Independent Auditor's Report

To the Trustees of
The EDG, Inc.
Employees Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of The EDG, Inc. Employees Savings Trust (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

The amounts and disclosures in the 2025 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the 2025 financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investments of the plan that were certified by a qualified institution. Their report dated August 8, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of The EDG, Inc. Employees Savings Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of a consolidated group of commonly managed companies who are age eighteen or older. For purposes of the employer match, participants also need to have completed six months of service. The Plan was established for the benefit of these employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute before-tax deferrals and after-tax contributions up to the maximum allowed by the Internal Revenue Code (IRC). Participants who do not affirmatively elect not to participate in the Plan upon becoming eligible will automatically have compensation deferred at four percent. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also allows for Roth elective deferrals. A participant's Roth elective deferral is treated in the same manner as elective deferrals for all plan purposes, except that Roth elective deferrals are separately accounted for, as are gains and losses attributed to those Roth elective deferrals. Forfeitures may not be allocated to the participant's Roth account, and the Roth elective deferrals are not considered employee contributions for plan compliance requirements.

The Plan allows for a discretionary employer match of 100 percent of the participant's deferral up to a maximum of three percent of the participant's salary. In addition, the Plan allows for nonelective discretionary profit-sharing contributions. Nonelective discretionary profit-sharing contributions totaled $626,014 for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of, (a) employer contributions, (b) plan earnings, and (c) an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan. Participants may change their investment options at any time throughout the year.

Note 1. Description of Plan (Continued)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and profit-sharing contribution portion of their accounts, plus actual earnings thereon, is based upon years of continuous service. A participant is 100 percent vested in the employer's contributions after three years of credited service. Participants automatically become 100 percent vested in the EDG, Inc. (the Sponsor)'s contributions and earnings thereon at normal retirement age, death, disability, or termination of the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts up to 50 percent of their account balance, with the maximum loan not to exceed $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Generally, each participant shall be entitled to receive a benefit in such amount as can be provided by the total value of the participant's account as of his normal retirement date. Distributions from plan assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. A participant or his beneficiary may only receive lump sum payments. After attainment of age 59½, withdrawals can be made from any of the participant's accounts under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Participants should refer to the Plan Document for specific details, definitions, and alternatives.

Forfeitures
As of December 31, 2025 and 2024 forfeited non-vested accounts totaled $74,741 and $120,810, respectively. In 2025, the employer reallocated $120,285 of forfeited non-vested accounts as additional employer contributions and $-0- for administrative fees.

Plan Termination
Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent loans are treated as distributions based upon the terms of the Plan Document.

Contributions

Contributions from plan participants and the contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Sponsor or the Plan as provided in the Plan Document.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management, and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), a qualified institution.

	2025	2024
Investments, at Fair Value		
Mutual Funds	**$ 130,091,814**	$ 115,423,618
Common/Collective Trust	**4,282,160**	4,206,484
Self-Directed Brokerage Accounts	**4,899,827**	2,436,868
Total Investments, at Fair Value	**$ 139,273,801**	$ 122,066,970
Notes Receivable from Participants	**$ 1,113,392**	$ 913,472

Fidelity also certified to the completeness and accuracy of $9,583,252 of net appreciation in fair value of investments, $7,921,190 of dividends and interest on investments, and $86,364 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRS. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Note 5. Fair Value of Financial Measurements

The *Fair Value Measurement* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Note 5. Fair Value of Financial Measurements (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, as of the reporting date.

Level 3 Valuations based on inputs that are unobservable and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's measurements of fair value are made on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024. The valuation techniques for assets and liabilities recorded at fair value are as follows:

Mutual Funds: Funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year-end. Mutual funds are open-ended mutual funds that are registered within the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account: Primarily consists of money market accounts, mutual funds, and common stocks that are valued on the basis of readily determinable market prices.

Common and Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Note 5. Fair Value of Financial Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 130,091,814**	**$ -**	**$ -**	**$ 130,091,814**

Total Assets in Fair Value Hierarchy	**$ 134,991,641**	**$ -**	**$ -**	**134,991,641**
Investments Measured at Net Asset Value [(a)]				**4,282,160**
Total Investments, at Fair Value				**$ 139,273,801**

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 115,423,618	$ -	$ -	$ 115,423,618
Self-Directed Brokerage Account	2,436,868	-	-	2,436,868

Investments Measured at Net Asset Value [(a)]				4,206,484
Total Investments, at Fair Value				$ 122,066,970

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value of Financial Measurements (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following table summarizes investments for which fair value is measured using their net asset value per share practical expedient as of December 31st . There are no participant redemption restrictions for these investments.

Investment	2025 Fair Value	2024 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
T. Rowe Price Stable Value [(a)]	**$ 4,282,160**	$ 4,206,484	$ -	Daily	None

(a) The objectives of the T. Rowe Price Stable Value Fund are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The trust will attempt to achieve these objectives by investing and reinvesting amounts transferred to the trust-in investment contracts selected by the trustee.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities, which in general are exposed to various risks such as interest rate, market, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefits.

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	**$ 140,611,725**	$ 123,160,077
Less: Employer Contributions Receivable	**(224,532)**	(179,635)
Net Assets per Schedule H of Form 5500	**$ 140,387,193**	$ 122,980,442

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of the net increase per the financial statements for the year ended December 31, 2025 to net income per Schedule H of Form 5500:

Net Increase per the Financial Statements	$ 17,451,648
Less: 2025 Employer Contributions	(224,532)
Add: 2024 Employer Contributions	179,635
Net Income per Schedule H of Form 5500	$ 17,406,751

Note 8. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest. Certain management expenses are charged to the funds and allocated to all shareowners. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the provision of the party-interest transactions under ERISA.

Note 9. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, September 18, 2026. No subsequent events occurring after the date above have been evaluated for inclusion in these financial statements.

Independent Auditor's Report

To the Trustees of
The EDG, Inc.
Employees Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of The EDG, Inc. Employees Savings Trust (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

The amounts and disclosures in the 2025 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the 2025 financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investments of the plan that were certified by a qualified institution. Their report dated August 8, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of The EDG, Inc. Employees Savings Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of a consolidated group of commonly managed companies who are age eighteen or older. For purposes of the employer match, participants also need to have completed six months of service. The Plan was established for the benefit of these employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute before-tax deferrals and after-tax contributions up to the maximum allowed by the Internal Revenue Code (IRC). Participants who do not affirmatively elect not to participate in the Plan upon becoming eligible will automatically have compensation deferred at four percent. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also allows for Roth elective deferrals. A participant's Roth elective deferral is treated in the same manner as elective deferrals for all plan purposes, except that Roth elective deferrals are separately accounted for, as are gains and losses attributed to those Roth elective deferrals. Forfeitures may not be allocated to the participant's Roth account, and the Roth elective deferrals are not considered employee contributions for plan compliance requirements.

The Plan allows for a discretionary employer match of 100 percent of the participant's deferral up to a maximum of three percent of the participant's salary. In addition, the Plan allows for nonelective discretionary profit-sharing contributions. Nonelective discretionary profit-sharing contributions totaled $626,014 for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of, (a) employer contributions, (b) plan earnings, and (c) an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan. Participants may change their investment options at any time throughout the year.

Note 1. Description of Plan (Continued)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and profit-sharing contribution portion of their accounts, plus actual earnings thereon, is based upon years of continuous service. A participant is 100 percent vested in the employer's contributions after three years of credited service. Participants automatically become 100 percent vested in the EDG, Inc. (the Sponsor)'s contributions and earnings thereon at normal retirement age, death, disability, or termination of the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts up to 50 percent of their account balance, with the maximum loan not to exceed $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Generally, each participant shall be entitled to receive a benefit in such amount as can be provided by the total value of the participant's account as of his normal retirement date. Distributions from plan assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. A participant or his beneficiary may only receive lump sum payments. After attainment of age 59½, withdrawals can be made from any of the participant's accounts under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Participants should refer to the Plan Document for specific details, definitions, and alternatives.

Forfeitures
As of December 31, 2025 and 2024 forfeited non-vested accounts totaled $74,741 and $120,810, respectively. In 2025, the employer reallocated $120,285 of forfeited non-vested accounts as additional employer contributions and $-0- for administrative fees.

Plan Termination
Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent loans are treated as distributions based upon the terms of the Plan Document.

Contributions

Contributions from plan participants and the contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Sponsor or the Plan as provided in the Plan Document.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management, and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), a qualified institution.

Self-Directed Brokerage Accounts	**4,899,827**	2,436,868
Total Investments, at Fair Value	**$ 139,273,801**	$ 122,066,970
Notes Receivable from Participants	**$ 1,113,392**	$ 913,472

Fidelity also certified to the completeness and accuracy of $9,583,252 of net appreciation in fair value of investments, $7,921,190 of dividends and interest on investments, and $86,364 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRS. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Note 5. Fair Value of Financial Measurements

The *Fair Value Measurement* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Note 5. Fair Value of Financial Measurements (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, as of the reporting date.

Level 3 Valuations based on inputs that are unobservable and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's measurements of fair value are made on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024. The valuation techniques for assets and liabilities recorded at fair value are as follows:

Mutual Funds: Funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year-end. Mutual funds are open-ended mutual funds that are registered within the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account: Primarily consists of money market accounts, mutual funds, and common stocks that are valued on the basis of readily determinable market prices.

Common and Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Note 5. Fair Value of Financial Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 130,091,814**	**$ -**	**$ -**	**$ 130,091,814**
Self-Directed Brokerage Account	**4,899,827**	**-**	**-**	**4,899,827**
Total Assets in Fair Value Hierarchy	**$ 134,991,641**	**$ -**	**$ -**	**134,991,641**
Investments Measured at Net Asset Value [(a)]				**4,282,160**
Total Investments, at Fair Value				**$ 139,273,801**

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 115,423,618	$ -	$ -	$ 115,423,618
Self-Directed Brokerage Account	2,436,868	-	-	2,436,868
Total Assets in Fair Value Hierarchy	$ 117,860,486	$ -	$ -	117,860,486
Investments Measured at Net Asset Value [(a)]				4,206,484
Total Investments, at Fair Value				$ 122,066,970

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value of Financial Measurements (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following table summarizes investments for which fair value is measured using their net asset value per share practical expedient as of December 31st . There are no participant redemption restrictions for these investments.

Investment	2025 Fair Value	2024 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
T. Rowe Price Stable Value [(a)]	**$ 4,282,160**	$ 4,206,484	$ -	Daily	None

(a) The objectives of the T. Rowe Price Stable Value Fund are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The trust will attempt to achieve these objectives by investing and reinvesting amounts transferred to the trust-in investment contracts selected by the trustee.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities, which in general are exposed to various risks such as interest rate, market, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefits.

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	**$ 140,611,725**	$ 123,160,077
Less: Employer Contributions Receivable	**(224,532)**	(179,635)
Net Assets per Schedule H of Form 5500	**$ 140,387,193**	$ 122,980,442

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

The following is a reconciliation of the net increase per the financial statements for the year ended December 31, 2025 to net income per Schedule H of Form 5500:

Net Increase per the Financial Statements	$ 17,451,648
Less: 2025 Employer Contributions	(224,532)
Add: 2024 Employer Contributions	179,635
Net Income per Schedule H of Form 5500	$ 17,406,751

Note 8. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest. Certain management expenses are charged to the funds and allocated to all shareowners. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the provision of the party-interest transactions under ERISA.

Note 9. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, September 18, 2026. No subsequent events occurring after the date above have been evaluated for inclusion in these financial statements.
