INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Fayette Resources, Inc. 401(k) Plan
1 Millennium Drive, Suite 2
Uniontown, PA 15401

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fayette Resources, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters–Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a-Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fayette Resources, Inc. 401 (k) Plan
Notes to the Financial Statements
December 31, 2025

NOTE 1: DESCRIPTION OF PLAN:

The following description of Fayette Resources, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

A. GENERAL:

The Plan is a 401(k) Plan covering all employees of the Company. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was instituted by the Company effective January 1, 2021.

B. ELIGIBILITY:

To be eligible to begin elective deferrals and to receive employer matching contributions to the Plan, one must be an eligible employee and must meet the requirement of one year of service.

C. CONTRIBUTIONS:

Under the terms of the plan agreement, participants may elect to defer 1% to 100% of eligible compensation subject to IRS limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a guaranteed interest contract as investment options for participants. The Plan provides for employer matching contributions, which are invested in the same manner as employee matching contributions. The Company contributes a nondiscretionary 100% match on the first 5% of compensation that a participant contributes to the Plan.

D. NOTES RECEIVABLE FROM PARTICIPANTS:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The loans are secured by the balance in the participant's account. Any such loan must be repaid in level payments, not less often than quarterly, over not more than five years, except that a loan to purchase a primary residence may be paid back over a longer period. Loan proceeds are withdrawn pro rata from the funds in which the participant's account balances are then invested; repayments shall be allocated amongst the funds in accordance with the manner in which the participant's contributions are then allocated. The interest that a participant pays to the Plan is not deductible for tax purposes, even if the participant borrows in connection with buying a home. The interest rate applied to participant loans is the current prime rate plus 2%.

E. PARTICIPANT ACCOUNTS:

Each participant's account is credited with the participant's contribution and Company matching contributions, plus an allocation of plan earnings, and fund value increases or decreases. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. VESTING:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's matching contribution portion of their accounts plus actual earnings thereon.

G. PAYMENT OF BENEFITS:

On termination of service due to death, disability, or retirement a participant may elect to receive the value of their accumulated plan benefits, in accordance with the provisions of the Plan, in a lump-sum distribution or IRA rollover. The Plan makes required minimum distributions in accordance with IRS regulations.

H. FORFEITURES:

Forfeitures of non-vested Company contributions are not anticipated by the Plan due to the fact that participants are immediately vested in both their elective deferrals as well as employer matching contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. BASIS OF ACCOUNTING:

The financial statements of the Plan have been prepared under the accrual basis of accounting.

B. INVESTMENT VALUATION AND INCOME RECOGNITION:

The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2025. Fair value of the investment in the Fixed Accounts is estimated using discounted cash flows.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. NOTES RECEIVABLE FROM PARTICIPANTS:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan is reduced and a benefit payment is recorded in accordance with the terms of the plan document.

D. PAYMENT OF BENEFITS:

Benefits are recorded when paid.

E. USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

F. EXPENSES:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of note receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through September 18, 2026, the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: PSA's are similar to mutual funds except that they are issued by insurance companies and are not publicly traded like mutual funds. Each share of a PSA is determined on a participation-unit basis based upon the underlying value of the investments held in the separate account. Each participant's equity account provides a cumulative record of the number of participation units credited to the account and the number of units allocated or withdrawn from the account. The balance of participation units credited to the account, multiplied by the current participation-unit value, equals the amount of equity account assets held on behalf of the participant at any given time. The participation-unit value is adjusted each business day to reflect the investment results of the assets held under the separate account.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statements reporting purposes only. In determining the reasonableness of the methodology, the custodian evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025

Level 3 Gains and Losses:

The following table sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2025.

Level 3 Assets
Year Ended December 31, 2025

	Fixed Accounts
Balance, beginning of year	$ 114,063
Credited earnings	3,821
Administration charges	(1,454)
Purchases	14,320
Sales	(47,887)
Balance, End of Year	$ 82,863

NOTE 4: INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan entered into an investment contract with John Hancock Life Insurance Company, totaling $82,863 for 2025 and $114,063 for 2024. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest rate is declared in advance of the semiannual rate reset period. The rate is generally guaranteed for six months. Crediting Rate is set on January 1 and July 1 of each year. If the weighted value of certain indexes changes by more than 2%, John Hancock reserves the right to reset the crediting rate on October 1 or April 1. Crediting Rate is set in advance and is guaranteed by John Hancock Life Insurance Company (USA) and will not be less than 1%. Withdrawals for plan distributions, loans, hardship

withdrawals, and transfers to other investments will be paid at full value. Withdrawals caused by the plan sponsor may either be paid out immediately (subject to a market value adjustment) or at the full contract value over a period of five years.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED):

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation/depreciation in fair value of investments, interest, and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (the custodian of the Plan).

NOTE 6: RELATED PARTY TRANSACTIONS:

Certain plan investments are pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan; and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for these investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Other fees paid by the Plan for investment management and administrative services amounted to $100,752 for the year ended December 31, 2025. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 7: PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8: TAX STATUS:

The IRS has determined and informed M2B Retirement Consulting, LLC by a letter dated July 13, 2021, that the Prototype Non-Standardized Profit Sharing Plan with CODA as adopted by the Company January 1, 2024, is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: EMPLOYEE CONTRIBUTION RECEIVABLE:

As of December 31, 2025, the Plan had an employee contribution receivable of $622. The amount receivable relates to a contribution after year end. The full contribution was received in 2026.
