Independent Auditor's Report

To the Participants and Plan Administrator of the
Datacor, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Datacor, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(c) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Datacor, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Datacor, Inc. 401(k) Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Datacor, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Datacor, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Datacor, Inc. 401(k) Plan; and determining that the Datacor, Inc. 401(k) Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Datacor, Inc. 401(k) Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Datacor, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Datacor, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Datacor, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

Note 1 – Description of Plan

The following brief description of the Datacor, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General
The Plan is a defined contribution plan covering substantially all employees of Datacor Holdings, Inc. and Subsidiaries (the “Company” and “Plan Administrator”). The Plan became effective January 1, 1984 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

Eligibility
Substantially all employees who have reached 18 years of age, have completed 30 days of service, are not classified as independent contractors of the Company, are not considered interns who are scheduled to work less than 1,000 hours, and are not covered by a collective bargaining agreement are eligible to participate in the Plan. Eligible employees may enter the Plan on the date when the eligibility requirements are met as defined by the Plan.

Contributions
Participants may contribute up to 100% of their eligible compensation to the Plan, as defined by the Plan, subject to the annual limitation established by the IRC. The Plan contains an automatic deferral provision whereby eligible participants are automatically enrolled at 6% of their eligible compensation, unless a participant elects otherwise. The Plan also allows for an annual automatic deferral increase of 1% up to a maximum percentage of 12%. Participants may rollover amounts representing distributions from other qualified plans into the Plan.

The Company, at its discretion, may annually contribute a percentage of each participant's pre-tax annual base compensation. For 2025, the Company contributed approximately $1,925,000. Contributions are subject to a compensation ceiling and annual limitations prescribed by the IRC.

Participant Accounts
Each participant's account is credited with the participant's contribution, the Company's discretionary contribution and the allocation of Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions are subject to a graded vesting schedule and are fully vested after six years of service.

Forfeited Accounts
If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is used to reduce future Employer contributions to the Plan. Forfeited amounts that were used to reduce employer contributions to the Plan during 2025 totaled approximately $67,000. At December 31, 2025 and 2024, there were approximately $136,000 and $124,000, respectively, of forfeited nonvested account totals in the Plan. These accounts are used to reduce future employer contributions.

Payment of Benefits
On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Certain mandatory distribution provisions may apply for smaller account balances of terminated employees.

Notes Receivable from Participants
Participants are permitted to borrow up to 50% of their vested account balance with a minimum of $1,000 up to a maximum loan amount of $50,000. Only one note may be outstanding at any given time. The terms require principal and interest payments. Notes generally have a term of not more than five years. The interest rate on notes shall be determined by the Plan Administrator based on terms as described in the Plan document. At December 31, 2025 and 2024, the notes bore interest at rates ranging from 4.25% to 10.50%. Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Accounting Estimates
Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates and the difference could be material.

Investment Valuation and Income Recognition
The Plan’s investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices. The investments in common collective trust funds are stated at net asset value (NAV) based upon the fair market value of the underlying assets. The NAV, as provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the “Trustee”), is used as a practical expedient to estimate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in the fair value of investments.

Payment of Benefits
Benefit payments are recorded when paid.

Notes Receivable
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
Administrative expenses, including audit, trust and recordkeeping fees, can be charged to the Plan. Investment transaction and per-use fees, such as loan costs and withdrawal costs, are paid by the participant through their account in the Plan.

Fair Value of Financial Instruments
The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Company at the measurement date.

- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Securing a Strong Retirement Act
In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 become effective in 2024 and beyond. The provisions did not have a significant impact on the Plan during 2025.

Subsequent Events
The Plan has evaluated subsequent events for recording or disclosure in the financial statements through the date on which the financial statements were available to be issued.

Note 3 – Certification of Investment Information

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR Section 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company except for comparing the information with the related information included in the financial statements and supplemental schedule.

The Trustee certified all investments and the notes receivable from participants at December 31, 2025 and 2024. The Trustee certified the net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2025.

Note 4 – Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis as of:

	Fair Value Measurements at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 29,590,305	$ -	$ -	$ 29,590,305
Investment in common collective trusts measured at net asset value	-	-	-	40,447,778
Total assets at fair value	$ 29,590,305	$ -	$ -	$ 70,038,083

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,936,028	$ -	$ -	$ 21,936,028
Investment in common collective trusts measured at net asset value	-	-	-	27,772,351
Total assets at fair value	$ 21,936,028	$ -	$ -	$ 49,708,379

Note 5 – Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

Note 7 – Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their Employer contributions and the Plan assets will be distributed according to the provisions of the Plan documents.

Note 8 – Plan Mergers

During the year ended December 31, 2025, the Company purchased all of the membership interests of Baytek, LLC and all of the issued and outstanding shares of Informetric Systems, Inc. In connection with the acquisitions, the net assets of the respective retirement plans, totaling approximately $6,933,000, were merged into the Plan during 2025.

Note 9 – Related Party Transactions

Certain Plan investments are shares of common/collective trust funds managed by the Trustee; therefore, these are party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to approximately $180,000 for the year ended December 31, 2025.
