Independent Auditors' Report

To the Board of Directors of
Brooklyn Navy Yard Development Corporation
as the Sponsor of Brooklyn Navy Yard Security Guards Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Brooklyn Navy Yard Security Guards Pension Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by the Plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of Brooklyn Navy Yard Security Guards Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The Plan is a money purchase plan financed through contributions from Brooklyn Navy Yard Development Corporation ("Employer" or "Plan Sponsor"). The Plan was established on January 1, 2006 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2022, the Plan was amended and restated as required by the Internal Revenue Service ("IRS") Notice 2017-37. The description of the Plan that follows has been updated to reflect any changes.

Effective September 1, 2025, the Plan was amended to add the Qualified Joint and Survivor Annuity and spousal consent rules under the Retirement Equity Act.

ELIGIBILITY AND SERVICE RULES FOR PARTICIPATION

All employees who are members of a collective bargaining unit, except non-resident aliens without U.S. source income, members of an excluded class or union, interns, and self-employed individuals, are eligible to participate in the Plan. There is no age requirement for eligibility. Employees become eligible for Employer contributions and Plan participation upon completing six months of service, effective on the first day of the month following completion of that service requirement.

EMPLOYER CONTRIBUTIONS

The Employer contributes to the Plan based on the participant's hours worked per week, up to a maximum of 40 hours per week. The Employer's contribution is equal to $2.00 per hour worked. The hours used to calculate Employer contributions are based on actual hours worked and hours for which participants are paid but not worked, such as paid vacation or paid sick leave. For the tax year 2025, the 401(a) annual compensation limit set by the IRS was $350,000. The 415(c) contribution limit applicable to tax year 2025 was $70,000.

PARTICIPANT ACCOUNTS

Each participant's account is credited with Employer contributions and an allocation of Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account. Participants may direct the investment of their accounts.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

VESTING

Vesting in the Employer's contributions is based on completion of 1,000 hours and on years of service as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2-3 years	50%
3 or more years	100%

NOTES RECEIVABLE FROM PARTICIPANTS

A participant may request a loan for any purpose, subject to the limitations on the amount of any loan. Loans are subject to federal laws and Plan requirements. The maximum amount of any loan is the lesser of 50% of the participant's vested interest minus any existing loan balance, or $50,000 reduced by the participant's highest outstanding loan balance in the previous twelve months even if all or a portion of this amount has been repaid. The loans are secured by at least fifty percent (50%) of the participant's vested account balance in the Plan. The interest rate on the loan will be based on the prime rate of interest published by a commercial financial institution as of the date of the loan, plus one percent. Loans are to be repaid based on substantially level amortization over the term of the loan with payments made each pay period. Interest rates on notes receivable ranged from 4.25% to 9.50% as of December 31, 2025. Loan payments will be made through payroll deductions. A loan that is considered in default is reported as a deemed distribution, which is a taxable event for the participant.

FORFEITURES

Participants who terminate employment before they vest (see above) will forfeit their balances in their contribution accounts. Such forfeitures are transferred out of the participant's account and are held in a separate account. Forfeitures may be used to offset Plan expenses or reduce the Employer contribution. Forfeitures applied during the Plan years ended December 31, 2025 and 2024, to reduce employer contributions were $12,437 and $0, respectively. As of December 31, 2025 and 2024, there were forfeiture balances of $7 and $1,934, respectively.

DISTRIBUTIONS

The Plan provides for payment of retirement benefits at the later of age 65 or the fifth anniversary of the participant's participation in the Plan. Participants are eligible for early retirement benefits at age 55 and six years of service. The Plan does not allow for in-service or hardship distributions. The Plan allows lump sum distributions and installment payments. A mandatory distribution will be made for those participants whose vested balance upon severance from employment is $5,000 or less.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The Plan's financial statements are prepared on the accrual basis of accounting. The Plan adheres to accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value except for fully benefit-responsive contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net realized/unrealized appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As of December 31, 2025, and 2024, the Plan invested in a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (the "Custodian" of the Plan) (see Note 5), which is reflected at contract value. Fully benefit-responsive investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025, and 2024, no allowance for credit losses has been recorded. A loan is in default once the payment has not been received by the scheduled due date. If the participant does not repay the missed payment, in a manner that is deemed reasonable by the Plan administrator, the remaining principal and accrued interest on the loan will be declared due and payable. The missed payment must be received by the end of the last day of the calendar quarter following the calendar quarter in which the scheduled payment was due. The outstanding loan, including the accrued interest, will become taxable and treated as a deemed distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

EXPENSES

The Plan Sponsor pays certain expenses related to the Plan. Administrative expenses incurred by the funds are paid out of investor assets and are, therefore, netted against realized and unrealized appreciation in the fair value of investments in the statements of changes in net assets available for benefits. For the years ended December 31, 2025 and 2024, expenses amounted to $7,225 and $6,125, respectively. The expenses consist of investment fees. Forfeitures may also be used to offset Plan expenses.

BENEFIT PAYMENTS

Benefits are recorded when paid.

REGULATORY COMPLIANCE AFFECTING RETIREMENT PLANS

The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 1.0 Act) became law on December 20, 2019. The SECURE Act made major changes to the Required Minimum Distribution rules, increasing the age at which RMDs begin from 70 ½ to 73 for participants who attained age 72 after December 31, 2019. Plans were required to be formally amended for certain other changes, if adopted, on or before the last day of the 2026 plan year.

The SECURE Act 2.0 (SECURE 2.0) was signed into law in December 2022, delivering dozens of new retirement-related provisions. These changes build on the original SECURE Act of 2019, which altered the rules around how employees can save and withdraw money from their retirement accounts. SECURE 2.0 further increased the age of Required Minimum Distributions ("RMDs"), increased the catch-up contributions for older workers and required automatic enrollment for new plans. The SECURE 2.0 Act increased the age at which individuals must begin taking RMDs to 73 from 72, beginning January 1, 2023, as well as other increases starting in 2030.

The SECURE 2.0 Act increases the limit for catch-up contributions for individuals ages 60 to 63, effective for taxable years beginning after December 31, 2024. In addition, the SECURE 1.0 Act and the SECURE 2.0 Act lowered the eligibility requirements to enable part-time workers to participate in 401(k) plans. These rules for long-term, part-time workers are expanded to apply to ERISA 403(b) plans as well. The SECURE 2.0 Act changes the eligibility requirements under 401(k) plans so that it is easier for part-time employees to participate in them. The enacted law, the SECURE 1.0 Act, allows plans to limit eligibility for participation of part-time employees who reach the later of: (1) age 21 or completion of one 12-month period in which the employee worked at least 1,000 hours (pre-SECURE 1.0 Act rule); or (2) three consecutive years of service with 500 or more hours in each year. Under the SECURE 2.0 Act, a plan must allow a part-time employee to participate if the employee has either satisfied the above rule #1, or if the employee has completed two consecutive 12-month periods in which the employee worked at least 500 hours in each of the two periods and reached age 21 by the end of the second 12-month period. This is effective for periods beginning after December 31, 2025. In 2026, the SECURE Act 2.0 mandates that catch-up contributions for employees aged 50 or over who earn over $150,000 (indexed for inflation) in the prior year must be made to a Roth account, rather than a pre-tax account.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY AS COMPLETE AND ACCURATE

The Plan's Custodian has certified to the completeness and accuracy of the investments included in the financial statements as of December 31, 2025 and 2024, and investment activity included in the financial statements for the years then ended, as summarized below:

	2025	2024
Fully benefit-responsive investment contracts – at contract value	$ 698,911	$ 690,975
Pooled Separate Accounts – at fair value	1,357,759	927,013
	$ 2,056,670	$ 1,617,988

Investment income consisted of the following for the years ended December 31:

	2025	2024
Net appreciation in the fair value of investments	$ 214,630	$ 121,507
Interest and dividends	354	13,123
	$ 214,984	$ 134,630

Investments of the Plan are subject to market volatility conditions that could substantially change their carrying values in the near term.

As of December 31, 2025 and 2024, notes receivable from participants of $148,796 and $145,201, and interest on notes receivable from participants of $11,872 and $12,674, for the years then ended, have also been certified by Voya Retirement Insurance and Annuity Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

POOLED SEPARATE ACCOUNTS

Pooled separate accounts are valued at the net asset value ("NAV") of shares at year-end as determined by the issuer of the fund. The NAV is based on the value of the underlying assets, minus its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2025 and 2024, the Plan's investments at fair value consisted of the following:

	2025	2024
Investments valued using NAV as a practical expedient:		
Pooled Separate Accounts	$ 1,357,759	$ 927,013
Total Investments	$ 1,357,759	$ 927,013

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31:

	2025 Fair Value	2024 Fair Value	Redemption Frequency	Restrictions	Unfunded Commitment
Pooled Separate Accounts	$ 1,357,759	$ 927,013	Daily	None	N/A

The following is a description of the investment strategies of the underlying investments in the pooled separate accounts available to Plan participants:

BOND FUNDS

Assets are invested in fixed income securities that have been determined to be appropriate for its investment goal. Investors here are primarily seeking income or growth of income, with less emphasis on capital appreciation. Funds in this asset class vary greatly in their risk profiles. The issuer, credit quality of the underlying investments, and the average duration of the portfolio play important roles in determining the risk profile of the fund. Portfolios consisting of investment grade corporate bonds, mortgages, government bonds and, to a lesser degree, preferred stock, foreign or convertible bonds typically land in the intermediate term bond category. Shorter duration and high credit quality funds are typically categorized as short-term bond or short-term government funds.

ASSET ALLOCATION – RETIREMENT FUNDS

These funds are also known as "LifeStyle" or "LifeCycle" funds. They invest in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds or money markets. The allocation percentage to each asset type may be fixed, bounded by a range, or determined at the discretion of the manager. Managers of these funds review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk-adjusted performance based on the stated objectives and "target" allocations of the particular fund. Different constructs can be based on risk tolerance or length of time to investment goal.

BALANCED

These funds seek to "balance" growth of principal and current income by investing in a combination of stocks and bonds (generally holding 60-70% equity and 30-40% fixed income). The investment style used here is either moderate allocation or conservative allocation. Some funds have fixed asset allocations and others allow managers discretion to allocate between equities and bonds, depending on their view of return and risk.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

LARGE CAP VALUE

Funds seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies. The investment styles exhibited are value and "blend." Stocks are selected for price appreciation and for the value of the current income provided through dividends. These funds generally exhibit a lower level of price volatility, due to the types of companies they favor, such as those able to pay dividends along with older, mature companies.

LARGE CAP GROWTH

Large cap growth funds invest primarily in stocks of larger U.S. companies employing an investment style of growth. A growth fund invests in the stocks of companies that are growing rapidly. Growth companies tend to reinvest all or most of their profits for research and development rather than pay dividends. Growth funds are focused on generating capital gains rather than income. Funds emphasizing growth stocks will typically have higher price/earnings ratios and make little or no dividend payments. Large capitalization companies tend to be more established, with lower relative volatility than more aggressive small and mid-cap stock funds.

SMALL/MID/SPECIALTY

Small cap, mid cap and "specialty" funds are in this category, employing investment styles of growth, value or a blend of growth and value. These funds seek capital appreciation by investing primarily in stocks of small-and medium-sized companies. Generally, these companies are striving to develop new products or markets and have above-average earnings growth potential. Because of their smaller size, these companies may face greater business risk, and investments in these funds generally carry much higher risk than other domestic equity funds. "Specialty" or "sector" funds invest in stocks of companies in a particular industry. This narrow focus can significantly increase the risk and volatility of such funds.

GLOBAL/INTERNATIONAL

There are three main types of funds in this category. International funds can have an investment style of Foreign Large Value, Foreign Large Blend, Foreign Large Growth, Foreign Small/Mid Value or Foreign Small/Mid Growth. These funds invest in stocks of companies outside of the United States. Global funds have an investment style of World Stock. These funds invest in stocks of companies in the United States and developed countries outside of the United States. Emerging Markets funds invest in securities of developing countries and demonstrate the greatest volatility of performance due to the unstable nature of their economies, political structures and currencies. International investing may provide greater diversification benefits to a U.S.-based portfolio than investing in domestic securities alone. However, foreign investing does involve additional risks that are not present in U.S. securities.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company totaling $698,911 and $690,975 as of December 31, 2025 and 2024, respectively. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

These contracts meet the fully benefit-responsive investment contracts criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The contracts are included in the financial statements at contract value as reported to the Plan by the insurance company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.25%. The crediting rate for both 2025 and 2024 was 2.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts managed by the Custodian, a party-in-interest to the Plan. United Benefit Pensions Inc. is the recordkeeper (and a party-in-interest to the Plan) as defined by the Plan. Fees paid by the Plan Sponsor for recordkeeping and advisory services amounted to $7,225 and $6,125 for the years ended December 31, 2025 and 2024, respectively. Notes receivable held with Plan participants as previously disclosed in Note 3, are also party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 – TAX STATUS

The Plan has adopted a non standardized pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; currently there is an IRS audit in progress. Management does not expect the audit to have a material effect on the financial statements.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant's account balances and the amount reported in the statements of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 2,217,909	$ 1,925,673
Less: Employer contributions pertaining to current Plan year, but included in the subsequent Plan year	(12,443)	(162,484)
Net Assets Available for Benefits per Form 5500	$ 2,205,466	$ 1,763,189

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$ 292,236	$ 148,151
Less: current year Employer contributions paid during subsequent Plan Year	(12,443)	(162,484)
Add: prior year Employer contributions paid in current Plan Year	162,484	168,172
Net Increase in Net Assets Available for Benefits per Form 5500	$ 442,277	$ 153,839

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 29, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Employer will contribute to the Plan, for each eligible participant, at a rate of $2.25 per hour based on actual hours worked, up to a maximum of 40 hours per week.
