of $1,808,753 from these investments.

NOTE 6 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued based on the fair value of the underlying assets owned by the pooled separate account and generally based on observable inputs. Assets within the pooled separate accounts included fixed maturity securities, equity securities, and cash and cash equivalents.

Collective investment trusts: Collective investment trusts (CIT) invest in collective trust funds as well as a variety of separate accounts and mutual funds. The fair value of all these investments are used in determining NAV of the CIT, which is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual funds	$ 3,536,572	$ -	$ -	$ 3,536,572
