INDEPENDENT AUDITORS' REPORT

To the Trustees of and Investment Committee of
The GEL Group, Inc. 401(k) Plan and Trust
Charleston, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The GEL Group Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The GEL Group Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The GEL Group Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The GEL Group Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The GEL Group Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The GEL Group Inc. 401(k) Plan Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H; Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following description of The GEL Group, Inc. 401(k) Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The GEL Group, Inc. (the Company) for the benefit of eligible employees who are twenty-one or older and have completed thirty days of service. The Plan is a multi-employer plan consisting of The GEL Group, Inc., GEL Engineering of NC, Inc., and Cape Fear Analytical, LLC. Plan entry dates for eligible participants are the first day of the calendar month following the meeting of the eligibility requirements of the Plan. The Board of Trustees is responsible for oversight of the Plan. They determine the appropriateness of the Plan investment offerings and monitor investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of eligible compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants over the age of fifty by the end of the calendar year may also make an additional catch-up contribution to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic deferral arrangement provision for participants who do not make an affirmative election to not participate in the plan. All participants, except those who have in effect a salary reduction agreement on the automatic deferral effective date, will be enrolled at a 6% deferral level. The automatic deferral percentage increases automatically by one percent until it reaches a maximum contribution level equal to 15% of a participant's eligible compensation (see Note 10).

At their discretion, the Company may make a contribution to the Plan based on a percentage of the participant's elective deferrals. For the Plan years ended December 31, 2025 and 2024, the Company elected to make a 50% matching contribution of the first 6% of compensation deferred into the Plan for all participants employed on the last day of the pay period.

Notes Receivable from Participants

Participant loans are not permitted by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into any of the available investment options offered under the Plan. Participants may change their investment options as often as permitted under the investment vehicles chosen by the participant. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of Company contributions are based on a percentage of the participant's eligible compensation, as defined. Allocations of investment earnings and administrative expenses are based on participant account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully vested in Company contributions upon reaching normal retirement age, or upon death or disability. Otherwise, vesting in the Company's discretionary contribution portion of a participant's account plus actual earnings thereon is based on the following schedule:

Years of Service	Vesting Percentage
Less than 3 years	0%
More than 3 years	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive benefits in either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly over certain annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals by Plan participants may be made upon written request to, and approval by, the Plan administrator.

Forfeited Accounts

The plan administrator may elect to use all or any portion of the forfeited amounts to pay administrative expenses incurred by the Plan or to reduce Company contributions. The following is a recap of the forfeiture activity for the plan years ended December 31, 2025 and 2024:

	2025	2024
Forfeiture Balance, beginning of year	$ 1	$ 1
Forfeitures generated	38,110	60,694
Earnings	72	64
Forfeitures applied to administrative expenses	(3)	(8)
Forfeitures used to reduce employer contributions	(37,947)	(60,750)
Forfeiture Balance, end of year	$ 233	$ 1

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that the certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodian. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Certain investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued.

Secure 2.0 Legislation

On December 29, 2022, the SECURE 2.0 Act of 2022 was signed into law. This act contains provisions that go into effect at various times starting in the 2023 year and ending in 2033. The deadline for adopting any required plan amendments pursuant to the SECURE 2.0 Act is December 31, 2026; however, plans must be operated in accordance with the effective date of each new provision. Management has reviewed the provisions effective for the 2025 year and continues to monitor and adjust operations in accordance with provisions as they become effective. Management has determined that the Plan was in compliance with all applicable provisions for the year ended December 31, 2025.

Note 3: Unaudited Investment Information Certified by Custodian

Principal Trust Company (Principal) holds plan assets at December 31, 2025 and 2024. The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2025 and 2024 and for the year ended December 31, 2025 that was obtained from data prepared and certified to be complete and accurate by Principal, the custodian:

	2025	2024
Investments, at fair value	$ 51,422,294	$ 42,232,221
Investments, at contract value	$ 1,059,364	$ 944,174
Net appreciation in investments	$ 6,495,021	
Interest and dividends	$ 190,373	

Supplemental Schedule H; Line 4i - Schedule of Assets (Held at End of Year) included on page 15; all items and amounts.

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Common Collective Trusts	$ -	$ 36,584,702	$ -	$ 36,584,702
Mutual Funds	14,837,592	-	-	14,837,592
Total Investments, at Fair Value	$ 14,837,592	$ 36,584,702	$ -	$ 51,422,294

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Common Collective Trusts	$ -	$ 29,982,257	$ -	$ 29,982,257
Mutual Funds	12,249,964	-	-	12,249,964
Total Investments, at Fair Value	$ 12,249,964	$ 29,982,257	$ -	$ 42,232,221

There were no investment assets held by the Plan that were classified as Level 3 as of December 31, 2025 and 2024.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2025 and 2024 respectively:

Common Collective Trust Funds	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2025	$ 36,584,702	n/a	Daily	1 day
December 31, 2024	$ 29,982,257	n/a	Daily	1 day

Note 5: Fully Benefit-Responsive Investment Contract - Stable Value Fund

At December 31, 2024 the Plan held fully benefit-responsive investment contracts totaling $944,174, consisting of the Gaillard Stable Fund N which closed in 2025. The Plan transferred funds from the Galliard Stable Fund N to the PIMCO Stable Income Fund II Founders Class which had contracts totaling $1,059,364 at December 31, 2025. The Gaillard Stable Return Fund and PIMCO Stable Income Fund II Founders Class invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

Participants' accounts invested in the Stable Value Fund are available for participant-initiated transactions at book (contract) value, including transfers to other investment options, loans and distributions in the event of hardship and upon a participant's retirement, death, disability and certain separations from service. Because these participant-initiated transactions occur at book (contract) value, participants' investments are not subject to changes in value due to market conditions.

If the Agreement is fully or partially terminated, participants will receive the liquidation value of the Fund instead of the book (contract) value. The liquidation value is determined in accordance with a formula contained in the Agreement, which is designed to reflect the value of the assets in the account. The liquidation value may be more or less than the book (contract) value of the plan's investments in the account. This means that upon partial or full termination of the Agreement, a participant's account balance in the Fund may be either increased or decreased.

The stable value fund investment account is considered fully benefit-responsive. As such, the investment has been reported at contract value in the statement of net assets available for benefits at December 31, 2025 and 2024.

Stable Value Fund	2025	2024
Investment, at fair value	$ 1,076,155	$ 885,366
Contract value adjustment	(16,791)	42,235
Investment, at contract value	$ 1,059,364	$ 927,601

Note 6: Related Party and Party in Interest Transactions

During 2025 and 2024, one of the Plan's investments was a common collective trust fund managed by Principal Financial Group. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. For the plan years ended December 31, 2025 and 2024 the Plan made direct payments to Principal of $60,520 and $68,510, respectively, which was not covered by revenue sharing.

The Company pays directly any other fees related to the Plan's operations that are not paid from Plan assets. Additionally, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the individual participant account statements and the statement of net assets available for benefits.

Note 8: Tax Status

The Plan is a volume submitter profit sharing plan offered by Principal Financial Group. The prototype plan has obtained an advisory letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since obtaining the advisory letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 9: Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 10: Plan Amendments

In September 2025, the Plan was amended to permit in-service withdrawals and increase the automatic deferral maximum contribution level described in Note 1 from 10% to 15%. With this amendment, plan participants are able to take advantage of the mega backdoor Roth investment strategy.

Note 11: Form 5500 Reconciliation

The financial statements include certain adjustments that have not been reflected within the Form 5500. Specifically, the Form 5500 reports the fully benefit-responsive investment contract at fair value while this investment is reported at contract value in the financial statements.

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets available for benefits per the Form 5500 at December 31, 2025.
