Independent Auditors' Report

To the Plan Administrator of
Matanuska Telecom Association, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Matanuska Telecom Association, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Matanuska Telecom Association, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Matanuska Telecom Association, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Matanuska Telecom Association, Inc. 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Matanuska Telecom Association, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Matanuska Telecom Association, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Matanuska Telecom Association, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Matanuska Telecom Association, Inc. and Alasconnect, LLC, a wholly owned subsidiary. Matanuska Telecom Association, Inc. (the Company) is the Plan's sponsor and serves as the Plan Administrator. Matanuska Telecom Association, Inc. and AlasConnect, LLC are collectively referred to as the Employers. Employees are eligible to participate in the Plan immediately upon their date of hire. Ineligible employees include nonresident aliens, merger and acquisition employees, leased employees, seasonal and part-time union employees, and seasonal/temporary nonunion employees who have not completed one year with 1000 hours of service. Union employees are not eligible for employer profit sharing and employer matching contributions. During 2025, the Plan was amended to allow employees that were formerly participating in the AlasConnect LLC 401(k) Plan to be eligible immediately to participate in the Plan upon the successful merger of the Alasconnect 401(k) Plan into the Plan. Refer to Note 4 for further details of the merger.

Contributions

Participant contributions – Participants may contribute up to 75% of pretax annual compensation each year, as defined in the Plan. Participants are also eligible to make Roth elective contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible nonunion employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in multiple designated funds until elected otherwise by the participant.

Employer profit sharing contributions – The Company makes profit sharing contributions to the Plan equal to at least 9% of the compensation of all benefiting participants. For the year ended December 31, 2025, the Company made a 9% profit sharing contribution in the amount of $2,092,103 to the Plan.

Employer matching contributions – The Company may elect to make discretionary matching contributions to the Plan. Catch-up contributions are eligible for the employer match. Employer matching contributions are not to exceed 4% of the compensation of all benefiting participants. For the year ended December 31, 2025, the Company made matching contributions in the amount of $914,226 to the Plan.

Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan's earnings. Each nonunion participant's account is also credited with allocations of the Company's profit sharing and matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of service. Participants vest in the Company’s contributions at a rate of 50% after two years, 75% after three years, and 100% after four years of service. Participants will become 100% vested upon reaching normal retirement age or termination of service due to death or disability.

Payment of Benefits

On termination of service due to death, a designated beneficiary can receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. For termination of service for reasons other than death, a participant may receive the value of the vested interest in his or her account as a single-sum distribution, substantially equal installment payments over a specified period of time, or partial payments as requested from time to time by the participant. If the participant’s vested interest in his or her account is less than or equal to $7,000, the participant may receive the distribution in cash or as a direct rollover, as directed by the participant. If no election is made, amounts over $1,000 are automatically rolled over to an IRA, and amounts of $1,000 or less are paid in cash.

Participants are allowed in-service withdrawals on attainment of normal retirement age, which is 60. In addition, participants are allowed hardship withdrawals, in accordance with Plan provisions.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $6,061 and $0, respectively. Forfeitures were used to reduce other Employer contributions, added to other Employer contributions or reallocated, as elected by the Employer. During 2025, employer contributions were reduced by $128,130, from forfeited nonvested accounts, in accordance with plan provisions.

Notes Receivable From Participants

The Plan does not allow notes receivable from participants. However, upon the merger of the AlasConnect 401(k) Plan there were AlasConnect employees with outstanding notes receivable. The balances of the outstanding notes were transferred to the Plan. Principal and interest on these transferred notes receivable are paid ratably through payroll deductions. As of December 31, 2025, the rate of interest on all outstanding notes ranged from 4.25% to 9.00% with various maturities throughout September 2027.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments are reported at fair value. The Plan’s trustee, Charles Schwab Trust Bank, certifies the fair market value of all investments. If available, quoted market prices are used to value investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and contributions from the employer are recorded in the year in which compensation is paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions upon the occurrence of a distributable event.

Payment of Benefits

Benefits are recorded when paid.

Expenses

General Plan administrative expenses may be paid by the Company or allocated to participants on a pro-rata basis. Investment management and distribution fees are paid by the Plan participants.

Subsequent Events

Subsequent events were evaluated through September 17, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies except for the common-collective trust used at December 31, 2025 and 2024.

Money market deposit accounts: The money market deposits are interest-bearing cash accounts. The accounts are valued at cost and approximate fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at net asset value: Consisting of common-collective trust, valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. In connection with the Plan merger, the Fidelity MIP Class 1 Fund is being maintained as a redemption-only investment for the duration of a 12-month put period ending March 31, 2026. Upon expiration of the put period, the remaining investment in the Fidelity MIP Class 1 Fund will be liquidated, and the proceeds will be mapped to Schwab Bank Savings.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Money market funds	$ 223,389	$ -	$ -	$ 223,389
Mutual funds	71,534,405	-	-	71,534,405
Total assets in the fair value hierarchy	71,757,794	-	-	71,757,794
Investments measured at net asset value (a)	-	-	-	37,092
Total investments at fair value	$ 71,757,794	$ -	$ -	$ 71,794,886

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Money market funds	$ 1,017,829	$ -	$ -	$ 1,017,829
Mutual funds	55,999,300	-	-	55,999,300
Total assets in the fair value hierarchy	57,017,129	-	-	57,017,129
Total investments at fair value	$ 57,017,129	$ -	$ -	$ 57,017,129

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured at Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2025. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. There were no investments measured at fair value based on NAV as of December 31, 2024.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust	$ 37,092	None	Daily	N/A

4. Plan Merger and Transfer of Participant Accounts

Effective June 16, 2025, the AlasConnect LLC 401(k) Plan merged into the Plan. In connection with the merger, the Plan was amended, adopting the AlasConnect Plan's protected benefit provisions. Alasconnect participant account balances and related net assets totaling $7,600,507 were transferred to the Plan. The transfer of balances was completed on June 23, 2025. Alasconnect LLC employees were eligible to participate in the Plan immediately upon merger.

5. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Charles Schwab Trust Bank, as trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments reflected on the Supplemental Schedule of Assets (Held at End of Year).

6. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by Charles Schwab & Co., Inc. Charles Schwab Trust Bank is the Trustee and is an affiliate of Charles Schwab & Co., Inc., and therefore, these transactions qualify as exempt party in interest transactions.

Additionally, the Plan has loans to participants, which were transferred from the AlasConnect 401(k) Plan merger, which are secured account balances. The Plan does not otherwise issue loans to participants.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

8. Tax Status

The Company has adopted a prototype non standardized defined contribution plan document offered by Charles Schwab Retirement Plan Services, Inc., that has received a favorable IRS Opinion Letter dated September 21, 2020, stating that the form of the prototype non standardized defined contribution plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Reconciliation of Financial Statements to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
