INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Crown Laboratories, Inc. 401(k) Profit Sharing Plan
Johnson City, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Crown Laboratories, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

Crown Laboratories, Inc. (the "Company") established the Crown Laboratories, Inc. 401(k) Profit Sharing Plan (the "Plan") on July 1, 2002. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have reached the age of 18 and have completed one month of required service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the plan document, and in accordance with applicable sections of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a fixed account and several pooled separate accounts as investment options for participants.

Participants who have completed one month of service will receive a safe harbor matching contribution equal to 100% of the participant's elective deferral up to 4% of the participant's eligible compensation. The Company may, at its discretion, make employer discretionary contributions. The Company did not make any discretionary contributions during fiscal years 2025 and 2024. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses (if paid by the Plan's Trust). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions is based on years of service, according to a two-year cliff vesting schedule (100% after two years of vesting service). Vesting in the Company's safe harbor matching employer contributions is based on years of service, according to one-year cliff vesting schedule (100% after one year of vesting service).

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures may be used to reduce the Company's contributions or to pay administrative expenses of the Plan. Unallocated forfeitures were $3,698 and $1,720 as of December 31, 2025 and 2024. During 2025 and 2024, $23,196 and $9,380 in forfeitures were used to pay administrative expenses and employer matching contributions of the plan, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, with a $1,000 minimum. Loan terms are a maximum of five years; however, terms for loans used for the purchase of a home may be extended, subject to certain limitations. The loans are secured by the balance in the participant's account. Delinquent loans are reclassified as distributions in accordance with the Plan document.

Payment of Benefits

On termination of service, due to termination, death, disability, or retirement, a participant may elect to receive a lump-sum amount, or a rollover amount equal to the value of the participant's vested interest in his or her account. Participants who have met certain age requirements may receive benefits while still employed. Additionally, hardship distributions are permitted if the participant meets certain hardship criteria.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are absorbed by the Company to the extent they are not paid by the Plan.

NOTE 3 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets.

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

Level 2
Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV is based on the value of the underlying assets owned by the fund, minus liabilities, and then divided by the number of shares outstanding. Fair value is considered readily determinable, and therefore, has been included in the fair value hierarchy below.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 50,168,347	-	-	50,168,347
Total Investments at Fair Value	$ 50,168,347	-	-	50,168,347

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 26,423,619	-	-	26,423,619
Total Investments at Fair Value	$ 26,423,619	-	-	26,423,619

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan offers a guaranteed interest account as an investment option. This account is a traditional fully benefit-responsive investment contract provided through a group annuity contract between the Plan and Empower Annuity Insurance Company of America (Empower).

Because the guaranteed account with Empower is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributed to the guaranteed account. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus credited interest, less participant withdrawals, and administrative fees. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

Under this group annuity contract with Empower, a crediting rate is established for a specified period of time and contributions invested in the guaranteed account are credited with that rate. Empower typically reestablishes the guaranteed rate semiannually.

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

Certain events may limit the ability for the Plan to transact at contract value with the contract issuers, such as premature termination of the contracts and Plan termination or merger. In addition, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value, such as an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contracts, a material misrepresentation, and a material amendment to the agreements without the consent of the issuers.

NOTE 5 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Empower, the certifying entity of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to parties-in-interest for plan services amounted to $128,507 and $24,736 for the year ended December 31, 2025 and 2024, respectively.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 - TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, complied with the applicable requirements of the Internal Revenue Code.

NOTE 8 - TAX STATUS (CONTINUED)

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - CERTIFICATION

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedule that were prepared or derived from information prepared by Empower, the certifying entity of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from Empower that such information is complete and accurate.

Statements of Net Assets Available for Benefits – all items and amounts, except for receivables and liabilities.

Statements of Changes in Net Assets Available for Benefits – all items and amounts, except for contributions, other income, benefits paid to participants, transfers from other plans, and administrative expenses.

Supplemental Schedule – all items and amounts.

NOTE 10 - EXCESS CONTRIBUTIONS REFUNDABLE

Contributions received from participants are net of any excess contributions. Pursuant to the nondiscrimination provisions of the Internal Revenue Code, excess contributions for the years ended December 31, 2025 and 2024 were $15,546 and $17,535, respectively, and are recorded for amounts refundable by the Plan to highly compensated employees.

NOTE 11 - PLAN MERGER AND TRANSFER OF ASSETS

On September 18, 2024, the Plan received assets totaling $8,153,459 from a merged plan, Strivectin Operating Company Inc. 401(k) Profit Sharing Plan. These transferred assets were reconciled and allocated to participant accounts.

On November 19, 2025, the Plan received assets totaling $12,624,168 from a merged plan, Revance Therapeutics Inc. 401(k) Plan. These transferred assets were reconciled and allocated to participant accounts.

NOTE 12 - SETTING EVERY COMMUNITY UP FOR RETIREMENT ENHANCEMENT (SECURE 2.0)

In December 2022, the SECURE 2.0 was signed into law. The provisions of SECURE 2.0 include numerous changes affecting retirement plans, some of which became effective in 2024 and subsequent years, while others become effective in future periods. Certain provisions of SECURE 2.0 are mandatory and others are optional.

The Plan Administrator is currently evaluating the impact of SECURE 2.0 on the Plan and will adopt any required or elected provisions within the applicable regulatory timeframes. The adoption of SECURE 2.0 provisions is not expected to have a material impact on the accompanying financial statements.

NOTE 13 - SUBSEQUENT EVENTS

The Company evaluated subsequent events through September 23, 2026, the date which the financial statements were available to be issued.
