INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of City Union Mission, Inc.
Employees Retirement Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of City Union Mission, Inc. Employees Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CITY UNION MISSION, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the City Union Mission, Inc. Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – City Union Mission, Inc. (the "Organization") established the Plan to provide employees with a systematic means of saving and investing for the future. All employees of the Organization, as defined in the universal availability standards, are eligible to enroll on their date of hire. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") for employees of the Organization. American United Life Insurance Company ("AUL") is the trustee and the recordkeeper of the Plan.

Contributions – Participants may contribute up to 100% of their annual compensation, subject to certain limitations prescribed by the Internal Revenue Code ("IRC") and other limitations specified by the Plan. Participants 50 years of age or older are permitted to make catch-up contributions, as defined in the Plan. Under the Secure 2.0 Act of 2022, effective January 1, 2025, a participant who reaches the age of 60 through 63 during the Plan year may contribute an additional catch-up contribution to the Plan.

The Organization may make discretionary matching contributions to the Plan. In 2025, the Organization matched 75% of the first 4% of each participant's earnings that were contributed to the Plan.

The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation.

Participant Accounts – Each participant's account is credited with the participant's voluntary contribution, the Organization's contributions, plan earnings, and charged with the participant's withdrawals and distributions, and an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options – Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a fixed interest account as investment options.

Vesting – Participant contributions are fully vested at all times. Vesting in the Organization's contributions is based on a graded vesting schedule. Participants have completed a year of service for vesting purposes if they were employed for at least 1,000 hours during a plan year or the twelve-month period beginning on their date of hire. Vesting occurs in 20% increments, with 20% vested after 2 years of service, 40% vested after 3 years of service, etc. Employees become fully vested after 6 years of service.

Payment of Benefits – Upon termination of employment, a participant may receive a lump-sum amount equal to the value of his or her account or may leave the account balance invested until a later date.

In-Service Withdrawals – Participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of their vested account balances in a single sum payment.

Notes Receivable from Participants – Participants may borrow from their account balances with interest charged at a reasonable rate, which remains in effect for the duration of the loan. Loan terms range from 1 to 5 years. A loan for the purchase of a primary residence may be repaid over 15 years. The minimum loan is $1,000 and the maximum loan is the lesser of $50,000 less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's account balance less any current outstanding loan balance. Loans will bear a reasonable interest rate, comparable to rates being charged by lending institutions in the same geographical locale. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Participants may only initiate one loan during a 12-month period and may only have two loans outstanding at any time.

Forfeitures – Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures will be used by the Organization to pay nonparticipant specific Plan expenses and to reduce employer contributions. During 2025, $10,972 of forfeitures was used to reduce employer contributions. There is $24 and $0 in forfeitures as of December 31, 2025 and 2024, respectively.

Administrative Expenses – The Organization pays the majority of expenses incurred by the Plan. Expenses totaling $1,656 were paid by the Plan.

Termination of the Plan – Although the Organization has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, participants' accounts would become fully vested, and all remaining Plan assets would be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Organization by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for the AUL Fixed Account, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful account is considered necessary.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through September 29, 2026, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The hierarchy consists of three broad levels, described as follows:

> Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.
>
> Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.
>
> Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

> Pooled Separate Accounts – AUL calculates a unit value (similar to a net asset value "NAV") of a separate account. It is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments are reported at fair value as follows at December 31, 2025 and 2024.

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Investments in the hierarchy	$ -	$ -	$ -	$ -
Total investments in the fair value hierarchy	$ -	$ -	$ -	-
Investments measured at net asset value **(a)**				3,562,267
Investments measured at fair value				$ 3,562,267
December 31, 2024:				
Investments in the hierarchy	$ -	$ -	$ -	$ -
Total investments in the fair value hierarchy	$ -	$ -	$ -	-
Investments measured at net asset value **(a)**				3,022,608
Investments measured at fair value				$ 3,022,608

(a) Investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule listed below is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Investments, at contract value
- Notes receivable from participants and related interest
- Net appreciation in fair value of investments
- Interest income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a group annuity contract with AUL. The group annuity contract is valued at contract value, which approximates fair value. The contract offers a fixed interest investment option through AUL's general account. Interest rates for the AUL Fixed Account are declared quarterly and earn the declared rate until the end of the calendar year next following the current year. At the end of the calendar year next following the current year, the quarterly rates are converted to an annual interest rate, which is then adjusted on an annual basis. No more than 20% of a participant's balance invested in the AUL Fixed Account may be transferred during the year, unless the balance is less than $2,500, in which case the entire amount may be transferred during the Plan year.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The group annuity contract represents approximately 15% of the Plan's net assets available for benefits.

7. TAX STATUS

The Organization adopted a Volume Submitter 403(b) Plan which received a favorable opinion letter from the IRS on November 22, 2017, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Organization believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 403(b) and the related trust is tax-exempt as of December 31, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

All plan investments are managed by AUL, the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

The Plan pays certain fees to AUL to administer the Plan. These transactions qualify as party-in-interest. Notes receivable from participants are party-in-interest transactions.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
