INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants
The Chair King, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Chair King, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Chair King, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Chair King, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

An Independent Member of DFK International

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Chair King, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Chair King, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Chair King, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF THE PLAN

The following description of The Chair King, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated, was established October 1, 1992, as a defined contribution plan covering all employees of Chair King, Inc. (the "Company", or "Plan Sponsor") except nonresident aliens, employees covered by a collective bargaining agreement, and leased employees. Employees are eligible to participate in the Plan on the first day of any month coinciding with or next following the attainment of age 21 and completion of 30 days of service. The Plan is participant directed, and participants may change their contribution rates at the beginning of each payroll period and investment options at any time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of May 1, 2025, the Plan transferred all assets from John Hancock Life Insurance (U.S.A.) ("JH USA") to John Hancock Trust Company ("JH").

Contributions

Participants may elect to contribute up to 90% of eligible compensation into the Plan, subject to certain limitations, deferred on a pre-tax basis. Participants may also designate some or all their contributions as an after-tax Roth contribution, also subject to limitations. Participants who have attained the age of 50 before the end of the plan year may make additional pre-tax catch-up contributions. Participants who attained the ages of 60 through 63 before the end of the plan year may make additional pretax super catch-up contributions. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans.

During 2025, the Company matched 25% of participant contributions up to a maximum of 4% of eligible compensation on a pay period basis.

The Company may make a discretionary nonelective contribution to the Plan during any year for eligible participants employed on the last day of the plan year that have completed a year of service, as defined. No discretionary contribution was made by the Company in 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Income for each of the investment choices is allocated to the participants' accounts daily and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Vesting and Payment of Benefits

Participants are at all times fully vested in their participant, rollover, and qualified non-elective contribution accounts and the appreciation or depreciation thereon. Vesting in the Company's contributions portion of their accounts plus earnings thereon is based on the following schedule:

Years of Service	Percentage Vested
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Normal retirement age under the Plan is 65. Participants may receive distributions upon retirement, death, disability, or other events specified by the Plan. Required minimum distributions are administered in accordance with the provisions of the Internal Revenue Code and the Plan document, as amended. Separating participants may elect to rollover their account into another qualified account, as permitted by Internal Revenue Code regulations. A participant will become fully vested upon death or total and permanent disability.

All vested benefits in the Plan that are less than $5,000 may be distributed in a single lump-sum payment without consent from the terminated participant. Vested benefits in the Plan that are less than $1,000 may be distributed in a single lump-sum into a qualified IRA account on the participant's behalf.

Forfeitures

Forfeitures of non-vested profit sharing or matching contributions due to termination of employment can reduce Company contributions to the Plan, pay certain administrative expenses, or allocated to eligible participants based on their compensation for the Plan year. In 2025, employer contributions were reduced by $23,990. If the Company does not use forfeitures to reduce employer contributions or for plan expenses, they may be allocated to eligible participants. Unused forfeitures as of December 31, 2025 and 2024 were $1,817 and $7,846, respectively.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants are repaid in level installments through payroll deductions for periods ranging up to five years and in certain situations may exceed five years. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest rates on loans are equal to 2% above the prime rate. The interest rate will be fixed for the duration of the loan. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. At December 31, 2025 and 2024, no allowance was considered necessary by management.

Benefit Payments

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3: INFORMATION CERTIFIED

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2024, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period January 1, 2025 to May 1, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by JH USA, the previous custodian of the Plan.

As of December 31, 2025 and for the period May 1, 2025 to December 31, 2025, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, was obtained by management and agreed to or derived from information certified as complete and accurate by JH, the new custodian of the Plan.

NOTE 4: FAIR VALUE MEASUREMENTS

The Plan measures the fair value of Plan assets as the price that would be received to sell an asset in the principal market for that asset. These measurements are classified into a hierarchy framework by the inputs used to perform the fair value calculation. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2025 and 2024.

Mutual Fund Accounts: The fair value of mutual funds is presented at the quoted market prices in active markets.

Collective Trust Accounts: The fair value of collective trust accounts is based on the net asset value per unit of the underlying collective investment trust, as determined by the trustee. The net asset value is generally based on the fair value of the underlying investments held by the trust, less its liabilities, and is calculated daily.

Pooled Separate Accounts: The fair value of these mutual funds is a publicly quoted pricing input used in determining the NAV of the pooled separate account, which is not publicly quoted. Pooled separate accounts are valued at the NAV or equivalent based on units of the pooled separate accounts. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. The funds are valued daily.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following tables summarize the valuation of the Company's financial instruments by ASC 820-10 pricing levels as of December 31, 2025 and 2024.

	2025			
	Level 1	Level 2	Level 3	Total
Mutual Fund Accounts	$ 4,892,414	$ -	$ -	$ 4,892,414
*Collective Trust Account	-	-	-	162,259
	$ 4,892,414	$ -	$ -	$ 5,054,673

	2024			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 5,354,529	$ -	$ 5,354,529

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5: STABLE VALUE FUND

The John Hancock Stable Value Fund is a collective investment trust that seeks to preserve capital while providing current income through investments primarily in fixed income securities and benefit-responsive investment contracts issued by insurance companies and financial institutions. The fund is designed to provide principal stability and liquidity while generating returns that exceed those generally available from money market investments over the long term.

The fair value of the investment is determined using the NAV per unit reported by the trustee as a practical expedient and, therefore, is not classified within the fair value hierarchy. Units of the fund may generally be redeemed daily. No advance redemption notice is required for participant-directed transactions. The Plan had no unfunded commitments related to this investment as of December 31, 2025.

Although participant-directed transactions are generally processed without restriction, certain withdrawals or transfers resulting from employer-initiated events, as defined by the fund, may be subject to provisions including market value adjustments or delayed settlement. Under certain circumstances, payment of such transactions may be delayed for up to twelve months unless payment is accepted subject to a market value adjustment.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

Prior to May 1, 2025, certain Plan investments were in pooled separate accounts managed by JH USA. JH USA was the previous custodian of the Plan, and therefore, qualified as a party-in-interest as defined under ERISA guidelines. During the year ended December 31, 2025, the Plan paid JH USA approximately $11,000 in administration fees. Subsequent to May 1, 2025, certain Plan investments are now held in mutual funds managed by JH. JH is the new custodian of the Plan, and therefore, qualifies as a party-in-interest as defined under ERISA Guidelines. During the year ended December 31, 2025, the Plan paid JH approximately $13,000 in administration fees. These fees are included in administrative expenses on the statement of changes in net assets available for benefits. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provision.

NOTE 7: INCOME TAX STATUS

For the period January 1, 2024 through May 1, 2025, the Plan had adopted a non-standardized pre-approved plan sponsored by NOVA 401k Associates, Inc. (“NOVA”). NOVA received a favorable opinion letter dated June 30, 2020, in which the IRS stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code (“IRC”). Effective May 1, 2025, the Plan adopted a non-standardized pre-approved plan sponsored by John Hancock Retirement Plan Services, LLC (“JH RPS”). JH RPS received a favorable opinion letter dated June 30, 2020, in which the IRS stated that the prototype document satisfied the applicable provisions of the IRC. Although the Plan has been amended since receipt of the favorable opinion letters, the Plan administrator believes the Plan is designed and operated in compliance with applicable provisions of the Internal Revenue Code. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan did not have unrecognized tax benefits as of December 31, 2025 and 2024 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2025 and 2024, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. In general, investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: SUBSEQUENT EVENTS

The Plan’s management evaluated subsequent events through the date on which the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that required recognition or disclosure in the financial statements.
