Independent Auditor's Report

To the Plan Participants and the
Administrator of The New Albany Company LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The New Albany Company LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The New Albany Company LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The New Albany Company LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The New Albany Company LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The New Albany Company LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The New Albany Company LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of The New Albany Company LLC 401(k) Plan (the "Plan"), formerly known as New Albany Company 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

On June 1, 1999, the Plan was originally adopted by The New Albany Company LLC (the "Company") as a defined contribution plan, and amended and restated in its entirety effective January 1, 2013. Effective May 2, 2025, the Plan was amended and restated in its entirety by adoption of the Empower Retirement, LLC Defined Contribution Pre-Approved Plan, a non-standardized pre-approved plan. The Plan includes the following companies (the "Employers") at December 31, 2025:

The New Albany Company LLC
New Albany Country Club LLC
New Albany Realty, Ltd.
N.A. Property, Inc.
Leslie H. Wexner
LAW Aviation LLC
Ranch Lake Construction LLC
Whitebarn Organics LLC
New Albany Private Protection Services LLC
Two Shoes Ranch & Cattle Company LLC
Longleaf Albany LLC
New Albany Therapy Dogs LLC

The Plan covers substantially all the employees of the Employers who have met certain eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and is administered by The New Albany Company LLC. Effective May 2, 2025, Empower Trust Company, LLC ("ETC") is the Trustee and holds the Plan's investments, Empower Annuity Insurance Company of America ("EAICA") is the insurance company and holds the annuity contract, and Empower Retirement, LLC is the third party recordkeeper. Prior to May 2, 2025, John Hancock Life Insurance Company (U.S.A.) ("John Hancock") held the Plan's assets.

Eligibility

Effective May 2, 2025, all employees who have attained the age of 21 are eligible to participate in the Plan after 30 days of employment. Prior to May 2, 2025, all employees who have attained the age of 21 and who have been credited with 1,000 hours of service within one year from their date of hire are eligible to participate in the Plan.

Contributions

Participants may contribute to the Plan on the basis of a flat amount per pay period, or as a percentage of compensation as tax deferred contributions, as defined in the Plan. Contributions from participants, and the related matching contributions, are recorded in the year in which the employee contributions are withheld from compensation.

Participant deferrals are limited to maximum permitted amounts under the Internal Revenue Code ($23,500 and $23,000 for 2025 and 2024, respectively). For 2025 and 2024, participants who attain age fifty prior to the Plan year end are eligible to make catch-up contributions not to exceed $7,500. Beginning in 2025, participants who attained ages 60 through 63 before the end of the Plan year were eligible for an increased catch-up contribution limit of $11,250. Participants may also make rollover contributions to the Plan from certain types of individual retirement accounts and annuities. The Employers provide a matching contribution of 100% of the first 3% and 50% of the next 2% of the participant's voluntary contributions.

Investment Options
Participants direct the investments of their contributions and the matching contributions into the investment options offered by the Plan. Effective May 2, 2025, the Plan's investment options include mutual funds and a general account product of EAICA. Prior to May 2, 2025, the Plan invested in the John Hancock Group Annuity Sub Account Contract, which offered several investment options. The Plan's assets were invested in 63 Sub Accounts as of December 31, 2024.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of an Employer's matching contribution, earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting
Participants are immediately and fully vested in their contributions and the Employer's matching contributions plus earnings thereon.

Payment of Benefits
The full value of a participant's account becomes payable upon retirement age of 65, disability or death. Upon termination of employment for any other reason, a participant's account to the extent vested, becomes payable. Benefits are payable in lump-sum payments, installments, or at the option of the participant, benefits can be paid through the purchase of a guaranteed annuity. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances. The Plan also provides for participants who have attained the age of 59 ½ to make a withdrawal from their account.

Participant Loans
Participants may borrow from the fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1-5 years, except for loans for residential purposes, which must be repaid on terms similar to bank loans on residential property. The loans are secured by the balance in the participant's account and bear interest determined by the plan administrator. Repayment of any loan must be made in equal installments at least quarterly and may be made through payroll deductions. The Plan administrator periodically reviews the loans for defaulted loans and determines if a reserve is required. At December 31, 2025 and 2024, there was no reserve for defaulted participant loans.

Plan Termination
Although the Company has not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time. The Company has the right at any time, by action of its Board of Directors, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Net Appreciation/Depreciation in Fair Value of Investments
Effective May 2, 2025, net realized and unrealized appreciation/depreciation are recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other administrative expenses include participant initiated expenses such as note receivable fees, administration fees, and distribution fees and are charged directly to the participant's account. Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be. Fees incurred by the Plan for the investment management services or recordkeeping are deducted from participants' accounts.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Benefit Payments
Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the respective NAV as reported by such account managers. The NAV, as provided by the account managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the accounts less their liabilities. This practical expedient is not used when it is determined to be probable that the accounts will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan does not have any contractual obligations to further invest in these funds.

The pooled separate accounts primarily invest in mutual funds, except for a Stable Value Fund which invests into the John Hancock Stable Value Fund Collective Investment Trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,470,086	$ -	$ -	$ 19,470,086

The Plan had $19,517,877 of investments held in pooled separate accounts through sub-accounts of John Hancock at December 31, 2024.

The following pooled separate accounts are not in the fair value hierarchy table under ASC 820 and are presented for reconciliation purposes only.

- The target date pooled separate accounts seek high total return through its target retirement date, with a greater focus on income beyond the target date. At December 31, 2024, the Plan held $4,645,270 of target date funds.
- The target risk pooled separate accounts seek a mix of growth and capital and reinvestment of income. At December 31, 2024, the Plan held $8,739,759 of target risk funds.
- The aggressive growth and growth pooled separate accounts seek long term growth of capital. At December 31, 2024, the Plan held $746,348 of aggressive growth funds. At December 31, 2024, the Plan held $3,348,305 of growth funds.
- The growth and income pooled separate accounts seek long term growth of capital and income. At December 31, 2024, the Plan held $355,287 of growth and income funds.

- The income pooled separate accounts seek to maximize return on investment. At December 31, 2024, the Plan held $988,757 of income funds.
- The conservative pooled separate accounts seek to preserve principal and provide book value liquidity while maintaining a competitive rate of interest. At December 31, 2024, the Plan held $694,151 of conservative funds.

4. Fully Benefit-Responsive Investment at Contract Value

Investment in the Empower Annuity Insurance Company of America ("EAICA") fixed-annuity contract (the "Empower Contract") is fully benefit-responsive and is recorded at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The crediting rate is based on a formula established by the Empower Contract, but may not be less than 0.00% and is reviewed quarterly for resetting.

For the year ended December 31, 2025, the Plan earned both an average and actual yield of 1.45% in relation to the Empower Contract.

The Plan's ability to receive amounts due in accordance with this fully benefit-responsive investment contract is dependent on EAICA's ability to meet its financial obligations. EAICA's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with EAICA, the contract issuer. Examples of such events include 1) premature termination of the contract, 2) changes to the Plan's prohibition on competing investment options, and 3) bankruptcy of EAICA, the contract issuer.

The fully benefit-responsive investment contract is subject to early termination penalties that may be significant. There are no reserves against contract value for credit risk of EAICA or other matters.

5. Unaudited Information Certified by the Plan Custodian

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2025 and 2024, net appreciation in fair value of investments, interest and dividend income, (loss) income from pooled separate accounts, and interest income on notes receivable from participants for the years then ended, was prepared by or derived from information certified as complete and accurate, within the meaning of 29 CFR 2520.103-5, and furnished to the Plan Administrator as follows:

- As of December 31, 2025, and for the period from May 2, 2025 through December 31, 2025, by Empower Trust Company, LLC and Empower Annuity Insurance Company of America.

- As of December 31, 2024, and for the year ended December 31, 2024 and the period from January 1, 2025 through May 2, 2025, by John Hancock Life Insurance Company.

6. Tax Status

The Plan sponsor adopted a non-standardized pre-approved plan document. The Internal Revenue Service ("IRS") has determined and informed the pre-approved plan sponsor, by an opinion letter dated on November 14, 2022, that the pre-approved plan is designed in accordance with applicable sections of the Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Administration

Prior to May 2, 2025, three officers of the Employers served as trustees of the Plan and received no compensation from the Plan for those services. Effective May 2, 2025, Empower Trust Company, LLC became the Plan's trustee. The three officers continued to serve as plan administrators and received no compensation from the Plan for those services.

8. Parties-in-interest Transactions

The Employers, which are parties-in-interest, provide certain administrative services to the Plan at no charge. Accordingly, the Plan does not incur any fees or other charges for these services. Prior to May 2, 2025, John Hancock Life Insurance Company provided third-party administrative services to the Plan under the group annuity contract, for which the Plan was charged fees. Prior to May 2, 2025, Pentegra Retirement Services also provided third-party administrative services to the Plan and received fees from the Plan. Effective May 2, 2025, Empower Retirement, LLC became the Plan's recordkeeper and provided recordkeeping and administrative services to the Plan for which it received fees. Effective May 2, 2025, Merrill Lynch provided investment advisory services to the Plan and received fees for such services. These transactions qualify as exempt party-in-interest transactions.

9. Subsequent Events

Subsequent events have been evaluated through September 23, 2026, the date the financial statements were available to be issued.
