Independent Auditor's Report

Plan Administrator
VIA Technologies, Inc. Retirement Savings Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **VIA Technologies, Inc. Retirement Savings Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 and 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

9040 Telstar Ave. Suite# 121
EL Monte, CA 91731
Tel: (626) 579-5088
Fax: (626) 579-5009

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions,

Fax: (626) 579-5009

including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the

certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2025 and 2024

Note 1: Description of the Plan

The following description of VIA Technologies, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-union employees of participating employers who have adopted the Plan. Employees are eligible to participate in the Plan immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participating employers (collectively, "the Company") who are covered by the provision of the Plan are:

- VIA Technologies, Inc.
- VIA Alliance Technology, Inc. (Unrelated)
- Centaur Technology, Inc. (Related)
- VIA CPU Platform, Inc. (Related)
- VIA Labs USA, Inc (Related)

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company ("FMTC" or the "Trustee") is the trustee of the Plan.

Contributions

The participants may contribute, pre-tax or post-tax (Roth), up to 60% of their annual eligible compensations, not to exceed the maximum allowed by Sections 415 and 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans. The participants may also make voluntary, non-deductible, and after-tax contributions up to 20% of their annual eligible compensations.

The employers must match a non-discretionary contribution amount, which is equal to 25% of employee contributions, subject to a maximum of 6% of eligible compensation. Catch-up contributions are excluded from the employer match. The employers may also elect to make a discretionary matching contribution. Participants must be employed on the last day of the Plan year to be eligible for the discretionary matching contribution. For the years ended December 31, 2025 and 2024, the employers did not make a discretionary matching contribution.

Note 1: Description of the Plan, continued

Contributions

The employers may also elect to make discretionary nonelective contributions in an amount to be determined by the Board of Directors for each Plan year. The Board did not elect to make an additional discretionary nonelective contribution for the years ended December 31, 2025 and 2024.

Participants are also allowed to make rollover contributions of amounts received from other eligible tax-qualified retirement plans (including rollover contributions of Roth contributions). Such contributions are deposited in the appropriate investment funds in accordance with the participants' directions and the Plan's provision. An aggregate of $668,924 was rolled into the Plan during the year ended December 31, 2025 and is included in rollovers on the statement of changes in the net assets available for benefits.

Participant Investment Account Options

Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocations at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, together with any matching and discretionary employer contribution, any loans made to or repaid by participants, and an allocated portion of the Plan's earnings, gains and expenses. Plan earnings and gains are allocated to each participant's account based on the ratio of each participant's account in each investment fund to the total of all participants' accounts in each investment fund.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. The vesting schedule is as follows:

Year of Service	Vesting Percentage
Less than 1	0%
1	30%
2	60%
3	100%

Note 1: Description of the Plan, continued

Forfeited Accounts

If a participant terminates employment before they are 100% vested, the non-vested portion of the participant's account is forfeited. The forfeited amounts may first be used to pay Plan administrative expenses. Any amounts remaining after expenses are paid must be used to reduce employer contributions. For the years ended December 31, 2025 and 2024, forfeited non-vested accounts totaled $13,155 and $13,838, respectively. $6,885 of forfeiture was used to offset employer contributions and $4,325 was used to pay for the administrative expenses for the year ended December 31, 2025.

Payment of Benefits

Upon termination of service for any reason, a participant's vested account balance is generally distributed in a single lump-sum payment. Withdrawals of participant's account during the participant's employment are limited to the vested account balance upon reaching 59-1/2, the financial requirements meeting the hardship requirements of the Plan or through borrowings under the loan provisions of the Plan.

Participant Notes Receivable

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Participants may have only one loan outstanding at any one time. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. Participants can only have one loan outstanding at any given time. All loans are repayable over a period not to exceed five years (except loans for the purchase of a principal residence, which is repayable over a period not to exceed 10 years). The loans are secured by the balance in the participant's account and bear interest at the prime rate reported by Thomson Reuters plus 1 percent.

The interest rate on participant notes receivable for the year ended December 31, 2025 ranged from 4.25% to 8.75%. Principal and interest are paid ratably through payroll deductions.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. The Company has not expressed such intention as of these financial statements date. In the event of Plan termination, participants would become fully vested in their accounts.

Note 1: Description of the Plan, continued

Plan Amendment

Effective on August 15, 2025, after a participant satisfies the participation requirements, if he or she does not elect a deferral contribution rate, he or she may be automatically enrolled to make deferral contributions. The participant may stop or change the automatic contributions.

SECURE Act 2.0

Effective January 1, 2025, the Plan complied with the SECURE 2.0 Act of 2022 by expanding elective deferral eligibility to long-term, part-time employees who completed at least 500 hours of service in each of 2023 and 2024. Formal plan amendments reflecting these changes are required to be adopted by December 31, 2026. These changes had no material impact to the Plan's financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 2: Summary of Significant Accounting Policies, continued

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as reported by Fidelity Management Trust Company, the Plan Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

The Plan holds an investment option, the Managed Income Portfolio ("MIP"), a fully-benefit responsive investment account. That investment is reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan that is attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis, while dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. In the year 2025, there was distribution of $14.38 million, including a termination distribution of $12.81 million accounted for approximately 89% of the total payment of benefits.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the *Plan Document*.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Recordkeeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2: Summary of Significant Accounting Policies, continued

The Trustee allocates quarterly to Eligible Participants an annual Participant Revenue Credit. Allocations are made pro rata based on the ratio of each Participant's average daily balance in a fund during the quarter to the total average daily balances for all Eligible Participants in such fund during the quarter. In year 2025, the Trustee funded an annual Participant Revenue Credit in the amount of $7,083 and fully allocated to Eligible Participants by quarter.

Note 3: Related Party and Party-in-interest Transactions

Plan investments are invested in funds held by Fidelity Management Trust Company, the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services are included in net appreciation (depreciation) in fair value of investments. Fees paid to the Plan recordkeeper, Fidelity Investments Institutional Operations Company, Inc., also qualify as party-in-interest transactions and amount to $33,805 for the year ended December 31, 2025.

Note 4: Plan Tax Status

The Plan has adopted a Volume Submitter Plan ("VSP"), a pre-approved plan, sponsored by Fidelity Management & Research Co. The VSP provider has received an advisory letter from the Internal Revenue Service ("IRS") for the acceptability of the form of the plan. The advisory letter has been relied upon by the Plan. The Plan has been amended since the advisory letter was received.

The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust were qualified as tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 5: Reconciliation of Financial Statements to Form 5500

Variations in the timing of the recognition of certain transactions affecting the Plan have resulted in differences between the financial statements and the Internal Revenue Service Form 5500. The following is a reconciliation of these differences:

	December 31,	
	2025	2024
Net Assets Available for Benefits:		
Per audited financial statements	$117,817,028	$110,238,592
Contract/Fair value adjustment–common collective trust fund ("CCT")	(22,493)	(50,587)
Per Form 5500	$117,794,535	$110,188,005

	2025
Per audited financial statements	$7,578,436
Contract/Fair value adjustment–CCT-Prior Year	50,587
Contract/Fair value adjustment–CCT-Current Year	(22,493)
Per Form 5500	$7,606,530

Note 6: Fair Value Measurements-Unaudited

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 quoted prices for identical assets, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Note 6: Fair Value Measurements-Unaudited, continued

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market funds and equity securities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pool separate accounts, corporate bonds and municipal securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

Money market fund is valued at $1 per share which represents the net asset value ("NAV") per share held by the Plan at year end. As of December 31, 2025 and 2024, Money Market Fund consisted of Vanguard Federal Money Market Fund - Investor Class, and the Plan investments in this trust are classified within Level 1 of the fair value hierarchy.

Common stocks are valued at the closing price on the active market on which the individual securities are traded.

Self-directed brokerage accounts allow participant directed investments maintained in a Fidelity Brokeragelink investment option, comprised primarily of money market and mutual funds valued at NAV of shares held at year end, and common stocks valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust funds are valued at the NAV of units in the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Common/collective trust fund solely includes Managed Income Portfolio II, which is a stable value portfolio that is a commingled pool managed by FMTC. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Portfolio's constant net asset value (NAV) of $1 per unit. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. Distribution to the Portfolio's participants is declared daily from the net investment income and automatically reinvested in the Portfolio on a monthly basis, when paid. It is the policy of the Portfolio to use its best efforts to maintain a stable net asset value of $1 per unit; although there is no guarantee that the Portfolio will be able to maintain this value.

Note 6: Fair Value Measurements-Unaudited, continued

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Portfolio, plus earnings, less participant withdrawals and administrative expenses. The Portfolio imposes certain restrictions on the Plan, and the Portfolio itself may be subject to circumstances that impact its ability to transact at contract value. However, Plan management believes that the occurrence of events that would cause the Portfolio to transact at less than contract value is not probable.

The preceding method described for the valuation of the fund may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Total	Level 1	Level 2	Level 3
Mutual funds	$91,441,487	$91,441,487	-	-
Money market fund	4,255,319	4,255,319	-	-
