INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Iron EagleX, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Iron EagleX, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (collectively, the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are

Houston, TX 77081
Phone: 713.968.1600
Fax: 713.968.1601

WWW.MCCONNELLJONES.COM

required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the provisions of the Plan, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.

McConnell Jones

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(1) Plan Description

The following description of the Iron EagleX, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General

The Plan was a defined contribution plan covering substantially all non-represented employees of Iron EagleX, Inc. (the Company, Employer, or Plan Administrator) and Iron EagleX Management. Effective July 1, 2025, General Dynamics Corporation became the Plan Sponsor. Prior to July 1, 2025 Iron EagleX, Inc. was the Plan Sponsor. Iron EagleX, Inc. is a subsidiary of General Dynamics Information Technology, a General Dynamics Corporation business unit. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). ADP, Inc. served as the recordkeeper of the Plan. Effective January 1, 2025, ADP Retirement Trust Services, LLC served as the Trustee of the Plan. Prior to January 1, 2025, Reliance Trust Company served as the Trustee.

Effective December 31, 2025, the Plan's assets were merged into the General Dynamics Corporation 401(k) QACA Plan (the QACA Plan). As a result of the merger, the Plan's participants, formerly eligible to participate in the Plan became eligible to participate in the QACA Plan effective January 1, 2026.

(b) Contributions

Participants who had attained age 21 and completed 1 month of service were eligible to elect to participate in the Plan. Participants could contribute up to 90% of eligible compensation as pre-tax or Roth deferrals, up to the statutory limits defined by the Internal Revenue Code (IRC). The Plan had an automatic enrollment feature under which new employees who did not make a contrary election as described in the Plan Document were automatically enrolled in the Plan. The Plan's automatic enrollment deferral rate was 1%. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provided for Employer matching contributions of up to 100% of the first 4% of eligible compensation and up to 50% on the next 2% of eligible compensation contributed to the Plan. The Plan was intended to be a safe harbor plan as defined in the IRC. The Company could also contribute a discretionary matching contribution equal to a percentage of eligible compensation not to exceed 4% of eligible compensation. There was no discretionary matching contribution made for 2025.

(c) Participant Accounts

Each participant directed his or her contributions to be invested in various funds. Changes to investment elections could be made according to rules set by the Company. Each participant's account was credited with the participant's contributions, the Employer matching contribution and allocations of (a) the Company's discretionary profit-sharing contribution, if any, and (b) Plan earnings and losses, less an allocation of administrative expenses. The benefit to which a participant was entitled is the vested balance of his or her account.

(d) Vesting

Participants' contributions and safe harbor employer matching contributions, and actual earnings thereon, were always 100% vested. Employer discretionary matching contributions made to participants were 100% vested after three years of service.

(e) Forfeitures

Forfeitures could be used to reduce Employer contributions or to pay Plan expenses. At December 31, 2025 and 2024, participants' forfeited nonvested accounts were not significant. Forfeitures used during 2025 to reduce Employer contributions were also not significant.

(f) Payment of Benefits

Participants were eligible to receive benefit payments upon retirement, death, disability or termination of employment. Participants and their beneficiaries could elect to receive a lump sum, partial distribution, installments or transfer their vested balance to another qualified plan. Withdrawals from eligible accounts were allowed for participants who had attained 59½ or who had a qualifying hardship subject to the Plan Document.

(g) Notes Receivable from Participants

The Plan permitted active participants to borrow the lesser of $50,000 less the highest outstanding note receivable (or participant loans or loan) balance during the last 12 months, or 50% of the vested amount in their accounts (subject to limits defined in the Plan Document and by the IRC). Loans were secured by the remaining balance in the participants' accounts. Participants were required to repay the loan by regular payroll deductions over a period of up to five years. The Plan also offered primary residence loans (with terms up to 30 years). Participants could have up to two loans outstanding at any one time, one of which could be a primary residence loan. Loans were issued at the U.S. prime rate of interest plus 2%. Participant loans were recorded at amortized cost, which was the remaining unpaid principal balance plus any accrued but unpaid interest. Delinquent loans were reclassified as distributions based upon the terms of the Plan Document.

(h) Transfer Due to Merger

Effective December 31, 2025, the Plan was merged into the QACA Plan. The account balances and notes receivable from participants were merged into the QACA Plan in the amounts of $13,414,738 and $137,081, respectively.

(i) Risks and Uncertainties

The Plan invested in various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks, as well as risk associated with global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

As of December 31, 2025, the Plan held no investments due to the merger, as discussed in Note 1(h). Prior to the merger, the Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Investment income consists of dividend income, interest income and net appreciation (depreciation) in the fair value of investments. Interest income is recorded on an accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Administrative Expenses

Certain administrative expenses were paid by the Company on behalf of the Plan. Expenses that were paid by the Company are excluded from these financial statements. The Plan Document provided that the Company is entitled to reimbursement for expenses paid by the Company on behalf of the Plan. The Company did not seek reimbursement for these expenses in 2025. The administrative expenses paid by the Company on behalf of the Plan were not significant for the year ended December 31, 2025.

Fees related to the administration of notes receivable from participants and participant withdrawals were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments, at fair value, and notes receivable from participants at December 31, 2025 and 2024, and interest and dividend income, interest on notes receivable from participants, and net appreciation in fair value of investments for the year ended December 31, 2025, that are disclosed in the accompanying financial statements and Note 4,

were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustees of the Plan. This information has not been audited by independent accountants.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the assets or liabilities; and
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported on the active market in which the individual securities are traded (Level 1).

Collective trust fund: The fair value of the private investment security was determined using the net asset value as provided by the fund manager (Level 2). Investment in the collective trust was redeemable daily at net asset value, and there are no restrictions on redemptions.

Due to the merger of the Plan into the QACA Plan, the Plan's investments were liquidated and transferred to the QACA Plan. As a result, the Plan held no assets as of December 31, 2025. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

December 31, 2024	Total Fair Value	Quoted Price in Active Markets for Identical Assets (Level 1)	Significant other Observable Inputs (Level 2)	Signficant Unobservable Inputs (Level 3)
Registered investment companies	$ 9,403,696	$ 9,403,696	$ -	$ -
Collective trust fund	288,247	-	288,247	-
Total investments	$ 9,691,943	$ 9,403,696	$ 288,247	$ -

(5) Tax Status

The Internal Revenue Service (IRS) issued a favorable opinion letter on October 6, 2020, indicating that the prototype plan adopted by the Plan Sponsor as then designed was in compliance with the applicable requirements under Section 401 of the IRC. The Plan is exempt from federal income tax under Section 501(a) of the IRC. Although the Plan has been amended subsequent to the date of the latest determination from the IRS, the Plan Sponsor and the Plan's counsel believe the Plan was designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress for any tax periods. Under the applicable IRS statute of limitations, the Plan is no longer open to income tax examinations for years prior to 2022.

(6) Plan Termination

Prior to the merger of the Plan into the QACA Plan, the Employer had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would have become one hundred percent vested in their accounts.

(7) Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, employees, and certain others. Certain administrative functions were performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants also qualify as party-in-interest transactions.

Investment management fees paid by the Plan also qualify as party-in-interest transactions.

(8) Subsequent Events

The Plan has evaluated all subsequent events and transactions that occurred after December 31, 2025, through September 3, 2025, which is the date the financial statements were available to be issued. No events were deemed relevant for disclosure.
