Sherwood Construction Co. Inc.
Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the Sherwood Construction Co. Inc. Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ending December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Sherwood Construction Co. Inc. Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions. The 401(k) Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), covering employees of Sherwood Construction Co., Inc., TLS Group, Inc., Wildcat Construction Co., Inc., Wildcat Concrete Services, Inc., Wildcat Golf, Inc., Klaver Construction Company Inc., Borton Corp., and Borton, L.C. (collectively, Company). Employees become participants in the Plan when they have attained the age of 18 and have completed two months of service. Employees are treated as participants immediately upon meeting eligibility requirements. The Plan includes an auto-enrollment provision whereby, unless an eligible employee affirmatively elects otherwise, after receiving appropriate notice, deferral contributions for each newly eligible or active participant without a deferral election on file, shall have automatic enrollment contributions made on his or her behalf at an initial rate of 3%.

Contributions - The Plan provides that participants may elect to contribute on a pretax or post-tax basis up to 100% of annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code ($23,500 for 2025). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($7,500 for 2025). Participants may also contribute amounts on an after-tax basis. Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan. Each year, the Company may contribute a discretionary match to the Plan out of accumulated profits as determined by the Board of Directors of the Company. The Company has also elected to make contributions as necessary to comply with the prevailing wage requirements of the Davis Bacon Act.

Participant Accounts - Each participant's account is credited with the participant's elective contributions and allocations of the Company contributions and Plan earnings, and charged with the participant's withdrawals, if any, and allocations of Plan losses and administrative expenses. Allocations are based on participant contributions or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their contributions, as well as prevailing wage contributions, plus actual earnings thereon. Vesting in employer discretionary contributions and earnings thereon occurs upon the earlier of the occurrence of certain events as defined in the Plan document or based on years of service according to the following schedule:

1. DESCRIPTION OF PLAN (CONTINUED)

Years of Service	Vesting Percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Normal Retirement - Normal retirement is 65 years of age.

Payment of Benefits - On termination of employment and upon request, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested account balance. Partial lump sum distributions are also available after termination of service. After notification and in accordance with the Plan document, terminated employees with remaining account balances less than $1,000 will receive an automatic cash out of their vested balance. Those with account balances greater than $1,000 but not exceeding $7,000 will have their vested account balances distributed as automatic rollovers to individual retirement arrangements. In-service withdrawals are allowed for participants over 59.5 years of age and for financial hardships, as defined in the Plan.

Forfeited Accounts - On December 31, 2025, and 2024, forfeited nonvested accounts totaled $156,754 and $104,137, respectively. These amounts can be used to pay administrative expenses or applied to reduce employer contributions. Certain forfeitures may be restored if the participant is re-employed before accruing five consecutive break-in-service years as defined in the Plan document. Forfeitures used to offset 2025 employer contributions totaled $99,932.

Notes Receivable from Participants - Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum of the lesser of 50% of their vested account balance or $50,000. Loan terms may not be longer than five years unless it is for the purchase of a principal residence in which case the loan term may not extend beyond ten years. All loans must bear a reasonable rate of interest based on the prevailing interest rates. New loans will carry an initial interest rate equal to the prime rate at the time of the loan. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions - Contributions from Plan participants and the Company matching contributions are recorded in the year in which the participant contributions are withheld from compensation.

Contributions Receivable - Contributions receivable are recorded for amounts due from employers and participants in accordance with the terms of the Plan. These receivables are reported net of an allowance for credit losses, which is based on historical collection experience, current conditions, and other relevant factors. Management has elected an accounting policy to consider subsequent collection activity when estimating expected credit losses. Accordingly, the allowance for credit loss is zero for outstanding balances that were collected prior to the date these financial statements were available to be issued.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025, or 2024 on these notes receivable. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some investment related expenses may be included in net change in fair value of investments.

Subsequent Events - The financial statements considered subsequent events through September 26, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2025, and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by Fidelity

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED) (CONTINUED)

Management Trust Company (Fidelity), a qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that information provided to the Plan Administrator by Fidelity related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the values in Note 4, and the values in the supplemental schedule related to the following assets:

	2025	2024
Investments at December 31:		
Mutual funds	$ 66,076,081	$ 55,884,710
Collective trusts	10,111,129	9,923,400
Total investments	$ 76,187,210	$ 65,808,110
Notes receivable from participants	$ 1,820,078	$ 1,584,306

Fidelity also certified to the completeness and accuracy of $9,196,415 of net change in fair value of investments and $3,199,817 of interest (including interest income on notes receivable from participants) and dividends related to the aforementioned assets for the year ended December 31, 2025.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The following are three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds - These investments (which include mutual funds, money market funds and lifecycle funds) are valued using a quoted price in an active market.

Collective Trusts - These investments are valued at NAV. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner. Included in these investments is a stable value fund. The stable value fund primarily invests in high-quality investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions including separate account products of insurance companies and is also valued at NAV.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described previously (there are no Level 2 or Level 3 investments).

	Assets at Fair Value as of December 31, 2025		
	Level 1	Not Classified	Fair Value (Unaudited)
Assets in fair value hierarchy:			
Mutual funds	$66,076,081	$ --	$66,076,081
Collective trusts [(a)]	--	10,111,129	10,111,129
Total	$66,076,081	$10,111,129	$76,187,210

	Assets at Fair Value as of December 31, 2024		
	Level 1	Not Classified	Fair Value (Unaudited)
Assets in fair value hierarchy:			
Mutual funds	$55,884,710	$ --	$55,884,710
Collective trusts [(a)]	--	9,923,400	9,923,400
Total	$55,884,710	$ 9,923,400	$65,808,110

(a) Certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, as allowed by U.S. accounting policies. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025, and 2024, respectively. There are no participant redemption notice restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
Investment	(Unaudited) Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trusts	$ 10,111,129	$ --	Daily	30 days

	December 31, 2024			
Investment	(Unaudited) Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trusts	$ 9,923,400	$ --	Daily	30 days

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Fidelity (party-in-interest) and, therefore, these transactions, along with notes receivable from participants, qualify as party-in-interest transactions. Total fees incurred and paid directly by the Plan for investment management services and other expenses were $71,911 which were offset by credits and reimbursements of $40,948. The various funds' operating expense ratios ranged from 0.01% to 0.90%, as of December 31, 2025.

6. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company reserves the right to amend, modify, or terminate the Plan at any time subject to Plan and ERISA provisions. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination, and Fidelity shall liquidate all assets of the trust and continue to administer the trust in accordance with its provisions until all obligations have been satisfied.

7. TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan designed to qualify under Section 401 of the Internal Revenue Code (IRC). The Plan has obtained a copy of a favorable opinion letter for the volume submitter profit sharing plan dated June 30, 2020, that the volume submitter profit sharing plan is designed in accordance with applicable sections of the IRC. The volume submitter profit sharing plan opinion letter has been relied upon by the Plan. Although the Plan

7. TAX STATUS (CONTINUED)

has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the Sherwood Construction Co. Inc. Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ending December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Sherwood Construction Co. Inc. Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions. The 401(k) Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), covering employees of Sherwood Construction Co., Inc., TLS Group, Inc., Wildcat Construction Co., Inc., Wildcat Concrete Services, Inc., Wildcat Golf, Inc., Klaver Construction Company Inc., Borton Corp., and Borton, L.C. (collectively, Company). Employees become participants in the Plan when they have attained the age of 18 and have completed two months of service. Employees are treated as participants immediately upon meeting eligibility requirements. The Plan includes an auto-enrollment provision whereby, unless an eligible employee affirmatively elects otherwise, after receiving appropriate notice, deferral contributions for each newly eligible or active participant without a deferral election on file, shall have automatic enrollment contributions made on his or her behalf at an initial rate of 3%.

Contributions - The Plan provides that participants may elect to contribute on a pretax or post-tax basis up to 100% of annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code ($23,500 for 2025). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($7,500 for 2025). Participants may also contribute amounts on an after-tax basis. Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan. Each year, the Company may contribute a discretionary match to the Plan out of accumulated profits as determined by the Board of Directors of the Company. The Company has also elected to make contributions as necessary to comply with the prevailing wage requirements of the Davis Bacon Act.

Participant Accounts - Each participant's account is credited with the participant's elective contributions and allocations of the Company contributions and Plan earnings, and charged with the participant's withdrawals, if any, and allocations of Plan losses and administrative expenses. Allocations are based on participant contributions or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their contributions, as well as prevailing wage contributions, plus actual earnings thereon. Vesting in employer discretionary contributions and earnings thereon occurs upon the earlier of the occurrence of certain events as defined in the Plan document or based on years of service according to the following schedule:

1. DESCRIPTION OF PLAN (CONTINUED)

Years of Service	Vesting Percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Normal Retirement - Normal retirement is 65 years of age.

Payment of Benefits - On termination of employment and upon request, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested account balance. Partial lump sum distributions are also available after termination of service. After notification and in accordance with the Plan document, terminated employees with remaining account balances less than $1,000 will receive an automatic cash out of their vested balance. Those with account balances greater than $1,000 but not exceeding $7,000 will have their vested account balances distributed as automatic rollovers to individual retirement arrangements. In-service withdrawals are allowed for participants over 59.5 years of age and for financial hardships, as defined in the Plan.

Forfeited Accounts - On December 31, 2025, and 2024, forfeited nonvested accounts totaled $156,754 and $104,137, respectively. These amounts can be used to pay administrative expenses or applied to reduce employer contributions. Certain forfeitures may be restored if the participant is re-employed before accruing five consecutive break-in-service years as defined in the Plan document. Forfeitures used to offset 2025 employer contributions totaled $99,932.

Notes Receivable from Participants - Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum of the lesser of 50% of their vested account balance or $50,000. Loan terms may not be longer than five years unless it is for the purchase of a principal residence in which case the loan term may not extend beyond ten years. All loans must bear a reasonable rate of interest based on the prevailing interest rates. New loans will carry an initial interest rate equal to the prime rate at the time of the loan. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions - Contributions from Plan participants and the Company matching contributions are recorded in the year in which the participant contributions are withheld from compensation.

Contributions Receivable - Contributions receivable are recorded for amounts due from employers and participants in accordance with the terms of the Plan. These receivables are reported net of an allowance for credit losses, which is based on historical collection experience, current conditions, and other relevant factors. Management has elected an accounting policy to consider subsequent collection activity when estimating expected credit losses. Accordingly, the allowance for credit loss is zero for outstanding balances that were collected prior to the date these financial statements were available to be issued.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025, or 2024 on these notes receivable. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some investment related expenses may be included in net change in fair value of investments.

Subsequent Events - The financial statements considered subsequent events through September 26, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2025, and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by Fidelity

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED) (CONTINUED)

Management Trust Company (Fidelity), a qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that information provided to the Plan Administrator by Fidelity related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the values in Note 4, and the values in the supplemental schedule related to the following assets:

	2025	2024
Investments at December 31:		
Mutual funds	$ 66,076,081	$ 55,884,710
Collective trusts	10,111,129	9,923,400
Total investments	$ 76,187,210	$ 65,808,110
Notes receivable from participants	$ 1,820,078	$ 1,584,306

Fidelity also certified to the completeness and accuracy of $9,196,415 of net change in fair value of investments and $3,199,817 of interest (including interest income on notes receivable from participants) and dividends related to the aforementioned assets for the year ended December 31, 2025.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The following are three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds - These investments (which include mutual funds, money market funds and lifecycle funds) are valued using a quoted price in an active market.

Collective Trusts - These investments are valued at NAV. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner. Included in these investments is a stable value fund. The stable value fund primarily invests in high-quality investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions including separate account products of insurance companies and is also valued at NAV.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described previously (there are no Level 2 or Level 3 investments).

	Assets at Fair Value as of December 31, 2025		
	Level 1	Not Classified	Fair Value (Unaudited)
Assets in fair value hierarchy:			
Mutual funds	$66,076,081	$ --	$66,076,081
Collective trusts [(a)]	--	10,111,129	10,111,129
Total	$66,076,081	$10,111,129	$76,187,210

	Assets at Fair Value as of December 31, 2024		
	Level 1	Not Classified	Fair Value (Unaudited)
Assets in fair value hierarchy:			
Mutual funds	$55,884,710	$ --	$55,884,710
Collective trusts [(a)]	--	9,923,400	9,923,400
Total	$55,884,710	$ 9,923,400	$65,808,110

(a) Certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, as allowed by U.S. accounting policies. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025, and 2024, respectively. There are no participant redemption notice restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
Investment	(Unaudited) Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trusts	$ 10,111,129	$ --	Daily	30 days

	December 31, 2024			
Investment	(Unaudited) Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trusts	$ 9,923,400	$ --	Daily	30 days

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Fidelity (party-in-interest) and, therefore, these transactions, along with notes receivable from participants, qualify as party-in-interest transactions. Total fees incurred and paid directly by the Plan for investment management services and other expenses were $71,911 which were offset by credits and reimbursements of $40,948. The various funds' operating expense ratios ranged from 0.01% to 0.90%, as of December 31, 2025.

6. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company reserves the right to amend, modify, or terminate the Plan at any time subject to Plan and ERISA provisions. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination, and Fidelity shall liquidate all assets of the trust and continue to administer the trust in accordance with its provisions until all obligations have been satisfied.

7. TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan designed to qualify under Section 401 of the Internal Revenue Code (IRC). The Plan has obtained a copy of a favorable opinion letter for the volume submitter profit sharing plan dated June 30, 2020, that the volume submitter profit sharing plan is designed in accordance with applicable sections of the IRC. The volume submitter profit sharing plan opinion letter has been relied upon by the Plan. Although the Plan

7. TAX STATUS (CONTINUED)

has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
