INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, the Investment Committee, and Participants
of the Gables Residential Services, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Gables Residential Services, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of plan

The following description of the Gables Residential Services, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by the Company for the benefit of all employees who have three consecutive months of service (if the employee has worked at least 250 hours in that time frame), are at least eighteen years of age, and are not excluded by certain provisions outlined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan amendment - In accordance with the provisions of the Securing a Strong Retirement Act of 2022 ("Secure 2.0 Act"), effective January 1, 2025, the Plan was amended to increase the limit for catch-up contributions for participants ages 60 through 63. Additionally, effective January 1, 2026, catch-up contributions made by highly compensated employees (as defined by Internal Revenue Code (the "Code") regulations) are to be made as Roth 401(k) deferrals, unless the participant makes an alternate election. Certain other modifications were also made to the Plan in conjunction with the provisions of the Secure 2.0 Act.

Contributions - Participants may contribute up to 50% of their pretax annual compensation, as defined in the plan document, and/or make Roth 401(k) deferrals to the Plan without exceeding the maximum annual amount allowed by the Code. The Plan calls for automatic deferrals, starting at 6% of employees' eligible compensation upon reaching eligibility for participation in the Plan, unless the employee affirmatively elects not to contribute or makes a different election. Automatic deferrals increase by 1% annually up to a maximum of 15%. The Plan allows participants to make changes to their deferral elections on any day of the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the plan document.

Under the provisions of the plan document, the Company may make discretionary matching contributions. During the years ended December 31, 2025 and 2024, the Company made discretionary matching contributions equal to 50% of the first 6% of compensation that each participant contributed into the Plan. The Company's discretionary matching contributions, net of forfeitures, for the years ended December 31, 2025 and 2024 aggregated $1,568,793 and $1,509,805, respectively. The Company's contributions were invested in accordance with each participant's own investment elections.

(1) Description of plan (continued)

Contributions (continued)

The Company may elect annually to make discretionary contributions in addition to matching contributions. Discretionary contributions are allocated to eligible participants in accordance with a permitted disparity allocation taking the social security taxable wage base into consideration in the allocation formula, as more fully described in the plan document. No such discretionary contributions were made during the years ended December 31, 2025 and 2024.

All participant and Company contributions are subject to certain limitations prescribed by the Code.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trusts, pooled separate accounts, and a separate account guaranteed investment contract as investment options for participants. The plan administrator and the Plan's Investment Committee (the "Committee") determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from his/her vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants also become fully vested in their account in the event of death, disability, or attainment of the Plan's normal retirement age, all as defined in the plan document. Vesting in the Company's contributions, plus actual earnings thereon, is based on years of service with the Company and is subject to the following vesting schedule:

Years of Service	Vested %
Less than 3 years	0%
3 years or more	100%

Forfeitures - At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $332,000 and $295,000, respectively. These accounts may be used to reduce future Company contributions or to pay for the Plan's administrative expenses. During the year ended December 31, 2025, approximately $205,000 and $25,000 were used to reduce the Company's contributions and to pay the Plan's expenses, respectively. During the year ended December 31, 2024, approximately $234,000 and $27,000 were used to reduce the Company's contributions and to pay the Plan's expenses, respectively.

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions or may be paid directly by the participant. All notes have a definite repayment period not to exceed five years, unless the note is for the purchase of a primary residence, in which case the repayment period may extend to ten years. Participants may not have more than one note outstanding at any time.

Payment of benefits - On termination of service due to death, disability, retirement, or qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), or for other reasons as outlined in the plan document, a participant may elect to receive distributions from the Plan. Distributions of $5,000 or less are to be made in a single lump-sum payment. Distributions in excess of $5,000 may be in the form of partial lump-sum payments or in installments. Participants may also receive in-service distributions upon reaching the age of 59½.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are recorded at fair value (except for the guaranteed investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from the Plan's participants and matching contributions made by the Company are recorded in the year in which the participants' contributions are withheld from compensation.

(2) Summary of significant accounting policies (continued)

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses, are expensed when incurred, and are charged directly to the participant's account.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain recordkeeping and other expenses have been paid for by the Plan and have been recorded as administrative expenses on the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments. Other expenses of the Plan have been paid for by the Company and are not included on the statements of changes in net assets available for benefits.

(3) Information certified by the Plan's trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, the trustee of the Plan ("Empower") (pursuant to a power of attorney granted by Massachusetts Mutual Life Insurance Company ("Mass Mutual") for those insurance products issued by Mass Mutual), has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value and contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Other income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

(4) Fair value measurements (continued)

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a financial institution collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the investment custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

(4) Fair value measurements (continued)

The preceding methodologies described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes that these valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of these financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,496,887	$ -	$ -	$ 16,496,887
Total assets in the fair value hierarchy	$ 16,496,887	$ -	$ -	16,496,887
Investments measured at NAV practical expedient *				85,915,193
				$ 102,412,080

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,514,790	$ -	$ -	$ 13,514,790
Total assets in the fair value hierarchy	$ 13,514,790	$ -	$ -	13,514,790
Investments measured at NAV practical expedient *				78,952,167
				$ 92,466,957

* In accordance with Subtopic 820-10, the common collective trusts and pooled separate accounts, which are valued at NAV, have not been classified in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit a reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

	Fair Value* 12/31/2025	Fair Value* 12/31/2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 78,837,124	$ 72,250,912	$ -	**	**
Pooled separate accounts	7,078,069	6,701,255	-	**	**
	$ 85,915,193	$ 78,952,167	$ -		

*The fair value of these investments has been estimated using the NAV of the investments.

(4) Fair value measurements (continued)

** Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account to ensure that securities liquidations will be carried out in an orderly business manner.

(5) Guaranteed investment contract

The Plan has a fully benefit-responsive guaranteed investment contract with Mass Mutual, which is managed by Empower. The contributions are maintained in a separate account with a general account guarantee. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The average crediting rate for 2025 and 2024 was 3.15% and 3.75%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not necessarily limited to, the following: (1) amendments to the plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the Plan's participants are probable of occurring.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in the Company's contributions.

(7) Tax status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated November 14, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Code. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

(8) Related party transactions and party-in-interest transactions

Empower manages the Plan's investment assets; therefore, these transactions qualify as party-in-interest transactions. Additionally, Empower Annuity Insurance Company of America provides recordkeeping services to the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain of the Plan's investments are managed by Empower pursuant to a power of attorney granted by Mass Mutual; therefore, Mass Mutual is also a party-in-interest to the Plan. Administrative expenses paid by the Plan to these and other service providers aggregated $288,080 and $268,806 for the years ended December 31, 2025 and 2024, respectively. Certain other fees incurred by the Plan are included in net appreciation in fair value of investments as they are paid through revenue sharing, rather than as a direct payment. The Company pays directly any other fees related to the Plan's operations.

(9) Risks, uncertainties, and concentration

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

At December 31, 2025 and 2024, approximately 36% and 38%, respectively, of the Plan's investments were invested in the same three funds.

(10) Subsequent events

The Plan's management has evaluated subsequent events through September 16, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
