## Independent Auditors' Report

To the Participants and Plan Administrator of the
Moderne Glass Company, Inc. 401(k) & Profit Sharing Plan
Aliquippa, Pennsylvania

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audits***

We have performed audits of the financial statements of the Moderne Glass Company, Inc 401(k) & Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audits of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

***Other Matter — Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Plan Description

The following description of the Moderne Glass Company, Inc. 401(k) & Profit Sharing Plan (the "Plan" and "Plan Administrator") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### *General and Eligibility*

The Plan is a defined contribution plan covering all eligible employees of Moderne Glass Company, Inc. (the "Company" and "Plan Sponsor") who have completed one year of service and are age eighteen or older. The Plan does not cover employees whose employment is governed by a collective bargaining agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

### *Contributions*

The Plan provides that employees electing to participate may contribute to the Plan, through pretax and post-tax payroll deferrals, a selected percentage of compensation as defined by the Plan. Due to limitations imposed by the Internal Revenue Code (IRC), the aggregate amount of deferrals with respect to any participant cannot exceed $23,500 for 2025 and $23,000 for 2024. A participant that has reached the age of 50 by the end of the tax year may contribute an additional $7,500 and $7,500 for 2025 and 2024 as a catch-up contribution. Additionally, under the SECURE 2.0 Act, employees aged 60 to 63 may make a super catch up contributions of up to $11,250 for 2025, if the plan allows. The Plan has the option to adopt the SECURE 2.0 Act by December 31, 2026.

The Company contributions are discretionary. Discretionary Company contributions are allocated based on participant compensation to total compensation for all eligible participants. In order to receive a discretionary Company contribution, an employee must have worked during the plan year and be employed on the last day of the plan year or have separated from employment during the plan year and completed more than 500 hours of service. The Company authorized discretionary profit sharing contributions of $60,000 which consist of employer contributions of $35,000 and authorization to release $25,000 in forfeitures for 2025 and employer contributions of $60,000 for 2024, which were processed on May 26, 2026 and May 23, 2025, respectively.

### *Participant Accounts*

Each participant's account is credited with a) participant's contributions, b) allocation of the employer discretionary contribution, and c) Plan earnings less applicable expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**1. Plan Description (cont.)**

***Investment Options***

Participants direct the investment of their contributions into various investment options offered by the Plan.

***Vesting***

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six (6) years of credited service based upon a two to six year graded term in accordance with the Plan document; or immediately if a) employment is terminated due to death or disability, b) retirement upon attaining age 65, or c) Plan termination.

| *December 31,* | **Percent Vested** |
|---|---|
| Less than 2 years | 0 % |
| Less than 3 years | 20 % |
| Less than 4 years | 40 % |
| Less than 5 years | 60 % |
| Less than 6 years | 80 % |
| Six or more years | 100 % |

***Payment of Benefits***

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Withdrawal of a portion of a participant's account is permitted due to an immediate and heavy financial need.

***Forfeited Accounts***

Forfeitures of non-vested Company contributions will be used to reduce future employer discretionary contributions. There were no forfeitures applied to the employer profit sharing during 2025 and 2024. The balance remaining in the forfeiture account at December 31, 2025 and 2024 was approximately $26,150 and $15,018, respectively.

**1. Plan Description (cont.)**

***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

**2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

***Investment Valuation and Income Recognition***

Investments of the Plan are stated at fair value (see Note 5), except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 6). The fair value of the financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchase and sales of investments within the Plan are reflected on a trade date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded using the effective interest method.

The net appreciation/(depreciation) in fair value of investments is the difference between the quoted market value of the Plan's investments at the end of the year compared to the quoted market value of such investments at the beginning of the year.

***Use of Estimates***

The preparation of financial statements in accordance with generally accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, the actual amounts could materially differ from those estimates. Any adjustments applied to the estimated amounts are recognized in the year in which such adjustments are determined. Significant estimates include fair value measurements of Plan investments.

**2. Summary of Significant Accounting Policies (cont.)**

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

***Related Party Transactions/Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net (depreciation)/appreciation in fair value of investments.

On October 1, 2024, the Company entered into an Agreement with Principal Life Insurance Company (PLIC). PLIC, a member of the Principal Financial Group, is the third party administrator. There is no revenue-sharing arrangement with PLIC.

***Plan Expenses***

Plan expenses consisted of $56,992 and $24,581 in administrative service fees, and $17,500 and $16,000 in accounting and professional fees for the years ended December 31, 2025 and 2024, respectively.

***Payment of Benefits***

Benefit payments are recorded when paid.

### 3. Concentrations of Credit Risk

The following presents investments at fair value that represent 10% or more of the Plan's net assets available for benefits.

| December 31, | | **2025** | 2024 |
|---|---|---|---|
| Principal LifeTime Hybrid 2035 CIT Z | **$** | **1,602,036** | $ 1,558,784 |
| Principal LifeTime Hybrid 2030 CIT Z | | **1,420,596** | 1,611,613 |
| Principal LifeTime Hybrid 2025 CIT Z | | **748,073** | 672,643 |

### 4. Tax Status

The Plan document, which was amended and restated effective April 22, 2022, which previously received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. It is the opinion of the Plan Administrator that the Plan and its underlying trust have operated within the terms of the Plan and are qualified under the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (DOL). Management has evaluated the Plan's design and operation and has concluded that the Plan is designed and has been operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 5. Fair Value Measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the *Financial Accounting Standards Board's* ("FASB") *Accounting Standards Codification* ("ASC") 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include; a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**5. Fair Value Measurements (cont.)**

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2025 and 2024.

**Mutual Funds**

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Collective Investments Trusts**

The Principal Lifetime Hybrid Funds ("Collective Investments Trusts") are collective investments trusts that seeks capital growth and current income by investing mainly in common stocks of midsize and large U.S. companies with a focus on value stocks that offer the potential for capital growth, current income or both. The fund may use derivatives such as futures, options, warrants and swap contracts, although they do not represent a primary focus of the fund.

The Plan uses the net asset value ("NAV") per share of the Stable Value Fund and Collective Investments Trusts provided by the trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the funds, the trustee reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The funds' units are issued and redeemed daily at the constant NAV of $1 per unit. The funds' investment objective is stability of principal and high current income.

The valuation methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

**5. Fair Value Measurements (cont.)**

There were no unfunded commitments related to the Stable Value Fund or the Collective Investments Trusts at December 31, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. The Plan had no material financial liabilities as of December 31, 2025 and 2024.

| | Investment Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| **Mutual funds** | $ 119,289 | $ - | $ - | $ 119,289 |
| **Collective Investments Trusts*** | - | - | - | 5,347,443 |
| **Investments, at fair value** | $ 119,289 | $ - | $ - | $ 5,466,732 |

| | Investment Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| **Mutual funds** | $ 17,469 | $ - | $ - | $ 17,469 |
| **Collective Investments Trusts*** | - | - | - | 5,527,878 |
| **Investments, at fair value** | $ 17,469 | $ - | $ - | $ 5,545,347 |

* In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2025 and 2024 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## 6. Pooled Separate Account and Group Annuity Contract

Principal's Pooled Separate Account is a fully benefit-responsive investment, and is reportable at contract value in the defined contribution plan's financial statements.

A Pooled Separate Account Balance will be established for each Participant for each type of Contribution directed to each Pooled Separate Account. Retirement funds may be directed to the Pooled Separate Account Balances in any proportion. Changes in investment direction to these Balances can be made at any time as allowed by the Plan or trust. Investment results on retirement funds invested in the Pooled Separate Account is net after Operating expenses and Management Fees. The Pooled Separate Account contains no guarantee of investment performance.

Principal's Group Annuity Contract is a fully benefit-responsive investment, and is reportable at contract value in the defined contribution plan's financial statements.

The Group Annuity contract value represents contribution made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.
