INDEPENDENT AUDITOR'S REPORT

To the Participants, Plan Administrator, and the Board of Trustees
Louisiana Clerks of Court Insurance Trust

Opinion on the 2025 Financial Statements

We have audited the accompanying financial statements of Louisiana Clerks of Court Insurance Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year then ended, and the related notes to the financial statements (2025 financial statements).

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2025, and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the 2025 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2025 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2025 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2025 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2025 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2025 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Information Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the 2025 financial statements as a whole. The supplemental information, schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the 2025 financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental information is fairly stated, in all material respects, in relation to the 2025 financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by Hawthorn, Waymouth & Carroll, L.L.P., who merged with HoganTaylor LLP effective January 1, 2026, and whose report dated August 8, 2025, expressed an unmodified opinion on those financial statements.

LOUISIANA CLERKS OF COURT INSURANCE TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Note 1 – Plan Description

Louisiana Clerks of Court Association (LCCA) sponsors the Louisiana Clerks of Court Insurance Trust (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan provides health benefits to eligible employees of LCCA and participating parishes and covered dependents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Active and retired full-time employees are eligible to participate in the Plan. A full-time employee is an employee who is regularly scheduled to work at least 30 hours per week. Participants may enroll in the Plan on the first day of the month following 30 days of continuous employment.

Benefits

The Plan provides accident, hospital, medical, surgical, prescription drug, dental, vision, medical supplement, disability, and life insurance benefits to participants. The Plan also covers eligible dependents of participating employees, retirees, and survivors, as well as providing continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Self-insured benefits

All Plan benefits, other than vision, medical supplement, and life insurance, are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the general assets of the Plan. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Stop-loss coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits which is for individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims. See Note 6 for additional information.

Contributions

The Plan provides for participating parishes and their employees to make minimum contributions to the Plan of not less than an amount sufficient to provide the payment of anticipated benefits during such year, plus an amount sufficient to pay premium or other charges under any reinsurance policy, and an amount sufficient to cover the cost of legal, accounting, actuarial, and administrative services which may be required by the Plan. The Plan shall determine amounts required to be contributed by employees to extend coverage to eligible dependents of the employees and qualified COBRA beneficiaries.

LCCA and participating parishes make contributions to the Plan as needed to fund claims in excess of participant contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by LCCA and participating parishes on a pay-as-you-go basis.

During 2025 and 2024, participating parishes had the option to choose between the following medical and prescription drug coverage levels and monthly contribution rates by participant level for active and retired participants. Option 1 is a high deductible health plan, and Option 2 is a preferred provider organization plan. Each participating parish has the discretion to determine what amount, if any, of the contribution rates they will contribute towards, and the amounts vary by parish.

	2025	
	Option 1	Option 2
Employee only	$ 669	$ 872
Employee and spouse	1,348	1,750
Employee and children	1,215	1,568
Employee and family	1,546	2,012

	2024	
	Option 1	Option 2
Employee only	$ 625	$ 815
Employee and spouse	1,260	1,635
Employee and children	1,135	1,465
Employee and family	1,445	1,880

During 2025 and 2024, COBRA participant contribution rates were an additional 2% of the active and retired participant rates.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

Cash consists of demand deposits with financial institutions and other highly liquid investments with original maturities of three months or less.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Plan management determines the valuation policies utilizing information provided by the investment managers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions are recorded in the period in which the Plan is obligated to provide benefits to insured participants.

Payment of benefits

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are included in accounts payable in the accompanying statements of net assets available for benefits. These payments are recorded as health care benefits paid for participants in the accompanying statement of changes in net assets available for benefits.

Stop-loss

Reimbursements under the Plan's stop-loss coverage for excess claims incurred are recorded when earned as reductions of claims paid in the accompanying statement of changes in net assets available for benefits. The amounts shown as stop-loss refund receivable as of December 31, 2025 and 2024, on the accompanying statements of net assets available for benefits represent the estimated amount due from the reinsurer for claims incurred by the Plan in excess of the stop-loss limitation.

Claims incurred but not reported

Plan obligations as of December 31, 2025 and 2024, for claims incurred but not reported are estimated by Plan management based on estimates of the ultimate cost of claims that have been reported but not settled. The estimation process considers, among other matters, the cost of known claims over time, historical payment levels, and lag periods between the time a claim is incurred and payment is made. These estimates may change based on, among other things, changes in claims history or receipt of additional information relevant to assessing the claims. Accordingly, the Plan may be required to increase or decrease its reserve levels.

Reclassifications

Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation. These reclassifications had no effect on the previously reported net assets available for benefits.

Subsequent events

The Plan administrator has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used as of December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Cash – Valued at amortized cost, which approximates fair value.

Government bonds – Valued using pricing models maximizing the use of observable inputs for similar securities.

Louisiana Asset Management Pool (LAMP) – Stated at fair value as determined weekly by the issuer and administrator, LAMP, Inc., based on the fair market value of the underlying investments, which is valued at the net asset value (NAV) of shares of the pool. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the pool will sell the investment for an amount different from the reported NAV. LAMP is a privately held governmental external investment pool administered by LAMP, Inc., a non-profit corporation organized under the laws of the state of Louisiana. Only entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments. LAMP's permissible investments are set forth in Louisiana Revised Statutes 33:2955 and are further limited in accordance with investment guidelines promulgated by its board of directors. LAMP, Inc. is subject to the regulatory oversight of the Louisiana state treasurer and the board of directors. Participant transactions (purchases and sales) may occur daily.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair value measurements as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Cash	$ 482,047	$ -	$ -	$ 482,047
Government bonds	-	1,686,532	-	1,686,532
Total assets in the fair value hierarchy	$ 482,047	$ 1,686,532	$ -	2,168,579
Investments measured at NAV*				3,299,570
Total investments at fair value				$ 5,468,149

	Fair value measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Cash	$ 307,365	$ -	$ -	$ 307,365
Government bonds	-	1,966,349	-	1,966,349
Total assets in the fair value hierarchy	$ 307,365	$ 1,966,349	$ -	2,273,714
Investments measured at NAV*				3,179,790
Total investments at fair value				$ 5,453,504

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 4 – Investments Measured Using the NAV per Share as a Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2025 and 2024.

Investments	Fair value as of December 31, 2025	2024	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Louisiana Asset Management Pool	$ 3,299,570	$ 3,179,790	n/a	Daily	n/a

Note 5 – Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, administrative service providers, the actuary, and professional fees. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. See Note 7 for additional information.

Note 6 – Stop-Loss Reinsurance

The stop-loss reinsurance agreement provided coverage for specific losses in excess of $210,000 and $205,000 per covered person during the years ended December 31, 2025 and 2024. During 2025, the specific stop loss was subject to an annual aggregating specific deductible (corridor) of $475,000, up to an unlimited specific lifetime maximum. Additionally, the reinsurance agreement provides $1 million of aggregate excess of loss coverage that reimburses the Plan for qualified health care costs in excess of a variable attachment point. This attachment amount is calculated at the end of the plan year based on the number of covered lives by level of coverage multiplied by monthly rates specified in the agreement.

Premiums ceded under the reinsurance agreement during 2025 were $541,625. The Plan recognized reinsurance recoveries for excess losses during 2025 in the amount of $508,239, which were netted against claims paid on the accompanying statement of changes in net assets available for benefits. At December 31, 2025 and 2024, reinsurance recoverables for health claims paid were $89,605 and $0, respectively.

Note 7 – Administrative Services Agreement

The Plan has an Administrative Services Agreement with Gallagher. Under the terms of the agreement, Gallagher provides services necessary to carry on the functions of providing the applicable employee benefits insurance coverage on behalf of the Plan in compliance with applicable state and local laws, administrative rules and regulations, and policies of the Plan. The administrative services provided by Gallagher include contribution billing, contribution collections, sales and marketing, accounting, claims handling, and troubleshooting as necessary for the individual member's insurance coverage or programs. Total compensation paid to Gallagher in 2025 was approximately $290,000, which was reduced by commissions received from life and disability insurance products in the amount of approximately $62,000.

Blue Cross Blue Shield of Louisiana (BCBS) performs claims administration services for the Plan. Under the agreement, BCBS provides claims processing, adjudication, regulatory reporting, and monthly reporting of claim activity to Gallagher. During 2025, the Plan incurred $440,978 in claims administration fees, which are included in administrative expenses on the statement of changes in net assets available for benefits.

These transactions qualify as party-in-interest transactions.

Note 8 – Operating Lease

The Plan leases a building on a month-to-month basis from a related party. For the year ended December 31, 2025, short-term lease expense amounted to $10,800 and is included in administrative expenses on the statement of changes in net assets available for benefits. See Note 11 for additional information on the lease.

Note 9 – Risk and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and participant demographics which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Note 10 – Concentration of Credit Risk

The Plan maintains its cash at financial institutions which at times may exceed the Federal Deposit Insurance Corporation's (FDIC's) insured limits. Any balance not covered by FDIC insurance is collateralized by securities pledged under a tri-party collateral agreement. Plan management believes it is not exposed to any significant credit risk on cash or investments.

Note 11 – Related Party and Party-in-Interest Transactions

The Plan's Board of Trustees includes three trustees from LCCA. The Plan, LCCA, and the Louisiana Clerks' of Court Retirement and Relief Fund (the Retirement Fund) share employees and office space. The Plan reimburses LCCA for office space and shared expenses. For the year ended December 31, 2025, the

reimbursements, which were included in administrative expenses on the statement of changes in net assets available for benefits, were comprised of the following:

Rent expense	$ 10,800
Shared expenses	103,200
Total	$ 114,000

There is no formal lease between the related parties; therefore, the lease is considered short-term as it is on a month-to-month basis.

See also Note 8.

Note 12 – Tax Status

The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code (the Code). The trust has not obtained a favorable tax determination letter for the Plan from the Internal Revenue Service (IRS). However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Accordingly, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 13 – Plan Termination

Although it has not expressed any intention to do so, LCCA has the right under the Plan to modify the benefits provided to, and contributions required of participants; to discontinue its contributions at any time; and to terminate the Plan subject to the provisions of ERISA. In the event of termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to LCCA or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 14 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 5,692,464	$ 5,539,904
Claims incurred but not reported	(1,083,000)	(1,124,000)
Net assets available for benefits per the Form 5500	$ 4,609,464	$ 4,415,904

The following is a reconciliation of claims paid for participants per the financial statements to Form 5500 for the year ended December 31, 2025:

Benefits paid for participants per the financial statements	$ 15,114,684
Claims incurred but not reported as of December 31, 2025	1,083,000
Claims incurred but not reported as of December 31, 2024	(1,124,000)
Claims paid per the Form 5500	$ 15,073,684

Claims that have been processed and approved for payment at year-end but not paid and claims incurred but not reported are not considered liabilities under U.S. GAAP and, therefore, are not presented as liabilities or claims paid in the accompanying financial statements but are recorded on the Form 5500 as a liability.
