Independent Auditor's Report

The Plan Administrator
BurgaFlex North America 401(k) Retirement Savings Plan
Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BurgaFlex North America 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the BurgaFlex North America 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of BurgaFlex North America, LLC and David & David Operations, LLC (dba Holly Plating) (collectively, the Company or Plan administrator). The Plan was adopted effective January 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administration of the Plan

The custodian and recordkeeper of the Plan is Voya. Voya holds all assets of the Plan in accordance with the service provider contract with the Company. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company are considered eligible for participation, except for: (1) collectively bargained employees; (2) non-resident aliens who receive no compensation from the employer, which constitutes a U.S. source of income; (3) leased employees; and (4) temporary employees.

Participants must be 20 years of age to participate in the Plan.

Additionally, eligible employees of the Company are eligible to become a participant in the 401(k) component of the Plan on the first day of the month following completion of 60 days of service. As of April 15, 2025, participants must complete 90 days of service to be eligible to become a participant. Participants of the Plan are eligible for matching contributions once they are eligible for the Plan as described above.

Employees are also eligible to receive additional employer contributions if they are employed on the last day of the Plan year with a minimum of 1,000 hours worked during the Plan year, as defined by the Plan document.

Contributions

The Plan contains three major components: a 401(k) deferral component, a matching component, and profit sharing. The matching component and profit sharing includes discretionary contributions. The 401(k) component allows eligible participants to defer part of their compensation through voluntary salary or wage reduction. Employee rollover, Roth, and catch-up contributions are also permitted. The Company may make a matching contribution as determined by management's discretion each year. The Company contributes 25% of the first 8% of eligible compensation that the participant contributes to the Plan. The Company may make a profit sharing contribution, which the employer will determine how much, if any, it will contribute. There were no profit-sharing contributions in 2025.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund. Annually, the contribution percentage will increase 1% per year subsequent to enrollment up to 6%, unless the participant opts out or changes the rate.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions, and an allocation of investment earnings. Each participant's account is charged with an allocation of Plan losses and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Currently, the Plan offers pooled separate accounts (PSAs), collective investment trusts (CITs), and a guaranteed investment contract as investment options for participants.

Vesting

Participant contributions, and earnings thereon, are fully vested at all times. Employer matching and profit-sharing contributions are subject to the following vesting schedule below:

Vesting Service (in Years)	Vesting Percentage (%)
Less than 1	-
1	25
2	50
3	75
4	100

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan.

Forfeitures

Forfeitures attributable to employer matching contributions are used to offset future match contributions and can be used to pay plan expenses. There were forfeitures of $18,701 and $10,889 as of December 31, 2025 and 2024, respectively. No forfeitures were used during the year ended December 31, 2025 to offset match contributions or to pay plan expenses.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant or a participant's beneficiary may elect to receive a lump-sum distribution equal to the value of a participant's vested interest in his or her account. A participant or a participant's beneficiary may also elect to take partial distributions or installment distributions solely to the extent necessary to

satisfy minimum distribution rules. A participant or a participant's beneficiary may not take a partial lump-sum distribution of less than $1,000. Hardship withdrawals of participant deferral contributions are allowed under certain conditions of the Plan. In-service distributions upon attainment of age 59½ are allowed from all types of contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance, but not less than $1,000. Note terms range from one to five years. The notes are secured by the balance in the participant's account and bear interest at the prevailing rate charged by other lenders for similar notes. Principal and interest are paid through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms may not exceed 30 years. The Plan restricts participants to one loan outstanding at any time.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's investment in the fully benefit-responsive investment contract, which is stated at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements,* provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 – This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Collective Investment Trusts (CITs) – Collective investment trusts are valued at the net asset value (NAV) of units held. The NAV, as provided by the trustee of the CITs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the CITs will sell for an amount different than the reported NAV. The CITs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

Pooled Separate Accounts (PSAs) – PSAs are valued at the net asset value (NAV) of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Voya, is used as a practical expedient to estimate fair value. The NAV would not be used if it was probable that the investment would not be traded at NAV. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance-notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments or other restrictions associated with these investments.

Investment strategies of these investments are to offer differing types of alternative platforms with differing levels of risk to the Plan and are described as follows:

(a) *Bond Funds* - Assets are invested fixed income securities that have been determined to be appropriate for its investment goal, primarily seeking income or growth of income, with less emphasis on capital appreciation.

(b) Asset Allocation Funds - These funds are also known as "Lifestyle" or "LifeCycle" funds and invest in a combination of assets such as aggressive stocks, international stocks, large company stocks, government bonds, foreign bonds or money markets.

(c) Balanced Funds - These funds seek to "balance" growth of principal and current income by investing in a combination of stocks and bonds (generally holding 60-70% equity and 30-40% fixed income).

(d) Large Cap Value/Blend Funds - These funds seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies.

(e) Large Cap Growth Funds - These funds invest primarily in stocks of larger U.S. companies employing an investment style of growth and are focused on generating capital gains rather than income.

(f) Small/Mid/Specialty Funds - Small cap, mid cap and "specialty" funds are in this category, employing investment styles of growth, value, or a blend of growth and value. These funds seek capital appreciation by investing primarily in stocks of small-and medium-sized companies.

(g) International Funds - International funds can have an investment style of Foreign Large Value, Foreign Large Blend, Foreign Large Growth, Foreign Small/Mid Value or Foreign Small/Mid Growth. These funds invest in stocks of companies outside of the United States.

The following is a summary of the investment strategies of the investments with a reported estimated fair value using NAV as a practical expedient and which are not direct filing entities:

	2025	2024
	Fair Value	
Pooled Separate Accounts		
Bond Funds	**$ 159,354**	$ 84,471
Asset Allocation Funds	**2,934,197**	2,244,507
Balanced Funds	**27,505**	23,301
Large Cap Value/Blend Funds	**205,815**	241,968
Large Cap Growth Funds	**-**	92,683
Small/Mid/Specialty Funds	**161,717**	78,318
International Funds	**-**	730
Total Pooled Separate Accounts	**$ 3,488,588**	$ 2,765,978

The preceding methods described may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes the valuation method is appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2025 and 2024, there were no investments within the fair value hierarchy table, as the CITs and PSAs are valued using NAV per share as a practical expedient.

5. Fully Benefit-Responsive Investment Contract

The Plan holds a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged to participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obliged to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.0% for 2025 and 2024. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events, including the partial Plan termination discussed in Note 7, have limited the Plan's ability to transact at contract value with participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the maturity date.

6. Related Party and Parties-in-Interest Transactions

Certain Plan investments are in investment funds managed by Voya. Participant loan and distribution processing fees are paid to Voya by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of partial termination, the trust is to continue under the provisions of the Plan, and accounts of affected participants will be segregated and distributed by the trustee, as directed by the administrative committee. In 2025 and 2024, there was a partial termination of the Plan which occurred due to the nature of high turnover at the Company. Participants terminated were 100% vested in their employer matching contributions.

8. Tax Status

The Plan uses a pre-approved plan document, which received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then-designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan holds various investment instruments that are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in their values could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

10. Subsequent Events

Subsequent events have been evaluated by management through September 16, 2026, the date these financial statements were available to be issued.
