Independent Auditor's Report

Board of Trustees
Loyola Marymount University

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Loyola Marymount University Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with Generally Accepted Accounting Principles in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Qualified Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009.

As described in Note 3 to the financial statements, the Plan has excluded from investments in the Statements of Net assets Available for Benefits, certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans (Bulletin No. 2009-02). The investment income and distributions related to such accounts have also been excluded in the Statement of Changes in Net Assets Available for Benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the financial statements. The effects of these excluded contracts and custodial accounts and the related income and distributions on the financial statements are not determinable.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Loyola Marymount University Defined Contribution Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan covers all employees of Loyola Marymount University ("University" or the "Plan Sponsor") who are employed in eligible employment categories covered by the Plan as defined in the Plan Document.

Eligibility

Full-time employees of the University are eligible to participate in the Plan upon hire.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation up to a maximum dollar amount, as defined in the Plan, and not to exceed the limit as set by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The University contributes 9.5% to the maximum annual compensation limit, of the eligible participants' compensation if the participant contributes a minimum of 5% of their compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (*a*) the University's contribution and (*b*) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions as well as the University's contributions plus actual earnings thereon at all times.

NOTE 1 - DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants

The Plan provides for two types of loans: Residential and Personal. Combined loans are not to exceed $50,000. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The number of outstanding loans a participant can have at one time is two (one Residential loan and one Personal loan). The loans are secured by the balance in the participant's account and bear interest at the Prime Rate, as stated in the *Wall Street Journal*, plus 1%. Principal and interest are repaid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semi-annual or annual installments over a period of years determined by the participant. In accordance with the Internal Revenue Code (the "Code") Section 403(b), hardship withdrawals are allowed to satisfy an immediate and heavy financial need.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition

Investments, other than those that are fully benefit-responsive investment contracts ("FBRICs"), are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University's Benefits Advisory Committee determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurement.

FBRICs are reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation (depreciation) in fair value of investments, including the Plan's gains and losses on investments bought and sold as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balances plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain administrative expenses related to the Plan are paid by the University. Expenses not paid by the University are paid by the participants.

NOTE 3 - EXCLUDED AMOUNTS

U.S. GAAP requires that all accounts and the related income and distributions be included in the accompanying financial statements. The Plan has excluded from investments in the accompanying Statements of Net Assets Available for Benefits certain annuity contracts and custodial accounts ("Excluded Amounts") held at Teachers Insurance and Annuity Association of America-College Retirement Equities Fund ("TIAA-CREF") and Fidelity issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's ("DOL") Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying Statement of Changes in Net Assets Available for Benefits.

As part of Plan management's efforts to comply with the DOL's amended regulations, Plan management consolidated all previous vendor relationships into one with Transamerica Financial Life Insurance Company, formerly Diversified Investment Advisor ("Transamerica"), effective January 1, 2009. Accordingly, as of January 2009, all Plan contributions are directed to Transamerica. Participants are permitted to transfer balances associated with Excluded Amounts to Transamerica at the individual participant's discretion. These transfers were reported as Transfers into the Plan in the Statement of Changes in Net Assets Available for Benefits. The amount reported as transfers that relates to Excluded Amounts is not determinable. Transfers into the Plan totaled $63,317 during 2025 and consisted of contract exchange transfers of participant account balances from other retirement plan investment contracts or custodial accounts into the Plan.

NOTE 4 - FAIR VALUE MEASUREMENT

Plan assets and liabilities are measured and reported in the financial statements at fair value on a recurring basis. The fair value hierarchy of valuation techniques is utilized to determine such fair value. The three levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices available in active markets for identical investments.

Level 2 – Quoted prices in active markets for similar investments; quoted prices for identical investments in markets that are inactive; and prices based on observable inputs other than an unadjusted quoted price.

Level 3 – Prices based on significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENT – Continued

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Publicly traded mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end traded on an active market. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. Participants can redeem their funds daily and have a daily redemption notice period. There are no unfunded commitments from participants.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

	Fair Value as of December 31, 2025			
Investment Category	**Level 1**	**Level 2**	**Level 3**	**Total**
Publicly Traded Mutual Funds	$ 591,880	$ -	$ -	$ 591,880

	Fair Value as of December 31, 2024			
Investment Category	**Level 1**	**Level 2**	**Level 3**	**Total**
Publicly Traded Mutual Funds	$ 501,780	$ -	$ -	$ 501,780

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2009, the Plan entered into FBRICs with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY – Continued

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. At December 31, 2025 and 2024, the guaranteed investment contract amounted to $31,438 and $30,297, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset on an annual basis.

The Plan administrator does not believe there are any events or circumstances under which Transamerica would terminate its guarantee to this contract, nor are there any events which would limit the ability to transact at contract value with participants.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY CUSTODIAN

The Plan's asset information as of December 31, 2025 and 2024 and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by State Street Bank and Trust Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.

- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

- Investments included in Notes 4 and 5.

- Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by the custodian. Therefore, transactions in these investments qualify as party-in-interest transactions. Additionally, State Street Bank and Trust Company has appointed Transamerica Retirement Solutions Corporation (TRSC) to provide certain necessary recordkeeping duties and functions on its behalf. TRSC manages certain Plan investments that are offered through affiliated companies. Transactions with TRSC qualify as party-in-interest transactions for which exemptions exist. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing rather than a direct payment.

NOTE 8 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated among the participants and their beneficiaries after payment of any expenses properly chargeable to the Plan, in accordance with the provisions of ERISA.

NOTE 11 - NEW LAWS AND REGULATIONS

On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0) became law. The new law makes changes to include provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. Under the SECURE Act of 2019 and SECURE 2.0, long-term, part-time employees must be permitted to make elective deferrals under a 403(b) plan subject to ERISA.

For ERISA-covered 403(b) plans, the long-term, part-time employee rules first apply for plan years beginning after December 31, 2024. An employee who has completed two consecutive 12-month periods with at least 500 hours of service in each is eligible to make elective deferrals, effective for the 2025 plan year.

For plan years beginning in 2026, catch-up contributions for participants age 50 or older whose prior-year FICA (Social Security) wages exceed $150,000 (as indexed) will be required to be made on a Roth (after-tax) basis. Management is monitoring regulatory guidance and evaluating administrative updates required to comply with this provision.

The Plan will implement the above legislative changes and intends to formally execute the required plan amendments reflecting their implementation by the deadline of December 31, 2026.

NOTE 12 - SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through September 23, 2026, the date on which the financial statements were available to be issued. There were no subsequent events that required recognition or additional disclosures in these financial statements.
