Independent Auditor's Report

To the Plan Committee of
First Carolina Management, Inc. 401(k) Plan
Rocky Mount, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of First Carolina Management, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of First Carolina Management, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from American Trust Company as of December 31, 2025 and 2024, and for the year ending December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Carolina Management, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Carolina Management, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Carolina Management, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Carolina Management, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

First Carolina Management, Inc.
401(k) Plan

Notes to the Financial Statements

Note 1 - Description of Plan and Summary of Significant Accounting Policies

General - First Carolina Management, Inc. 401(k) Plan (the "Plan") became effective as of January 1, 1994. . First Carolina Management, Inc. is the Plan's sponsor. The Plan is a defined contribution plan covering all employees of First Carolina Management, Inc. who have at least one year of service with First Carolina Management, Inc. and are at least age 21. In addition, part-time employees who meet the age requirements and perform at least 500 hours of service for three consecutive years are also eligible to contribute to the plan; however, part-time employees are not eligible for employer contributions. Entry dates for the Plan are January 1 and July 1. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings.

Contributions - The Plan allows employees to voluntarily contribute through payroll deduction. Employees can contribute up to 100% of compensation as defined in the Plan. However, the total amount contributed may not exceed a limit set annually by law ($23,500 for 2025). Participants who are age 50 or older may contribute an additional $7,500 "catch-up" contribution. Rollovers from other pension plans are also allowed.

The Company may elect to make a matching contribution to the Plan. During 2025, the Company elected to contribute ten percent of the first six percent of compensation that a participant contributes to the Plan. Company matching contributions are deposited annually. Participants direct investment of all contributions into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants eligible to participate in the Plan on July 1, 2005 are 100% vested in the Company's matching contribution plus actual earnings thereon. Participants eligible after July 1, 2005 are vested based on years of continuous service.

Vesting is determined as follows:

Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Note 1 - Description of Plan (Continued)

Forfeited Accounts - Forfeited amounts attributable to employer matching contributions are reallocated first to the restoration of rehired participant's forfeitures, secondly to reduce employer matching contributions and thirdly to offset Plan expenses. During the year ended December 31, 2025 the Plan sponsor used $1,750 of forfeited nonvested accounts toward trustee fees. During the year ended December 31, 2024 $2,593 was used towards trustee fees. At December 31, 2025 and 2024 there were no amounts available in forfeited nonvested accounts.

Investment Valuation and Income Recognition- Investments held at December 31, 2025 and 2024 are shown at fair market values as certified by the Plan's trustee, American Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in any whole percentage in any of the investment options provided by the Plan. Participants may change their investment options at any time. Participants should refer to the enrollment package for more information on the above investment options.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Additional security will be required for loan requests in excess of the maximum. The loans are secured by the balance in the participant's account and bear interest at a rate that would be expected to be charged by a bank or other professional lender in a similar circumstance. Loan terms range from 1-5 years with possible additional time granted for the purchase of a primary residence. Principal and interest are paid ratably through payroll deduction not less frequently than quarterly. The loans are valued at amortized cost.

Date of Management's Review – Subsequent events were evaluated through September 24, 2026, which is the date the financial statements were available to be issued.

Note 2 - Investments

A schedule of investments is presented on page 12 of these financial statements. During the year ended December 31, 2025, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $165,015 as follows:

Mutual funds	$ 165,015

Dividends earned on Plan investments totaled $124,662.

Note 3 - Information Prepared and Certified by the Trustee

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, reportable transactions and net appreciation in fair value of investments, dividends and money market and participant loan interest for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee, American Trust Company.

Note 4 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. FASB ASC 820 *Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market, Mutual funds: Valued at the daily closing prices reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of December 31, 2025

Total assets at fair value	$ 2,588,260	$ ---	$ ---	$ 2,588,260

Note 5 - Tax Status

The Plan is adopted from a prototype document prepared by AT Retirement Services, LLC. The prototype document has received a favorable tax determination letter dated June 30, 2020 from the Internal Revenue Service. However, the Plan sponsor has not applied for a separate determination letter specifically for the adopted Plan, but believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan utilized the IRS Employee Plans Compliance Resolution System's Self-Correction Program to correct this error and the Plan administrator believes this issue has been properly addressed. Accordingly, no taxes have been provided for in the accompanying statements.

Note 5 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal or state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for tax periods in progress.

Note 6 - Administrative Expenses

Administrative expenses of the Plan are paid by both the Plan and the Plan's sponsor. Administrative expenses paid by the Plan, primarily recordkeeping fees and distribution fees, totaled $5,937 for the year ended December 31, 2025. These fees are recorded as administrative expenses in the statement of net assets available for benefits. The Plan sponsor paid certain other Plan expenses, including additional recordkeeping fees and audit fees.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8 – Related Party Transactions

The Plan Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
