INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Papich Construction Company, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Papich Construction Company, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing - modified cash basis), and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, as of and for the year ended December 31, 2025 and as of December 31, 2024, in accordance with the liquidation and modified cash basis of accounting of accounting, respectively, as described in Note B.

28494 Westinghouse Place, Suite 102 Valencia, CA 91355
P 661-257-6671 F 818-727-7700
fhhcpas.com

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Papich Construction Company, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note B to the financial statements, the administrative committee of Papich Construction Company, Inc. Retirement Savings Plan approved the termination and plan of liquidation of the Plan effective August 5, 2025, and management determined liquidation was imminent. As a result, the Plan changed its basis of accounting from the modified cash basis of accounting used in presenting the December 31, 2024 financial statements to the liquidation basis of accounting used in presenting the December 31, 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the applicable bases of accounting described in Note B, and for determining that those bases of accounting are acceptable for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and

therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Papich Construction Company, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the liquidation and modified cash basis of accounting described in Note B.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash and liquidation basis of accounting described in Note B.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

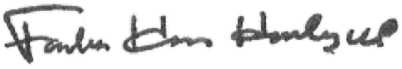

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of: 1) Schedule G, Part III - Schedule of Nonexempt Transactions and 2) Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records

used to prepare the financial statements. The information included in the supplemental schedules, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the form and content of the supplemental schedules, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Papich Construction Company, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 2004, Papich Construction Company, Inc. (the "Employer") established the Plan for the benefit of all eligible employees. The Plan is a contributory plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In July 2025, the Employer entered into a stock purchase agreement with Granite Construction Incorporated ("Granite"), whereby all stock held by the Employer's Employee Stock Ownership Plan consisting of 100% of the issued and outstanding stock of the Employer was sold to Granite. As a result, the Employer terminated the Plan effective August 5, 2025 (see Note B.1.).

2. Eligibility

Prior to Plan termination, Employees, regardless of age or service, who performed services for the Employer under a contract covered by a prevailing wage law, were immediately eligible to receive prevailing wage contributions. Employees were eligible to make salary deferrals, receive Employer safe harbor matching and Employer discretionary contributions upon attainment of age 18 and completion of two months of service.

Employees covered by collective bargaining agreements who were hired prior to September 1, 2016, were eligible to make salary deferrals, but were not eligible to receive Employer contributions. Otherwise, employees covered by collective bargaining agreements hired after September 1, 2016, were not eligible to make salary deferrals or receive Employer contributions, other than prevailing wage contributions.

3. Contributions

Prior to Plan termination, participants could make pre-tax deferrals or Roth contributions up to the maximum deferral limit per Section 402(g)(1) of the IRC. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans.

Eligible employees who did not make an affirmative deferral election were automatically enrolled at a pre-tax deferral rate of 4% of compensation. The automatic deferral rate increased by 1% each year on January 1 until a maximum deferral rate of 10% was reached, unless otherwise elected by the participant.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions (Continued)

The Employer made safe harbor matching contributions in an amount equal to 100% of the participant's deferred contribution up to 4% of compensation. Employer safe harbor contributions totaling $287,346 were funded during the year ended December 31, 2025. In addition, the Employer could make an additional discretionary matching contribution and/or a discretionary profit sharing contribution as determined by the Employer each year and allocated to participant accounts at the end of the plan year. No such discretionary Employer contributions were made during the year ended December 31, 2025.

The Employer made prevailing wage contributions based on the hourly contribution rate required under the applicable prevailing wage law. Employer prevailing wage contributions totaled $214,921 during the year ended December 31, 2025.

4. Investment Options

Prior to Plan termination, upon enrollment in the Plan, participants could direct participant contributions or any Employer contributions in a variety of investment options held by Principal Trust Company ("Principal"), as provided by the Plan. Participants could change their investment options daily.

5. Notes Receivable from Participants

Prior to Plan termination, participants could borrow against their vested account balance, as defined by the Plan, a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the preceding 12 months. Participants were limited to two outstanding loan at any time and the loans would bear a reasonable fixed rate of interest established by the administrator. Loans must be repaid within 5 years or over a longer period for the purchase of a primary residence.

6. Participant Accounts

Each participant's account was credited with participant contributions, Employer contributions, rollover contributions, and allocations of plan earnings. Participant accounts were charged an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Benefit Payments

Prior to Plan termination, upon a participant's termination of service, participants were entitled to receive their vested account balances in the form of a lump sum or in installments. Upon termination due to early or normal retirement, death, or disability, a participant or a participant's beneficiary was entitled to the total value of the participant's account balance. Hardship and in-service distributions were permitted if certain criteria were met. Upon termination of the Plan, the Plan allowed accounts balances of terminated participants greater than $1,000 but less than $7,000, to be rolled over to an individual retirement account in the participant's name, without the participant's consent (see Note A.9.).

8. Forfeitures

Forfeitures of terminated participants' non-vested accounts could be used to reduce future Employer contributions. There were no outstanding forfeitures at December 31, 2025 and December 31, 2024.

9. Vesting

Prevailing wage contributions, participant contributions, Employer safe harbor contributions and actual earnings thereon were fully vested at all times. Employer discretionary matching contributions and discretionary profit sharing contributions, plus actual earnings thereon, were vested at 25% after one year of service, an additional 25% per year of service thereafter, and were fully vested after four years of service. As a result of the plan termination, all participants became 100% vested.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

As disclosed in Note A.1., the Plan was terminated effective August 5, 2025. Management has determined that liquidation was imminent and as a result, the 2025 financial statements are prepared on the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash to be collected in settling and disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any costs of disposal of assets and other costs expected to be incurred during the liquidation process.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1. Basis of Presentation(Continued)

Prior to 2025, the Plan's financial statements were prepared on the modified cash basis of accounting. Although not in accordance with accounting principles generally accepted in the United States of America (GAAP), this method of accounting is permitted under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is a comprehensive basis of accounting other than GAAP. Therefore, prior to 2025 certain additions and related assets were recognized when received rather than when earned and certain liabilities and expenses were recognized when paid rather than when the obligations were incurred.

2. Plan Administration

The Employer is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Payment of Benefits

Benefits are recorded when paid.

4. Investment Valuation and Income Recognition

The Plan's investments were reported at fair value, except the fully benefit-responsive contract which was reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends and interest were recorded when received. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

5. Administrative Expenses

Administrative expenses incurred by the trustee and record-keeper in performance of their duties were paid from the assets of the Plan. Investment related expenses were included in net appreciation/depreciation in fair value of assets. Expenses paid by the Employer are excluded from these financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Notes Receivables from Participants

Notes receivable from participants were measured at their unpaid principal balance. Interest income was recorded when received. Related fees were recorded as administrative expenses and were expensed when they were paid. If a participant ceased making loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

7. Contributions

Contributions from Plan participants and matching and profit sharing contributions from the Employer were recorded when received by the Plan.

NOTE C - CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements related to investments held as of December 31, 2024, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, the trustee of the Plan, a qualified institution. In addition, certain information in the accompanying financial statements related to notes receivable from participants held at December 31, 2024, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: The collective investment trusts (CIT) invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The NAV of the CIT is based on the market price of the underlying investments in the CIT. The NAVs of the CIT are not publicly quoted prices in an active market but are published for current investors on the custodian's website.

All investments were liquidated as of December 17, 2025. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Assets at Fair Value as of December 31, 2024

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Registered investment companies	$ 2,981,513	$ -	$ -	$ 2,981,513
Collective investment trusts	8,196,738	-	-	8,196,738
	$ 11,178,251	$ -	$ -	$ 11,178,251

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held an investment in a group annuity contract (the "Contract") issued by Principal Life Insurance Company ("Principal Life") to Principal Trust Company, as custodian. The Contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represented contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. The following represents the traditional investment contract held by the Plan as of December 31:

	2025	2024
Principal Guaranteed Option	$ -	$ 10,496

Principal Life was obligated to repay the principal and interest rate at the specified interest rate that was guaranteed to the Plan. The crediting rate was reset on a semiannual basis on June 1 and December 1 of each year. The contract was backed by Principal Life's general account. The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract was dependent on the third-party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

No direct transfers to competing investment options were allowed. Indirect transfers were subject to an equity wash which requires that transfers from the Contract be first directed to a noncompeting investment option and reside there for at least 90 days before transferring to a competing option.

Although plan participants generally could withdraw assets from this investment without restrictions, Principal Life could require up to a 6-month advance notice for certain plan-level withdrawals. There were no adjustments to contract value as a result of the Plan's termination and liquidation of this investment (see Note A.1.).

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Investments were held by Principal, the trustee, and Principal Life, the record-keeper. All investments were liquidated by December 17, 2025. Transactions with these entities qualified as party-in-interest transactions. Notes receivable from participants and the related interest income were also considered party-in-interest transactions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE H - PROHIBITED TRANSACTION

During the year ended December 31, 2025, a prohibited transaction and operational error involving Plan assets occurred. On September 29, 2025, Principal inadvertently transferred $50,673 of forfeitures to the Employer. The transferred funds were mistakenly believed to be corporate assets and were subsequently used for general business purposes. As a result, the transaction constituted a prohibited transaction under ERISA and Section 4975 of the IRC because Plan assets were used for the benefit of the Employer. In July 2026, these funds were remitted back to the plan along with lost earnings in the amount of $3,032 to make the Plan whole.

NOTE I - PLAN TERMINATION

The Employer terminated the Plan effective August 5, 2025 (see Note A.1.). As a result, participants became fully vested in all Employer contributions. All investments were liquidated and benefits were paid to participants in accordance with the participant's direction. Participants had the option to receive their account balances as a rollover to the plan sponsored by Granite or to an individual retirement account (IRA), as a lump sum, or a combination of these options. Participants that did not make an election and their account balances were less than $1,000 were paid in lump sums, and participants with account balances greater than $1,000 and less than $7,000, were rolled over into an IRA for the benefit of the participant. Corrections to certain participants' accounts for the 2025 Employer safe harbor contribution were necessary and funded to the Plan in 2026. In addition, the correction of the prohibited transaction disclosed in Note H was funded in 2026. After payment of qualified plan expenses, any remaining assets of the Plan will be allocated to participant accounts and distributed in such a manner prescribed by the Plan provisions and the IRC.

NOTE J - TAX STATUS

The Employer adopted the Principal pre-approved non-standardized plan. The Internal Revenue Service ("IRS") issued a favorable opinion letter for this pre-approved non-standardized plan dated June 30, 2020, which stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies (see Note H). Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The financial statements as of December 31, 2024 were presented on a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America; therefore, plan management was not required to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would be un-sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 at December 31, 2025 and 2024:
